MCDERMOTT'S TOP SCOOP

— A MONTHLY NEWSLETTER —

THE SCOOP ON THE UPDATED PORTAL

Lead Times on the Portal

Lead times are updated weekly on the portal based on material & location. Lead times are approximate and subject to change based on a number of factors including material, location, demand, unforeseen issues, staffing etc. Please set the expectations that lead times are approximate and could vary by days or weeks depending on the circumstances. *Note : Currently Solid Surface lead times are running longer than stone lead times. Solid surface lead times are listed separately.*

Cambria Custom Quote

Home Depot can now sell all Cambria Quartz colors. If McDermott fabricates your quartz, custom Cambria pricing can be found in the more tab of the Portal. The correct SKU to use is noted in this tab as well. There is a 30 SqFt minimum for Cambria, the minimum retail price is listed next to the retail SqFt price. Note: Add $3/SqFt for matte finish

Pro-Xtra on the Portal

There is now a Pro Desk tab on the portal. This tab has an online quote form that can be filled out and submitted with a pdf of the layout. There is also a QR code for the app and the most recent Pro-Xtra Flyer. Forms can still be filled out by hand and scanned in as well. *Note: a signed copy of the sales order AND approval drawing is required for all jobs (unless the customer signs of on the drawings after measure- this would be noted when the sales order is sent back to be signed.) Not signing both will result in delays to the material getting fabricated and installed.*

Tuesday Conversations

Wilsonart will be speaking on the July 12th virtual visits (this was rescheduled from Tuesday the 4th to Wednesday the 12th). Reminder: the meeting link and schedule are in the McDermott Livestream tab of the HD Portal.
