SEASONS OF DANCE

'Seasons of Dance' commenced March 2021 (the program will run for 6 months) with an initial focused engagement on the Nepalese and Bhutanese families recently resettled in the 3M's. Maraway Hub has kindly provided their venue and 'The Dancing Rose', a movement therapist assists connectedness of community by embracing her own cultural diversity in sharing stories of migration as they start to feel more at home here in Australia. Some participants have language barriers that play a role in their on-going vulnerability in the community. This program provides a forum for women to come together and support one another through sharing of their cultures.
