

Please find your OCN London certificate attached detailing your achievement on the Level 4 'Post-natal Maternity Nurse Care' course provided by Babyem Ltd and accredited by us at OCN London.

We can confirm that the course covered the following topics:

- The role and responsibilities of a Maternity Nurse
- Health and care of newborns
- Bathing and changing newborns
- Baby illnesses, including colic and reflux
- Sudden infant death syndrome
- Sleep theory
- Implementing sleeping and feeding routines
- Infant soothing techniques
- Breastfeeding, including positioning and attachment
- Expressing and breastfeeding problems
- Bottle feeding and formula feeding
- Premature, sick and low birth weight babies
- Care of postnatal mothers
- Postnatal mood disorders
- Becoming self-employed and finding employment as a Maternity Nurse

If there are any questions relating to this certificate, please do not hesitate to contact us.

Yours faithfully

Simon Endacott (Business Support Manager)
