A Special Limited Edition for Rolling Stones Fans

You've never REALLY heard the Stones... unless you have experienced the new Original Master Recording of their classic masterpiece, "Sticky Fingers." It's available now as a special Limited Edition (on both Lp and cassette) from Mobile Fidelity Sound Lab.

What's an Original Master Recording? It's the ultimate high fidelity spectacular, unlike any Lp or cassette you've ever heard. We returned to the ORIGINAL stereo master tape that the Stones first recorded in the studio. Our engineers then "remastered" that tape at half the normal speed. This permits you to hear that legendary recording session EXACTLY the way the Stones originally recorded and heard it... with every note and nuance dramatically intact.

Each Lp is then pressed overseas on Super Vinyl, the cleanest, clearest and longest-wearing vinyl available today. It is then custom packaged to prevent warpage, static and dust.

Each cassette is individually (not high-speed) duplicated and transferred onto state-of-the-art Chromium Dioxide tape. You've never heard a pre-recorded cassette sound this spectacular... on your tape deck, your auto's sound system or your portable cassette player.

Original Master Recordings are hand-crafted for quality... not quantity. Each Lp and cassette is truly a Limited Edition. Once these limited quantities are gone, we will never produce another one. Your Original Master Recording of "Sticky Fingers" will become an instant collector's item.

FREE LIMITED EDITION "STICKY FINGERS" POSTER-PRINT

Send for your copy of this Original Master Recording (Lp or cassette) before November 15, 1981, and receive a FREE Limited Edition 24"x24" full-color poster-print of this classic Lp cover.

Hurry! Quantities are limited. We'll also enclose a copy of our new color catalogue, listing all our other Original Master Recordings.

WARRANTY: Mobile Fidelity Sound Lab warrants its Original Master Recordings not to have manufacturing defects in material or workmanship for a period of one hundred twenty (120) days from the date of purchase. A replacement and/or refund of the Original Master Recording will be provided.
