

MEMORIAL WEEK OF ACTION – DAY 4 SCRIPTS/TEMPLATES
Secretary of the Commonwealth Al Schmidt

There are two scripts/templates in this document. They are tailored to the following scenarios:

1. [If you are calling from out of state;](#)
2. [If you are calling from Pennsylvania.](#)

FOR CALLING FROM OUT OF STATE:

Hello Secretary Schmidt,

My name is **[FIRST AND LAST NAME]** and I'm calling from **[YOUR STATE]**. I am contacting you to urge you to please order hand count audits of the paper voting records in Philadelphia, Allegheny, and Erie counties.

A non-partisan, nonprofit organization called the Election Truth Alliance has conducted analysis in these counties, as well as in multiple states across the country, and has identified patterns consistent with vote manipulation in the 2024 U.S. general election. Their findings have also been substantiated by Dr. Walter R. Mebane Jr., a leading election forensics expert. I respectfully urge you to please meet with the Election Truth Alliance to allow them to explain their analysis and answer any questions.

Pennsylvania is a critical swing state, and what happens in Philadelphia's elections has a significant impact on the rest of the country. I have valid concerns that votes in Pennsylvania may not have been counted accurately and hope that you will work to reaffirm my confidence in our elections. I am aware that auditing 2% of statewide votes and the State Treasurer's race is not sufficient to detect the potential vote manipulation that the data indicates may have taken place. Please act on this today.

Thank you,

[NAME]

FOR CALLING FROM PENNSYLVANIA:

Hello, my name is [FIRST AND LAST NAME] and I am a constituent of your state of Pennsylvania, specifically [YOUR COUNTY]. My zip code is [ZIP CODE].

I am reaching out to request a hand count audit of the 2024 Presidential election in Pennsylvania after seeing analysis done by the Election Truth Alliance (a nonprofit grassroots organization dedicated to protecting election security) and Dr. Walter R. Mebane Jr. (a leading expert in election forensics and election fraud). Their findings reveal indicators of vote manipulation, including the "Russian Tail," a statistical anomaly often observed in elections with suspected fraud, aside from other anomalies.

Given the serious nature of these findings, combined with concerning statements regarding advanced knowledge of "vote-counting computers" being advantageous in winning the state of Pennsylvania, I request that you conduct a full audit of the 2024 general election, including hand recount audits of paper ballot records.

As I am sure that keeping our elections free and fair, and making sure the voices of all of your constituents are heard, I am confident that you will take my concerns seriously and that you intend to take immediate action to look into this matter further. I also venture you have your own questions you would like answered now that this information has been brought to your attention.

The Election Truth Alliance would also like to speak with you regarding their findings! You can reach out to them yourself at Board@electiontruthalliance.org!

Thank you for your time in this matter,
[YOUR NAME]
