DID YOU KNOW?

- Lubricating your locks before and after winter helps preserve your locks. This includes house, car and padlocks...Really, anything with a key.
- Duplicating keys from originals is highly recommended.
- Bolting down your safe is highly recommended.
- Electronic locks for your home prevent you from locking yourself out.
- It is smart to have three keys[with transponder] for your car. Ask us why.
- Have children? We recommend single cylinder locks for your home.
- A chain is only as strong as its weakest link. Where is yours? Ask how we can help.
