SERIES INFORMATION:

The **Nassau County Figure Skating Championships** has been approved by U.S. Figure Skating as an **Excel Series Qualifying Competition**. Skaters must register in EMS to participate in the Excel Series prior to competition in order to have their points recorded and seen in the standings. Each skater who registers with U.S. Figure Skating as a participant in the 2025 Series will receive an Excel Series Participant number upon successful payment and registration. This registration and number are required to enter the competition as a Series participant and accrue points. Excel Series events will be run as per Rule 3060 in the current U.S. Figure Skating Rulebook. Please refer to the Excel Series Handbook for specific Eligibility, Test Levels and Age Restrictions.

OUR COMMUNITY:

U.S. Figure Skating is dedicated to fostering a culture of belonging and community that is welcoming for all individuals. We are committed to championing diversity, equity and inclusion and understand its value in combating discrimination and challenging inequalities necessary to develop champions both on and off the ice. We are actively working toward developing equitable practices and policies that foster safety and empower all individuals to authentically pursue their unique path in all areas of our sport. We stand firmly on the belief that our members are the most important asset to our organization and that our differences are meaningful and strengthen our sport. We believe that skating is for everyone.

NON-DISCRIMINATION:

U.S. Figure Skating commits in policy, principle and practice to sustain a non-discriminatory approach on and off the ice for all members. We strive to provide equal opportunity for all despite their varied backgrounds, experiences and identities, and want all members to feel valued and respected at every level of organization. U.S. Figure Skating's SkateSafe® Program receives, investigates and addresses allegations of discrimination or harassment throughout its membership and the organization. Please refer to the [SkateSafe® Program Handbook](#) for further definition of harassment, discrimination and abuse.

II. ELIGIBILITY

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
 - o Skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
 - o If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program, (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to the information sheet [HERE](#) or email events@usfigureskating.org.

- Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.
