

2025 Annual Appeal

Dear Friends,

As the holiday season approaches, we are reminded of the true spirit of giving; compassion, community, and care for those in need. At Meals on Wheels in Hunterdon, we see every day how a warm meal can bring nourishment,

comfort, dignity, and hope to our neighbors who are most vulnerable, especially during this special time of year.

This season, we would like to remind you that your support makes a profound difference. **Our federal funding under the Title III Older Americans Act, represents only 38% of our annual budget.** Last year, thanks to caring individuals like you, we delivered 58,259 meals to 527 clients, providing not just nourishment, but also connection and companionship to seniors and disabled adults in our community of Hunterdon County. Yet, the need continues to grow, and many are still waiting for a caring hand to help them through difficult times.

As we reflect on our shared commitment and mission, we invite you to join us again this year. Your generous donation will help us:

- Continue to provide nutritious hot meals to those who might otherwise go without
- Expand our outreach programs to reach more homebound seniors
- Offer holiday cheer to those facing loneliness or isolation
- Prevent malnutrition

Please consider making a gift today. By supporting Meals on Wheels in Hunterdon, you play an important part in joining our mission of helping the seniors of Hunterdon County maintain their independence by enhancing their nutritional health.

You may donate by mailing a check or using our website. No matter the size of your donation, all contributions advance our work. We are grateful for your support, as it is vital to the success of our mission.

Wishing you warmth, joy, and peace today and always. With heartfelt gratitude,

A handwritten signature in cursive script that reads "Christina Goldberg".
