## COMMUNITY OUTREACH

To make sure that everyone was receiving crucial health messages and could access supports when needed, Cairns Safer Streets supported a Queensland Police Service Outreach Team to do daily wellbeing checks on high-risk community members and make sure information was easy to access and in language. The Outreach Team also assisted with food parcel deliveries and school supplies to families who needed a little extra support.

The team have done an incredible job and the Cairns West community says thank you.

## COVID-19 RESPONSE

Cairns Safer Streets responded to requests from community members, worried that the most vulnerable members in our neighbourhood may not be getting critical health messages about COVID-19. We quickly designed and printed easy-to-read flyers that had key COVID-19 information, as well as signs that residents could put up on their doors or windows indicating a need for assistance or not. The feedback from people receiving these resources was fantastic, with many requesting signs and flyers for friends and family.

## SPAYC TERM 2 ONLINE

Even though face-to-face activities can't continue during COVID-19, the team at Cairns Safer Streets and the amazing SPAYC+PLACE service providers put together an online Term 2 program for anyone to participate in.

There are activities scheduled every day, from OzTag, Basketball Challenges, chatting with AFL stars and families getting fit and strong together, participants can easily access live events on Facebook and join in the fun.
