Experience You Can Trust

For nearly 8 years, Redeveo founder John Lilly has been creating custom visual solutions, working with some of the largest municipalities, real estate developers, and engineering firms across North America.

Now, with a foundation in visualization, John is leading his team in adopting the latest technologies, and ensuring your customers see the best version of your projects at all times.

Our Web3 Blockchain Solutions: RippleRoot

We are proud to announce the launch of RippleRoot, a rewards platform designed to promote better behaviour in the communities we serve. Together we are stronger and more capable of creating a more purposeful life, and our launch of RippleRoot is focused on the activation of community in leveraging technology to save significant amounts of money while strengthening our local communities. See how here:
