

# MCDERMOTT'S TOP SCOOP

Volume 1 Issue 11  
OCTOBER 2023

— A MONTHLY NEWSLETTER —

## COUNTERTOP LAYOUTS

### Pro Xtra Material Updates

Caesarstone Black Brick has been discontinued, effective immediately. Limited availability of Caesarstone Rock Salt. Caesarstone is trying to source material from other hubs until they receive their shipment of material (November/December). Until then expect delays with orders of this color.

### Pro Xtra Sales

Pro Desk sales are continuing to grow. Thank you and keep up the good work! Quotes can also be submitted on the portal or on the app (both can be found in the Pro desk tab of the portal). If there is anything you need to aid in pro desk sales; samples, boards, training etc. please reach out. See the second page of the newsletter for pictures from pro appreciation week.

### HOME DEPOT PORTAL INFORMATION:

[www.McDermottHDportal.com](http://www.McDermottHDportal.com)

This web address will take you right to the McDermott portal. The "Open Files" tab is where all of the files are located. This is password protected and confidential. Do not share with customers. The password is **VHDMTS02tops**.

If you are in need of additional training or information on how to access the McDermott or Home Depot Portals, please contact Ken Rosinski or Morgan Hinker to set up a training session.

### Lead Times

MTS lead times are improving, be sure to check the portal for updated lead times. If there is a timeline that the customer needs met, communicate that with us in the notes and we will try and accommodate. The sooner we know the more likely we will be able to help or let you know if it is something we can do.

### New Remnant Inventory

McDermott has a new live inventory. This inventory is more accurate as it communicates with our system. When material is allocated to a job the remnant is removed from the inventory. The remnant inventory can be found in the more tab of the HD Portal under "remnant sales". In the remnant inventory select the material image to view the actual slab image and see dimensions.

### WHO HAS THE SCOOP?
