REMNANTS & PRO XTRA

Remnants

Granite and Quartz **remnants are available to all Home Depot stores through McDermott** (even if we aren't your quartz or granite fabricator). Remnants are great for vanities, islands, laundry rooms and other small tops.

- No SF minimum for remnants
- For tops 0-29SF.
- All quartz and granite colors are the same price
- Includes: Measure, Fabrication, and Install
- Sink cut outs added separately
- 4 edge details included

Pricing sheet and Live remnant inventory are located in the more tab of the HD portal under "Remnant Sales". The new remnant inventory is an accurate representation of what is available, all remnants are first come first served and a order must be placed to secure the remnant.

Remnants Cont.

In the remnant inventory you can search for colors, filter by material, or browse all remnants. When you find a color for your customer be sure to click the color swatch to make sure there is a remnant listed under "REMNANT INVENTORY" not "available inventory" (available inventory is full slabs). Once you click the color swatch you will be able to see the actual remnant(s) and the size(s) that are available.
