Mission Pool

TBD

Time

There will be time announcements with 2 hrs left, 1hr left, 30 min left, and 15 min left in the round. At the 15 min warning do NOT start a new battle round, finish up the current round and start talking out any rounds you have left. (no dice rolls allowed after the end of the round called). No playing through lunch.

A master clock will be maintained by the TO team. Players have the right to request the use of a chess clock and if one is requested, one must be used. The master clock will always override chess clocks.

Talking it out both players must agree, if neither player can agree one player must call a judge over and the current score is given.

Conceding A Game

The player who concedes a game will receive a score of 0 points with 0 battle tactics. Players must call over a TO to confirm a concession. The winning player will receive 50 points and 5 battle tactics.

Awards

The top three players, best painted, and best sportsman will be given prizes based on the number of players attending.

Any questions, concerns, complaints please contact the TO Dirk Braak at dirkbraak@yahoo.com
