Our Company's Passion

To provide high-quality, eco-friendly strategic and entrepreneurship driven services and products that help create regenerative ecosystems that respect and add-value to our communities.

Our Leadership, Driven by Entrepreneurial Thought!

Owner Frank Lopez has an extensive range of accomplished executive experiences with small businesses, and with Corporate Diversity & Inclusion and the creation of value-add Strategic Partnerships and Small Businesses. Committed as a small business owner to provide you with innovative products and trendsetting business strategies.

Differentiators, Ingenuity and Social Impact Perspective!

A small business committed to creating economic advancement trajectories, with quantifiable measures of success, across diverse segments of business and industry, and entrepreneurial communities; and contributing to a healthy ecosystem, social and economic equality, thriving habitats and a better quality of life for all.

Principal Lines of Business

Key line of business includes targeted sales of eco-friendly products as well as:

- Food service concession operations, catering, banquet services, and commercial restaurant kitchen development;
- Sales and distribution of compostable and biodegradable plates, cups, straws and other food packaging products to our target market channels;
 - A comprehensive line of eco-friendly products is available through our Taino Compostables e-Commerce Online Store.
- Strategic engagement with U.S. Commercial and U.S. Public sectors, adding value through introduction of compostable food-ware products in healthcare, cafeteria and other venues serving large numbers of consumers.
