Palm Beach Florida

Newly discovered evidence in the Mar-Lago Documents Case has been discovered that should exonerate former President Trump from prosecution for retaining government documents after his first term expired.

Quoting the Letter Directly :

To whom it may concern: It has been determined by examination of The Surgeon General of the United States Of America – that the 45th president of the United States suffers from Terminal Constipation. Furthermore - it seems that only relief the president seems to gain is from reading the endless project blue files from the 1970's about UFO abductions and Alien Invasions. Therefore The Office of the Surgeon General prescribes to president trump the eternal right all the top secret files required to alleviate the presidents deadly and terminal case of Constipation.

Mr. Jesus Miguel Jose Americo Vespucci Alvarez -Delgado further informed www.fallacious.news that after Mr. Trump Finally relieved his constipation, Mr. Trump refused to flush his movement- claiming that it was with a sign from God or a message from the extraterrestrial visitors.

Terminal Constipation is Curable – only if those stricken with the condition are self-aware of their circumstances. If one is fully constipated – the symptoms are obvious- and the president has exuded many of the most apparent symptoms: Orange -Tannen-stained skin, Frequent Complaints about rivals and an over affinity for acronyms.

To Cure himself the president would be required to change his known diet of steak w/ catchup and sides of Mc Donalds with the hateful evil diets of known liberals – such as Salad, Bran and Oats.

The president has vowed to carry on with “ No more of this Schitz.” Or NOMS

Proof of the Presidents recent bowel movements curtesy of the prescribed reading by the Surgeon General. Trump is reported to have tolf Mr. Alvarez to preserve the specimin for posterity claiming : “ When Donald Trump Takes a Big Fat Dump He Does even that Better than You.... When Donald Trump Takes a Big Fat Dump It's the Perfect Number #2”

The 64mi long Capital Beltway is used as the Course and 25 completed laps – during Traditional Rush hour Traffic – are required to become elected.

This Year The Biden team is coming out strong with Chevy Backing Him in the his customized Corvette Nick Named The Delaware Dog # 46 Car - Is sponsored by Ensure, Centrum, Reverse Mortgage.com & Grey Gardens retirement internment camps.

The #47 Trump car is a Stretch limousine by Cadillac – nick named due to its squatted styling- The Pocket Rocket

The #46 car has the expected speed advantage – whereas the #47 sets the new world record for cooperate sponsorship to the available surface space on the much larger limo versus the corvette. Most of the #47 sponsors are Only fans providers, promoting their fan pages.
