Topsoil Disclaimer

Our topsoil is a 100% recycled product and may exhibit natural variations in composition and properties.

We do not guarantee specific plant growth, soil conditions, or other performance-related results. It is also not limited to the chance that foreign objects may pass through and be distributed throughout our product. This could include anything such as small pebbles, ceramics, or even glass. We take precautions to limit this from happening as much as possible, and screen our soil to 5mm-6mm, which is the smallest size when comparing to other distributors in the surrounding area.

The buyer is responsible for determining the suitability of this topsoil for their intended use. We make no warranties regarding the merchantability or fitness for a particular purpose of this recycled topsoil, and our liability for any damages or losses is limited to the purchase price.

We do not treat our soil with pesticides prior to sale to prevent weeds, it is 100% naturally recycled.

Thank you for your understanding and cooperation,

Affordable Landscape Supplies.
