JANUARY 2020 UPDATE

CAIRNS WEST BIG BREAKFAST

Cairns Safer Streets Project Team members attended the Cairns West State School Term One Big Breakfast to see all our kids and promote our activities.

We provided information about our SPAYC+PLACE Program and opportunities for families and children to get themselves involved across the whole program.

ANIMAL MANAGEMENT

In August 2019, 86 households agreed to participate in a trial informing best practice in animal management in low socio-economic areas, with focus specifically on canine management during the trial period. In February, CSS and Council will visit all trial participants again to determine their adherence to the protocols and manage any changes in household animal composition.

SPAYC+PLACE INDUCTION SESSION

The January SPAYC+PLACE Service Providers Induction was a great opportunity to catch up with our existing facilitators and also to meet our new SPAYC Service Providers.

This session was also a wonderful opportunity for everyone to meet to our newest Partners who have recently come on board with the program. The session was attended by 16 Partners and 13 new Service Providers and facilitators.

SPAYC+ ACTIVITIES

Attendance at SPAYC+ Activities is increasing each week. Four activities are held over three nights a week, as close to identified 'risk' times as possible, for specific cohorts of young people who are having trouble connecting to their community.

Participants are showing great engagement each week, and improved relationships in the community as well.

COMMUNITY BBQ

Cairns Safer Streets were welcomed by the Australian Red Cross at a Community BBQ held in Shang Park, Mooroolool to meet with the new staff of Red Cross working from the Hub, and to celebrate the start of 2020.

This was a great opportunity to showcase our great relationship with the Red Cross and to support them meeting partners and making new connections in community.
