

BOOST WORKPLACE SAFETY WITH CONVERSATION CARDS

ENGAGE. ENHANCE. TRANSFORM

At Upside Safety, we believe the true workplace safety goes beyond compliance and checklists. People are a solution to achieving safe, productive outcomes. Leaders have an essential role in this through engagement, coaching and interactions. It's the small and frequent things that count.

WHAT ARE CONVERSATION CARDS

Conversation cards are small, portable pocket-sized tools designed to stimulate meaningful discussions and learning. about safety and wellbeing. These simple yet powerful tools can transform safety conversations, foster teamwork, and reinforce safe practices across your organization.

SAFETY, HEALTH, AND WELLBEING CONVERSATION CARDS

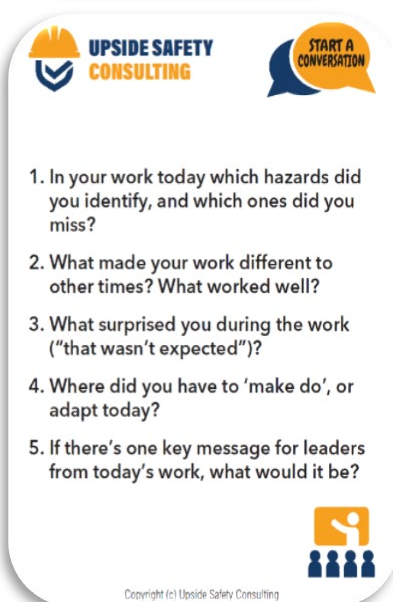

Upside Safety's safety, health and wellbeing deck of conversation cards consist of **31 unique cards** covering:

Common safety and health hazards. Such as Slips, trips and falls, energy sources, and noise.

Safety practices. Such as incident investigation and organizational learning.

Health and wellbeing. Such as goal setting, healthy habits, and mental health.

Leadership practices. Such as supporting, safe working behaviours, engagement and innovation.
