

To ensure the safety and well being of our members, staff and community all prospective volunteers must successfully complete the Club's screening procedure which includes an application process, interview, and background/reference check.

We appreciate your patience in the process and understanding that we only have the best intentions at heart.

To begin this process an application is included with this brochure.

OPPORTUNITY
GUIDE

55 School Street
Vergennes, VT 05491

Volunteers at Boys & Girls Club of Greater Vergennes can make a huge impact on the lives of the young people we serve! By interacting and building relationships with our members, they stand to benefit from your life experiences, talents, knowledge, friendships and encouragement!

Here are just a few of the ways that you can be a part of the Club and help create change in our community!

If you have other ideas for volunteering with the Club, please talk to us about them—it's pretty likely there's a way for you to help!

Mentoring

Commitment: 1-2 hours per day, one or more days each week (minimum) for at least 3 months.

Interact and build relationships with Club members as individuals and in small groups over time. You may start by shooting some pool, playing cards, or even playing video games. Over time the relationships you build will leave members looking forward to your next visit and will help them make good choices in their lives.

Hang Out for Fun

If you're not sure if you're able to commit to be a mentor, but want to help out, we can schedule you for "drop-in" time to play games and hang out with Club members. What you do and who you see may change every day but the fun will always be there!

Share your Skills

Do you have a special skill or interest that you would like to share? Art, fitness, music, cooking, education, and more! Let us know what you'd like to bring to the Club and we can work with you on making the most of your time and expertise! Activities run from 3:30-5:00 Monday - Friday

Tech Help

Are you good with computers? We need help with our website and set-up and maintenance of our Club technology

Meals Program

We serve dinner everyday and often do cooking projects with the kids. We can always use an extra hand in the cutting up fruits and veggies, serving meals or helping with the dishes.

More?

Help plan or staff events—program, outreach and fundraising! Help with administrative tasks—filing, mailings, data entry! There's always something to be done around the Club! We can also be very flexible in how we meet kids' needs. If you have an idea you think will help let us know and we can probably make something work!
