

LADHA

Soluções de Maquinaria Pesada

Reconditioned Foam Filled Tyres

LADHA's GROUP

Ladha's Soluções de Maquinaria Pesada is a division of the Ali Ladha Group, a newly established enterprise having its head quarters in Porto, Portugal. We deal in heavy construction equipments like Telehandlers / Boom Loaders / Telescopic Forklifts, Boom Lifts, Scissor Lifts, Truck Mounted Boom Lifts, Excavators, Scaffoldings, Generator Sets, Mining Equipments and other machineries, spares & tools - for rentals and sales.

In doing so we have further added a new vertical to our business of Exporting Foam Fill Tyres.

We deal in all sizes of tyres for JLG boom lifts & a few models of Genie boomlifts.

LADHA's GROUP

The Process : Reconditioned Tyres & Assembly Reconditioned Steps

1. Inspection

The inspection process is performed by a trained technician to ensure the tyre/assembly is free of structural defects

2. Thread Depth Measurement

A tread depth measurement is performed to ensure it meets the criteria for reconditioning

3. Wheel Refinishing

The wheel/rim itself is inspected and is prepared for painting

LADHA's GROUP

The Process : Reconditioned Tyres & Assembly Reconditioned Steps

4. Paint Process

The tire is spray coated with a special solution to restore the cosmetic appearance of the rubber to a 'like new' finish. If applicable, the wheel is coated with a fresh layer of paint.

5. Completed Reconditioned Process

Final Product

LADHA's GROUP

Why Choose us :

Tires and assemblies are fully inspected, cleaned and painted to look like new

Wheels are painted to match OE (original equipment)

A true cost-effective solution when replacing tires and assemblies

All tires are authorized brand as factory equipped from JLG

No cuts or punctures that affect the structural integrity of the tires

We supply tyres in bulk quantity across the globe

Warranty Policy:

All products are guaranteed to be free from defects due to materials and workmanship. If a product is deemed defective upon our examination and analysis within a period of 1 year of the purchase of reconditioned tires/assemblies/wheels, the allowance will be determined by LADHA, to be applied towards the purchase of a new product, based on the remaining unused portion of the tread or warrantable lifetime of the defective product. The cost of transportation already paid will be borne by the owner of the LADHA product making the claim. Warranty will not apply if the LADHA has been installed incorrectly, altered, repaired or misused in any matter whatsoever, which, in our opinion, has affected the performance of the tire. LADHA cannot be held responsible for damages or claims caused by the tire whether such damages are direct or indirect, special, consequential or otherwise. Any liability is strictly limited to repair or reduction of an applicable purchase, according to the mentioned provision in our General Conditions of Sale. This warranty is for the exclusive benefit of the owner and is not transferrable or assignable.
