

COMPANY PROFILE

COOL KIT CENTRAL AIRCONDITIONING PLANT REPAIRE

CR 77173-1, P.o. Box 32898, Kingdom of Bahrain

Director's Message

In the short span of time, Cool Kit Air-Conditioning has accumulated a quite impressive list of clients from the corporate, commercial as well as some of the Governments Ministries sectors. From our humble beginning, we have shaped Cool Kit to be one of the Reliable Air-Conditioning Engineering Solutions providers for Building Services. With the strong faith and support from our list of repeat customers, we have managed to grow our business aggressively in the last short time. However, being good at what we do is simply not good enough, especially with the stiff competition we face today. Cool Kit Air Conditioning aims to continue expanding and diversifying our technical know-how, for our customers to enjoy the best air conditioning and cooling solutions. Through continuous improvement methods, investments in highly skilled staff and good quality material, we aspire to remain at the fore front of the Air-Conditioning engineering industry..

Please do not hesitate to contact us for any enquiry you may have. We assure you that the service we provide will exceed your expectations.

Sincerely,
Jasim Mohammad Almalki
Director

Vision

To become one of the best competitors in the Electromechanical Contracting market in the Kingdom by providing competitive prices, quality, punctuality and client satisfaction.

Mission

Our humble beginning from 2011 to until today our one and only mission is providing client satisfactory service with Reasonable price. Because of this Mission today we are travelling on the successful path and got Private, Commercial and Government Maintenance contracts and projects.

Company Goal

To be the front of Electromechanical Contracting Companies in the Kingdom Market and to become more efficient in our business operation as a way to increase productivity.

Our Business Profile

Cool Kit Air Conditioning undertake turnkey all Air-Conditioning and related works contracts for the following services:

01. HVAC Works

- Design, Installation and Maintenance work of all kinds; Package unit, Central Split unit, Split unit, Dx System, Chillers, Chilled Water System, AHU, FCU & District Cooling, Etc.
- Installation and maintaining all type of Refrigeration Systems.
- AC Ducting (GI, PI & SS) and Aluminum Cladding.
- Design, Installation & Maintenance of Kitchen Hood, Exhaust Duct & Exhaust Fan.
- Compressor Overhauling & Overhaul Maintenance.
- Duct Cleaning.
- Chemical Treatment for Chilled Water System.

02. Electrical Works

- All types of Electrical Works (Maintenance, Repairing & Installation)

03. Plumbing Works

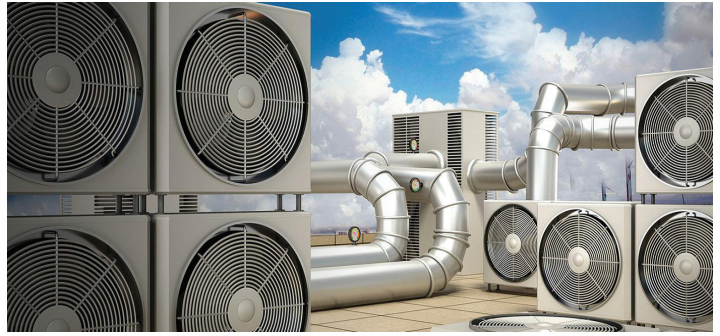

- All types of Piping Works (MS/Copper/SS/PPR/PVC Etc.)

Our Strengths

We in Cool Kit Air Conditioning strongly believe in close consultation with our clients, heeding to their needs and requirements. Through this practice, we have managed to strengthen our commitments

towards delivering customized solutions and efficient services for our clients. After all, providing the required precise solution, coupled with minimal “wastages”, will eventually yield the most practical and cost-effective solution for our customers.

Despite all of our enviable achievements today, we will not rest on our laurels. We shall continue to shape, grow and diversify the business, so as to emerge as the Leading Solutions Provider in the Air-Conditioning engineering field. We would also like to extend our appreciation to our valued clients, suppliers, business associates and employees for their continued strong support and faith in our way of business practice.

Environmental, Health & Safety Policy

Cool Kit Airconditioning is pledged to adopting and maintaining the highest standards in Occupational Health, Safety and Environmental Protection. This commitment is enshrined in the HSE policy, which is implemented through a management system. Cool Kit Airconditioning operates in five sectors, EPC project management, Maintenance of Electrical and Mechanical projects, Overhauling of Motors and Compressors, AC/Refrigeration system and Trading sector. All our activities will be delivered safely on time and complying with the relevant engineering standards.

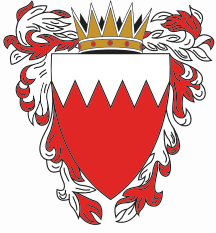

The Cool Kit Airconditioning Team is pledged to:

- Protecting the Health and Safety of all our interested parties at all times and in all locations, wherever we undertake work by eliminating hazards and minimizing the occupational Health and Safety Risks.
- Minimize any impact on the environment & considering the necessary balance between economic efficiency and energy requirements and environmental protection.
- Implement the Cool Kit Airconditioning Health & Safety Plan and adhere to all the environmental laws and requirements.
- Clear and visible commitment from the management which delivers effective measures to enhance HSE at work.
- Providing comprehensive safety rules produces work instructions relating to performance of Operational and Maintenance activities.
- Team Cool Kit Airconditioning safety officer / site officer has a responsibility in preventing injuries to self, colleagues and to the public.
- Clear involvement from the senior staff to support HSE and well-being at work, thus promoting HSE is an integral part of everyone's day-to-day working procedures.
- Constructive and open communication with immediate reaction to situations involving HSE issues.
- Monitoring continuous improvement based on risk analysis techniques and Implementation of lessons learned from incidents or near missed incidents.
- Collection of Health, Safety and Environmental Management information to deliver full awareness of safe and unsafe acts.
- Promote Health, Safety and Environmental practices through staff evaluations and incentive schemes.
- Establishment of good working relationships with national, regional and local authorities.

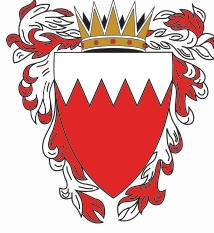

Cool Kit Airconditioning will periodically review and update its HSE Policy and endeavor to implement sustainable development.
