The Adventures of Molly & Ollie: Moving Day

Sally Beale, Author

What people are saying....

“Moving for any kid can be a bit scary and anxiety producing. This book is perfect for my class, as so many military kids move frequently. What a great story and friend!”

*_nicholsanddimes, 3rd Grade Teacher *

“This book is perfect for my group of students this year. I live in a military town, and 65% of my babies are directly tied to the military. They are constantly moving around 📦 This book does an amazing job talking about change and adjusting to new circumstances.”

*Learningwithlexie, 2nd Grade Teacher *

“It’s all about change and adjusting to new circumstances! Boy can teachers relate to that! Raise your hand if you’ve had to adjust to a lot of change this year!!”

*all.about.the.abcs, 1st Grade Teacher *

“I just had a student move from my class yesterday and I cried like a baby when he came to drop off his stuff! I bought him a copy of this adorable book to take with him. Moving can be difficult and sad but also a FUN adventure! Happy Reading!”

*fairwinsteaching, 3rd Grade Teacher *

“Adorable illustrations paired with this great story are layed out in a gorgeous hardcover that every child will love. Great book!”
