

#### Franchise Agreement Language

Except to the extent 7-Eleven expressly assumes any of the following responsibilities in writing, Franchisees, in their Store Franchise Agreement agree to be responsible for all maintenance repairs, replacements, janitorial services and expenses relating to the Store and 7-Eleven equipment including:

- (1) maintaining the Store, 7-Eleven Equipment, other property in the store and landscaped areas in a clean, attractive, orderly, safe, sanitary condition and in good repair and operating condition, reasonable wear and tear expected.

  (2) replacing light bulbs, ballasts, vault doors glass and door closers on the store and 7-Eleven equipment
- (3) cleaning the Store interior, the parking lot and walk areas, including snow and ice removal.

When 7-Eleven considers it necessary, 7-Eleven agrees to:

- (1) repaint and repair the interior and exterior of the Store
- (2) replace 7-Eleven equipment, including cash registers and point of sale computers
- (3) replace plate glass in front windows and doors
- (4) repair floor covering, exterior walls, roof, foundation and parking lot (5) maintain the structural soundness of the Store; and
- (6) maintain the HVAC equipment

The "Maintenance Contract" column describes items that are generally covered under the standard preventative maintenance contracts described in Paragraph 21(b) of the Franchise Agreement relating to your required maintenance of the 7-Eleven Equipment.

The Maintenance Guidelines sets forth, generally, the various responsibilities of 7-Eleven, Inc. and the Franchisee with regard to maintenance, repair and replacement of equipment and general upkeep of the facility. These are strictly guidelines based upon the various Franchise Agreements. Responsibilities set forth in your Agreement may vary slightly depending on the year of your Franchise Agreement. Questions regarding a specific repair or maintenance item should be addressed through the Area Facilities Manager. Costs for repair or replacement of equipment caused by the abuse or neglect of a Franchisee or a Franchisee's employees may be charged to the Franchisee. Repair or replacement of equipment and damage to the store caused by fire and casualty loss or damage is covered by 7-Eleven, unless caused by the intentional acts of Franchisee or Franchisee's agents or employees.
