To Whom It May Concern,

Please find attached formal correspondence dated 30 July 2025, submitted to the Procurement divisions of the NSW Government, Port Authority of NSW, Transport for NSW, and Local Government Procurement Pty Ltd.

We include a formal request for access to historical and current procurement records relating to Mr. Paul Leonard Whitmarsh and a number of associated entities, as well as a request for the immediate suspension of any current or future awarding of public funds, contracts, or tenders involving those parties.

In support of our submission we include documentation comprising legal judgments, prosecution outcomes, ASIC filings, and liquidation reports that establish a pattern of serious

legal breaches, fatal workplace negligence, and post-incident corporate concealment through interconnected entities.

We respectfully request an acknowledgement of receipt and, where possible, an indication of the anticipated timeline for your preliminary review by **August 13, 2025**.

Note: All official responses, submissions, and correspondence are to be sent to team@MaxAccountability.org for prompt and proper handling.

Kind Regards,
MaxAccountability.org

Subject: Formal Request for Disclosure of All Contracts or Tender Submissions Involving Paul Leonard Whitmarsh and/or Associated Entities Since 2015

To Whom It May Concern

On 27 January 2021, Mr. Max Haywood, a 59-year-old husband, father, and highly experienced maritime worker, was tragically killed in a preventable workplace incident while working for AWB Contractors Pty Ltd on a government-awarded salvage contract in Sydney Harbour. A crane lift of a sunken yacht was conducted without engineering oversight, necessary certifications, or appropriate safety protocols, and was in-part performed by untrained and unlicensed personnel.

Subsequent investigations revealed that Mr. Haywood's death was not merely a tragic accident – it was the inevitable and fatal consequence of deliberate disregard for safety, systemic non-compliance with legal obligations, and a complete failure of duty by the person in control. Mr. Haywood was fatally injured during the execution of public works funded by the people of New South Wales.

Please note: A copy of this letter will be made publicly available on MaxAccountability.org, along with any official response(s) received from the primary addressee or a copied party. In the interest of transparency, if no response, preliminary or otherwise, is received within fourteen (14) days from the date of this correspondence, that fact will also be noted and published on the same platform.

MaxAccountability.org

The NSW District Court has since found both the company and its sole director, Mr. Paul Leonard Whitmarsh, criminally liable for systemic breaches of WHS law. The company was fined \$765,000, and Mr. Whitmarsh personally fined \$300,000. The company has entered liquidation, owing over \$4.7 million to creditors, including unpaid taxes and employee entitlements. Despite this, Mr. Whitmarsh continues to operate materially the same business under new entities and trading names – a pattern strongly resembling phoenix activity, asset concealment, and regulatory evasion.

We therefore formally request the disclosure of any contracts awarded to, or tender submissions received from, any of the following entities or trading names, covering the period 1 January 2015 to today:

Associated Entities of Paul Leonard WHITMARSH

- AWB Contractors Pty Ltd (ACN 102 299 409)
- Ability Barge Services (ACN 101 989 075)
- Australian Wharf & Bridge Pty Limited (ACN 002 038 048)
- AWB Waterfront Constructions Pty Ltd (ACN 097 667 206)
- Ficafa Pty Ltd (ACN 003 355 682)
- PLW Investments Pty Limited (ACN 086 048 923)
- The Trustee for PLW Investments Trust (ABN 36 112 130 786)
- Business Names registered under ABN 36 112 130 786:
 - AWB CONTRACTORS
 - AWB GROUP

Purpose of Request

This request is made in the public interest, pursuant to transparency and accountability for how taxpayer funds have been spent, contracted, or allocated to these parties. It is particularly urgent given the criminal convictions, active liquidations, insolvent trading findings, and potential misuse of government contracting pathways.

We request the following:

1. A list of all contracts awarded, including scope, value, and duration.
2. A list of all tender submissions received, successful or not.
3. Copies of any expressions of interest (EOI) or procurement correspondence referencing the above.
4. Identification of any probity issues, contract cancellations, or supplier suspensions associated with these entities.

Immediate Suspension of Public Funding and Contracts

In light of the serious and substantiated findings against Mr. Paul Whitmarsh, including his criminal conviction for breaches of workplace safety law resulting in the death of a worker, as well as the liquidation of multiple entities under his directorship with over \$4.7 million in unpaid debts, we submit it is necessary and in the public interest to enforce the following measures without delay:

1. That no further public funds be awarded, contracted, allocated, or otherwise disbursed to:
 - a. AWB Contractors Pty Ltd (ACN 102 299 409), or
 - b. Ability Barge Services (ACN 101 989 075), or
 - c. Australian Wharf & Bridge Pty Limited (ACN 002 038 048), or
 - d. AWB Waterfront Constructions Pty Ltd (ACN 097 667 206), or
 - e. Ficafa Pty Ltd (ACN 003 355 682), or
 - f. PLW Investments Pty Limited (ACN 086 048 923), or
 - g. The Trustee for PLW Investments Trust (ABN 36 112 130 786), or
 - h. any trading name registered to the listed entities at (a) through (g) including AWB CONTRACTORS and/or AWB GROUP.
2. That no public funds be awarded, contracted, allocated, or otherwise disbursed to any future entity in which Mr. Paul Whitmarsh is a director, controlling mind, or material beneficiary, whether directly or through trust, nominee, or related-party structures.

We strongly urge that all NSW Government agencies, state-owned corporations, and local councils take immediate steps to blacklist, suspend, or debar the above entities and individuals from further public procurement.

This is not only a matter of due diligence – it is a matter of public trust and proper use of taxpayer funds.

This request applies to all NSW Government agencies, authorities, councils, ports, and statutory bodies, including subcontracted or panel arrangements where public funds have been or could be used. If your agency is not the appropriate recipient, or if additional agencies or individuals are necessary to be included to fully action this request, we kindly ask that you either forward it accordingly or advise us of the correct contacts to whom it should also be directed.

If this request cannot be actioned informally, please treat it as an application under s8 of the GIPA Act or advise of the process and fee for a formal application. While we hope this request can be fulfilled without the need for a formal GIPA application, we are prepared to submit one if required.

A copy of this correspondence is provided to the family of Mr. Max Haywood as is outlined in the relevant section.

MaxAccountability.org

I and the MaxAccountability.org team are available to assist further should additional documentation, evidence, or clarification be required.

Please note our disclosure policy on the first page regarding transparency and public reporting of correspondence with government agencies. This letter falls within that scope. Fourteen (14) days from the date of this letter is **13 August 2025**. We trust that it is possible to provide at minimum an initial acknowledgement of receipt and an indicative timeline for review or update within this period.

Kindly direct replies to team@MaxAccountability.org.

Yours sincerely,

Mr. Ian Francis
