YOUR GRIN BEFORE YOU BEGIN

## What is it?

An affordable way for the patient to see in 3D many options for restoring or replacing their current grin with a new smile again. TruGrin is treatment planning for a variety of restorable options from complex to simple. The age of diagnostic wax-ups is over! Your smile is your *logo*. Your personality is your business card. How you leave others feeling after an experience with you becomes your trademark.

## What is needed for a TruGrin?

- 1 Upper and lower impressions or scans
- 2 Pictures of full face
  - a. One with a big smile and straight on
  - b. One retracted and straight on
- 3 Treatment plan
