

## Space-Crafts Newsletter 1 - September 2026

Hi there,

Thanks for subscribing to the **Space-Crafts 2026** newsletter!

Every month, we'll send you a quick update on the status of the show - including new attendees, event announcements, and answers to some of the questions submitted through our website (just in case others are wondering the same thing!).

The site has just gone live, and there's already been a *huge* amount of activity. Many exhibitors and vendors have confirmed their attendance - check out the **Exhibitors** and **Selling** pages on the site for the latest updates.

In fact, interest has been so high that the venue floorspace has had to be doubled to make room for everyone!

The response so far has been incredible - with modelers from around the world telling us they hope to attend. We're thrilled to have such an enthusiastic and passionate community behind us. Tickets are already selling fast and with limited space, make sure you get yours at [www.ticketsource.co.uk/space-crafts](http://www.ticketsource.co.uk/space-crafts).

As a brand-new show, we'd love your help spreading the word. If you know any fellow sci-fi or fantasy fans, collectors, or model makers, please let them know about Space-Crafts 2026. Your support can help make this a regular event in the future.

Stay tuned for more updates - and thanks again

The Space-Crafts 2026 Team

## Featured Exhibitor: John Simmons

## Featured Vendor: Archive X Paints

**ARCHIVEX**

*Archive-X was established in 2017 and now supplies the film Industry and modellers all over the world. We're very proud that our paint is currently being used in over 20 countries and that our models reside in the Lucasfilm Archive as well as at the ILM UK offices.*
