## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will be supported by a nominated member of SLT (Janine Hartley)*
- *Teachers are advised of and signposted to all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations. Directed time, particularly through middle leader and departmental meetings, will be allocated to support the training, support and guidance process.*
- *Established best practice links with other local schools delivering similar specifications will be used to share best practice around assessment and moderation, where available.*

### **Support for Newly Qualified Teachers and teachers less familiar with assessment**

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *NQTs/teachers less familiar with assessment will be supported by established teams and their team leaders, overseen by the nominated member of SLT and also receive support as needed from their mentor and, where newly qualified, the college NQT mentor.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### **A. Use of evidence**

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial work produced in college, and also remotely where appropriate .*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure candidate's confirm authenticity of their work by signing a declaration prior to submission of TAGs*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### Head of Centre Internal Quality Assurance and Declaration

#### Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are supported to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be supported by an appropriate member of staff within the centre.*
  - *This will be the nominated member of SLT and /or experienced leads in related areas.*  
*Support will also be sourced from other schools offering the same specifications where this is possible.*
- *In respect of equality legislation, we will consider the TAG outcomes for students of different protected characteristics that are included in our internal standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### **Comparison of Teacher Assessed Grades to results for previous cohorts**

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place. As our school changed age range in 2016, this comparison will be limited to 2018 and 2019 academic years at the most. We are aware that this may be a limiting factor for past comparisons in some subject areas and for some specifications due both to this shortened potential comparative timeframe and also to the significant change in structures, staffing and resulting school improvement over this period of time (referenced in our 2019 Ofsted report) –in subject areas and specifications where historical comparison is therefore less applicable and useful, we will increase our use of internal and external support and moderation.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre’s overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence (ref first bulletpoint above). This commentary will be available for subsequent review during the QA process.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs in 2018. Where required, we will use the Ofqual guidance to convert legacy 2018 grades into the new 9 to 1 scale. (ref first bulletpoint in previous section)*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects/specifications that we no longer offer from the historical data.*
- *As our school changed age range in 2016, comparison will be limited to 2018 and 2019 academic years at the most. We are aware that this may be a limiting factor for past comparisons in some subject areas and for some specifications due both to this shortened potential comparative timeframe and also to the significant change in structures, staffing and resulting school improvement over this period of time (referenced in our 2019 Ofsted report) –in subject areas and specifications where historical comparison is therefore less applicable and useful, we will increase our use of internal and external support and moderation.*

### Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where significant and known challenges within personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of significant and known challenges within personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

- *how to minimise bias in questions and marking and in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed.*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include:*
  - *signing off grades on the Assessment Record Template, to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
  - *Pupils signing a declaration to confirm all work submitted for assessment is their own*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic.*
