

# ReadyVote® CurbExpress™

**41V2020 CurbExpress™** is the functional answer to curbside voting that allows individuals who require voting assistance to use the ES&S ExpressVote to cast their vote from the privacy of their vehicle with a near identical experience as a normal voter. The CurbExpress™ allows for easy movement by a single poll worker from inside to an outside vehicle without lifting or carrying heavy election equipment. Quickly positioned at the vehicles driver, passenger or rear window, the CurbExpress™ eliminated the need for a voter to leave their vehicle.

Large rear wheels make transporting on uneven surfaces like curbs, steps, gravel, or grass possible with minimal effort by a single poll worker. Cantilever design and soft front bumper guard minimize potential vehicle damage.

The CurbExpress™ provides permanent ExpressVote installation while still allowing access for maintenance, onsite repairs and setting the election. The CurbExpress™ can be set for screen heights from 40" to 51". Unique to the CurbExpress™ design is it's nesting feature with allows additional carts to be nested and stored in only 14 ".

41V2020 CurbExpress™
Base Cart ( w/ angled express vote bracket )
Retractable Cover frame ( cover not included )
Privacy Cover/ nylon ( frame required )
Sun & Wind Cover/vinyl light & water resist (frame reqd)

**17V2020-EV-A-CS Nylon Privacy Cover / 17V2020-EV-A-CST Vinyl Sun Cover / 41V2020-EV-A-CF Retractable Cover**

The CurbExpress™ Nylon Privacy cover helps provide the voter with privacy, blocking the screen from casual observers. Made of patriotic red, white and blue lightweight nylon the cover is the perfect addition to the CurbExpress precinct setup. The retractable frame is required for cover install and use. When needed the cover retracts for easy, fuller access to the ExpressVote

The CurbExpress™ Vinyl Sun cover is fuller cut to help provide the voter with privacy as well as improved sun, rain and wind protection. Made of patriotic red, white and blue water and light restricting vinyl the cover is the perfect addition to the CurbExpress. The retractable frame is required for cover install and use. When needed the cover retracts for easy access to the Express vote. Cover includes a upper platform strap with an optional long lower strap is available for high wind situations.

**17V2020-EV-A-CC Combo ( Store / Transport / Rain ) Protection Cover**

The CurbExpress™ Combo Cover is the perfect all around protection cove; made from weather proof gray vinyl. Provides 360° weather and dust protection for the ExpressVote for transport and storage. Clear front identification pocket easily identifies the proper precinct. The Combo Cover can be installed over the Privacy or Sun cover and either left in place or removed at the precinct. When left in place or used during a rain event the Front flap can be flopped back allowing full unrestricted front access. Retractable frame is required for cover install and use.

**41V2020-EV-A-CC Upper folding Shelf / Lower fixed Shelf**

The CurbExpress™ optional back shelves are a great addition to add additional storage and functionality to the CurbExpress™. A upper folding shelf as well as a lower fixed shelf is available. The upper shelf is perfect for supporting pollbook or other misc support items. The lower shelf can hold printers and transformers. Shelves can be factory installed or easily added in the field. Compatible with both the Original 2020 and 2024 “lift assist models”. Shelves are designed to maintain nestability. Lower shelf available in a 6” or 8” drop.
