16	40	28	30	3	37	32
18	42	30	30	3	37	32
20	54	34	30	3	37	32

Improve your efficiency...

...give your production a LIFT with Dandux

The Dandux Outlift Truck gives you all the features of the quality Dandux Frame Truck with the additional ergonomics of a Dandux Glosstex Platform Lift. Assembled with the lift outside the trucks replaceable liner this unit literally lowers the bottom of the truck as contents are added and raises the bottom of the truck as contents are removed, eliminating the need for operators to bend over and lean into the truck. Also because the lift is outside the truck, there's no place for small parts or fine fabric to fall under the lift.
