

Rhe took care of my 4 month baby girl only for 2 days, but in that time she definitely made a great connection with my baby.

She was very attentive, always spending the extra mile to make sure my baby was doing good and was feeling well.

They spend time playing, walking outside in the park and cuddling when baby was fussy.

She had amazing overall view of her sleeping patterns and wake windows.

Rhe always made sure she communicated every detail to me at the end of the day, and was trying to give advice regarding sleep schedule, feeding, or any other area I had questions about.

Very professional and always on time for our bookings, I would recommend Rhe to every parent!
