

## Election Truth Alliance Audit Advocacy Toolkit

Welcome to the Election Truth Alliance Audit Request Toolkit!

This guide contains a number of resources to empower constituents to reach out to their state, local, and federal elected officials to call for a hand audit of paper election results. This would be a non-routine review of paper voting records for the purpose of determining whether votes were counted correctly.

This **Audit Request Toolkit** contains the following resources:

- [Template Emails](#)
  - If you are a constituent of the state you are writing to:
    - [Version 1: Template Email to YOUR State and/or Local Officials](#)
    - **Version 2:** [Template Email to YOUR Federal Representatives/Senators](#)
  - If you are NOT a constituent of the state you are writing to:
    - **Version 3:** [Template Email to Swing State Officials/Representatives](#)
      - Contains 4 slightly different variations; pick one paragraph from a numbered list and delete the others.
- [Text Templates/Call Scripts](#)
  - [Version A: Higher Urgency](#) (opens with demand for audits)
  - [Version B: Moderate Urgency](#) (builds to a call for audits)
- [Draft Contact List of State Officials](#) (GoogleSheet)
  - Since responsibility for elections can vary by state, it can be challenging to determine who to contact to advocate for audits.
  - We have put together a draft list of state-level contacts. **Please note that:**
    - This list is draft and may contain errors; please double-check your state!
    - In some states, county-level election officials (such as a Chair of the Board of Elections) can also play an important role in elections. We recommend you research elections in your state to see who to contact!

**If you have feedback** on other resources that you believe would be useful to add to this toolkit, please send your suggestions to [help@electiontruthalliance.org](mailto:help@electiontruthalliance.org).

Constituent Version

**Subject:** Urgent Request for Forensic Audit of the 2024 General Election

Dear **[REPRESENTATIVE NAME]**,

My name is **[FIRST AND LAST NAME]** and I am a constituent in your **[GEOGRAPHIC AREA – state, district, county, etc.]**. My zip code is **[ZIP CODE]**.

I am writing to express my concern regarding the 2024 general election and to request a forensic audit. As a citizen, it is my constitutional right to cast my vote and have it be counted accurately. However, I fear this right may have been compromised. As a public servant committed to defending free and fair elections, I trust that you have my voting rights in the forefront of your mind.

The Election Truth Alliance, a non-partisan, grassroots organization dedicated to unbiased election analysis, has analyzed the 2024 general election results and identified anomalies in multiple states' results data. Their findings reveal indicators of vote manipulation, including the "Russian Tail," a statistical anomaly often observed in elections with suspected fraud. Their findings in Pennsylvania have also been corroborated by leading election forensics expert Dr. Walter R. Mebane Jr., after analyzing three counties using his own eforensics analysis model.

Given the serious nature of these findings, combined with concerning statements regarding advanced knowledge of "vote-counting computers" being advantageous in winning the state of Pennsylvania, I request that you conduct a full audit of the 2024 general election, including hand recount audits of paper ballot records.

Thank you in advance for your hard work and support on this issue.

Respectfully,

**[FIRST NAME AND LAST NAME]**

Constituent Version

**Subject:** Urgent Call for Forensic Audit of the 2024 General Election

Dear **[REPRESENTATIVE NAME]**

My name is **[FIRST AND LAST NAME]**, my zip code is **[ZIP CODE]** and I am a constituent in your **[GEOGRAPHIC AREA – state, district, county, etc]**. I am writing to express my concern regarding the 2024 general election and to call on you for a forensic audit.

As an American citizen, it is my constitutional right to have my vote counted and counted accurately. I have growing concern that myself and other Americans have been disenfranchised. As my elected representative, I trust you will prioritize election transparency and security.

The Election Truth Alliance, a nonpartisan, grassroots organization, has analyzed the 2024 general election results, identifying anomalies and statistical patterns that are consistent with vote manipulation in multiple states' results data. Statements regarding advanced knowledge of "vote-counting computers" in relation to winning the state of Pennsylvania raise further concerns. Their findings in Pennsylvania have also been corroborated by leading election forensics expert Dr. Walter R. Mebane Jr., after analyzing three counties using his own eforensics analysis model.

Given the gravity of these findings, I urge you to call for a full audit of the 2024 general election, including a hand recount audit of paper voting records.

Ensuring public confidence in our elections is not a partisan issue — it is fundamental to our democracy. I appreciate your time and respectfully ask for your support in addressing this urgent matter.

Sincerely,

**[FIRST NAME AND LAST NAME]**

Non-Constituent Version

**Subject:** Call for Hand Audit of 2024 Election Results

Dear **[ELECTED OFFICIAL NAME]**,

My name is **[FIRST AND LAST NAME]**, and I am reaching out to you from **[YOUR STATE]** to call on you to undertake a hand audit of paper voting records from the 2024 general election in **[SWING STATE]**.

I've recently been made aware of significant anomalies in the 2024 U.S. Presidential election results data. The Election Truth Alliance (ETA), a non-partisan, non-profit organization, has undertaken independent analysis of election result data and has raised significant concerns about these data anomalies, including that these patterns may be consistent with signs of vote manipulation. "Vote manipulation" can mean adding, deleting, or flipping votes. Their findings in Pennsylvania have also been corroborated by leading election forensics expert Dr. Walter R. Mebane Jr., after analyzing three counties using his own eforensics analysis model.

I have deep concerns that the constitutional rights of my fellow Americans in **[SWING STATE]** may have been disenfranchised. Given **[SWING STATE]**'s significance in determining the outcome of the 2024 Presidential election.

**[PICK ONE FROM THIS LIST AND DELETE THE OTHERS:]**

- **#1:** Since inauguration, the Executive Branch has not been governing in a way that appears concerned with future electoral consequences. If vote manipulation occurred in 2024, I fear that every primary, midterm, and Presidential election in future may be decided behind closed doors instead of by "we the people."
- **#2:** My concerns are elevated by remarks made by the then-President Elect at a Washington, D.C. rally on January 19, 2025 regarding Elon Musk's familiarity with "vote-counting computers" and how that knowledge may have impacted the 2024 election. Without a hand audit to confirm the reported results, I am deeply concerned that these type of remarks, combined with statistically unusual election results, could continue to undermine American confidence in the legitimacy of our elected leaders.
- **#3:** When election integrity concerns were raised after the 2020 election, recounts were held in at least three swing states (Arizona, Wisconsin, and Georgia) and over 60

lawsuits were filed to challenge results. In 2024, no recounts took place at the Presidential level.

- **#4:** We know from the findings of past bipartisan U.S. Senate Select Committees that America's electronic voting infrastructure is vulnerable to interference, and that foreign adversaries have previously attempted to manipulate our elections. Our country should be governed by individuals elected by Americans to be their leaders, not installed by our adversaries in an attempt to weaken our country.

Knowing this, I am writing to strongly urge you to **undertake a full hand audit of paper voting records** from the 2024 Election in **[SWING STATE]**. There is no better use of government time and resources than to ensure the will of the people is respected, and to ensure that your constituents – and all Americans – can have confidence in the integrity of our elections.

Thank you in advance for your hard work and support with this issue.

Sincerely,

**[FIRST NAME LAST NAME]**
