

We are so incredibly glad that we booked Maya and Kristen to bring their magic to our wedding reception! We wanted two signature cocktails representing the differing tastes of the brides as well as plenty of options for our non-imbibing guests, and we were blown away with what they came up with! Between my "chocolate rose old fashioned," my wife's delightful grapefruit punch, and a delicious selection of specialty syrups to pair with tea, our guests are still raving about the beverages at our wedding. The drinks were delicious, the ingredients were fresh, and the garnishes were unique and beautiful. Additionally, Maya and Kristen were attentive, fun, professional, and easy to work with throughout the entire process. Their cheerful demeanor and amazing creations helped our reception feel like a truly special event. We cannot recommend them enough!
