

February 24, 2012

DEAR CLUB MEMBERS:

Mother Nature has not been very friendly with us this season. If anyone has gotten any riding in you are one of the lucky ones.

The February meeting held at Lakeview, had 32 members present.

Secretary and Treasurer Reports read.

PRESIDENT REPORT:

Lyle stated that The Lakeside bar on Lake Wisconsin has rented your radar gun from us again this year for their annual radar run. With what they are paying for rent, the gun has been ½ paid for.

ALLIANCE REPORT:

The W-9 forms must be turned in if the landowners still would like to receive the checks. No W9 no check.

Snowmobile day at the Capital was scheduled for February 15th.

If you still have time to turn into Eric for trail work, please get him the information needed.

TRAIL REPORT:

With the horrible snow conditions that exist, check your trails to make sure the signs are not falling down.

A request came from The Town of Sumner to place more signs in the Busseyville Park. Someone was riding through the park, not on the trail.

OLD BUSINESS:

The radar runs were cancelled for the original date in February and it was also voted on to cancel any plans for the remainder of the season. We will work on them for next year.

The club ride had also been cancelled with a tentative rescheduled date of February 25th, but obviously that is not going to happen also.

The By-laws have been retyped and the amendments are being added.

NEW BUSINESS:

A discussion took place on the opening and closing of the trails in Rock County. A motion was made and seconded to write a letter to the Rock County Alliance stating that the trails in our area will be open when they fall into the criteria of the temperature is below 34 degrees.

When should the groomer be out? Does someone need to call the Alliance to have the groomer come out? The groomer should be out when the conditions are favorable for grooming. (When the area groomer did go out, it broke down and had to go back to the barn.)

The groomer program needs to have more operators and more control of when it goes out.

ANNOUNCEMENTS:
