

كول كيت للتكييف Cool Kit Air Conditioning

PROFILE

Director's Message

In the short span of time, Cool Kit Air-Conditioning has accumulated a quite impressive list of clients from the corporate, commercial as well as some of the Governments Ministries sectors. From our humble beginning, we have shaped Cool Kit to be one of the Reliable Air-Conditioning Engineering Solutions providers for Building Services. With the strong faith and support from our list of repeat customers, we have managed to grow our business aggressively in the last short time. However, being good at what we do is simply not good enough, especially with the stiff competition we face today. Cool Kit Air Conditioning aims to continue expanding and diversifying our technical know-how, in order for our customers to enjoy the best in air-conditioning and cooling solutions. Through continuous improvement methods, investments in highly skilled staff and a good quality material, we aspire to remain at the fore front of the Air-Conditioning engineering industry.

Please do not hesitate to contact us for any enquiry you may have. We assure you that the service we provide will exceed your expectations.

Sincerely,
Jasim Mohammad Almalki
Director

Vision

To become one of the best competitors in the Electro Mechanical Contracting market in the Kingdom by providing competitive price, quality, punctuality and client satisfaction.

Mission

Our humble beginning from 2011 to until today our one and only mission is providing client satisfactory service with Reasonable price. Because of this Mission today we are travelling on the success path and got Private, Commercial and Government Maintenance contracts and projects.

Company Goal

To be the front of Electro Mechanical Contracting Companies in the Kingdom Market and to become more efficient in our business operation as a way to increase productivity.
