OCTOBER 2020 UPDATE

YARNING CIRCLE

MOOROOBOL
YARNING CIRCLE

12 members of the Mooroobool Yarning Circle recently participated in it's first of four "Chair Movement" activity session with Rose from 'Dancing Rose'. The ladies expressed their willingness to participate in an activity to help improve their health and well-being. This initiative has been enabled through the Our SPAYC Program. The ladies thoroughly enjoyed the session, and this allowed them a safe space to come together to talk about the importance of health and keeping active. Sessions have evolved now to include cultural singing with guitar!! A fun way to connect the community and share a yarn or two.

NAYTIVE HIP HOP

One of our inspiring providers, Naomi Wenitong - NAYTIVE Hip Hop, has recently been featured in the Reconciliation Yarns. Naomi has been involved in SPAYC+PLACE since December 2019 and currently delivers weekly Hip Hop music and dance sessions at Shang Park, Mooroobool as part of the SPAYC project with 30+ young people participating each week. She also provides weekly mentoring support for a group SPAYC+ participants who have a passion for music. These young people are currently recording their own music and applying for funding under Naomi's guidance and support.
