

CANNABIS PACKAGING SUMMIT

In partnership with

FEB 11-12, 2020 // ANAHEIM, CA
ANAHEIM CONVENTION CENTER

Introducing North America's First Summit on Cannabis Packaging

The Cannabis Packaging Summit will help to bridge the information gap in the cannabis market by connecting the production, sale and distribution of cannabis products (food, medical, recreational) and the existing packaging networks serving the food, pharma, and medical device markets.

Why Attend the Cannabis Packaging Summit?

The Cannabis Packaging Summit – the industry's only event dedicated to cannabis packaging – is joining forces with WestPack, to offer the connections and education needed to safely and effectively drive this rapidly expanding segment forward.

What you can expect as an attendee:

- You'll learn from legislative, regulatory, and other leading voices at high-profile keynotes, panel discussions, and deep-dive sessions.
- You'll get direct access to tabletop exhibits from seasoned suppliers, and quality/regulatory experts with decades of experience in dosage and delivery systems
- You'll establish beneficial partnerships over four hours of exclusive networking activities, coffee breaks, lunch, and a happy hour reception.

As a bonus, your pass also gives
FREE access to WestPack -
the West Coast's largest packaging event!

Hear Expert Advice From:
