## Medical Device Classification Canada, Japan, Australia, USA.

**Chi Machine, Far Infrared Dome,  
E-Power Machine, Electro Reflex Energizer.**

**HTE PRODUCTS:** Regulations to obtain a medical device license are very strict and classification takes time, also requiring proof of safety and effectiveness, all of which have been achieved by the manufacturer **HTE** in three very health conscious countries, Japan, [Australia](#) and [Canada](#), who Bloomberg ranked amongst the healthiest countries in the world 2016.

The Sun Ancon Chi Machine is licensed and classified as a medical device in the following four countries.

1) Japan 1993: O2B 1539 and O2B 0694

2) Australia 2001: L 81810

3) Canada - 28813 and #66598 issued 11/26/04

**F D A classification Class 1, regulated medical device - 890.5660**

The Canadian head office for HTE was issued medical device licenses by the Therapeutic Products Directorate, Medical Devices Bureau under Health Canada. Their Mission: To ensure that drugs, medical devices and other therapeutic products available in Canada are safe, effective and of high quality.

**FYI:** eBay and Amazon.com: HTE does not sell on either mentioned website. If a Chi Machine is not identical to this photo above, it is an imitation. Note the green and gold logo on both the machine and timer.

Purpose / Intended use:

The Chi Machine is a Therapeutic Massager. Benefits of using the Chi Machine include temporarily relief of muscular aches, pains and tension caused by fatigue or overexertion, and temporarily promotes local blood circulation. The Chi Machine relaxes muscles locally and provides a full body gentle massage.

The Chi Machine operates with the user lying on their back and placing their ankles on the footrest on top of the machine. The timer switch is dialed to the user's preferred amount of time (2-6 minutes for first time users - 15-20 minutes maximum with consistent daily use). The footrest moves back and forth, carrying the user's feet from side to side. This movement carries up through the legs, torso and up throughout the entire body, causing the user to sway back and forth, like a fish swimming.

More vital than a simple breath.

**Medical Device License for Far Infrared Dome - #66569 issued 11/25/04**

Purpose / Intended use:

The Far Infrared Dome is a portable FIR (Far Infrared Ray) topical warming unit, that has an arched 160-degree design that increases warming coverage to benefit the body. Height extensions are included and so is an armrest.

The FIR Dome produces a warm and comfortable feeling and is a perfect adjunctive therapy to massage and other modalities. It gently elevates the body's surface temperature and helps to expand capillaries and promotes blood circulation.

**The Grande FIR Dome**, a larger version to accommodate larger bodies, is designed to provide an extra 45% of space for more FIR treatment. It is 2 inches higher and 5.4 inches wider than the regular dome.

Regular Dome: L26.3" x W14.5" x H13.8"

Grande Dome: L31.7" x W14.5" x H15.8"

[Far Infrared Heat Therapy](#)

All living things generate Far Infrared heat, needed to survive and thrive.

**Medical Device License for Electro Reflex Energizer - #66568 issued 11/25/04**

Purpose / Intended use:

Electro Reflex Energizer (ERE) is a foot massager with 4 settings: Stimulation, Pounding, Relaxing, Massaging and combination. Remote controlled. The user sits in a chair and places their feet on the device pads. Six electro pads can be plugged into the device and placed on the shoulders or waist area for stimulation.

The Electro Reflex Energizer helps to relax and revitalize the body and keeps feet warm and soothed by gentle heating stimulation. The massager soothes and refreshes aching feet with the penetrating massage action. The Electro Reflex Energizer relieves aches and pains, eases tension, relieves fatigue, and promotes local blood circulation. The x6 electro pads (acting like TENS units), provide the same soothing massage action.

Powerful reflexology and massage.

**Medical Device License for E-Power Machine - #83555**

Purpose / Intended use:

The E-Power massager improves blood circulation and warms the skin.

Helps to relieve muscular pain, cramps, spasms and tension.

E-Power may help to relieve symptoms of arthritis, insomnia and arthrodynia.

More Info:

[The E-Power Machine](#)

Electro Therapy pain relief device, also for health, energy and beauty. The E-Power machine stimulates and promotes re-connection and communication of the circuitry of the body, promoting pH balance, boosts negative ions and ATP energy.
