

# DANDUX HEAVY DUTY POLY TAPER TRUCK PRODUCT SHEET

## OVERVIEW

Dandux Heavy Duty Poly Taper Trucks (51-1100 Series) serve a variety of uses too numerous to count. The bodies are rotationally molded from high quality polyethylene resin and built for everyday use in every industry. Whether collecting recycling material, storing goods, moving parts and inventory or food production a Dandux Poly Taper Truck is on the job day after day and year after year.
