TESTIMONIALS

Being a student of Animation & VFX at INSD Amravati feels extremely great! There is no such institute in the city providing Animation & VFX in such an amazing way! The vibe is very soothing and the faculty is very experienced! The main difference that I felt at INSD is the comfort level you acquire when you interact with your colleagues or faculty. Very co-operative staff and friendly behavior. This is just the start for me, let's see what the future has for me at INSD!

I like the way they teaching, it is very easy to understand and also the friendly atmosphere. The course is also structured very well. It was at all boring but when someone starts had been before, I'm glad that I joined this institute, and got to know many things and what am enjoying.
