THE STORY OF ESSENCIA TIAGO & ÉVA

“Are you lost?”

It was the somewhat unusual question our relationship started with in May 2015. It soon turned out that in spite of speaking different mother tongues, we share the same love language: we are both obsessed with delicious food. Along with our love, a dream began to take shape: a restaurant that would combine the tastes evoking our – Portuguese and Hungarian – childhood with modern top gastronomy in an informal yet elegant style. Now, after 5 years we are aware of the answer to that particular first question: fortunately enough, neither of us is lost, as we have definitely found our path together. To make sure that our guests are not lost either, we can show them the essence of life and food in our restaurant.
