COVID-19 UPDATE 1

Like all government agencies and NGO's, Cairns Safer Streets are navigating our way through an unprecedented health situation for the Coronavirus disease known as COVID-19.

The SPACE+PLACE program is in the process of reviewing our forward activity schedule and will postpone or cancel any activity that presents risk to our participants.

Any service provider or sporting club that wishes to cancel or not participate in an activity will be supported by Cairns Safer Streets. If you are cancelling, please let us know in writing on the below contacts as soon as possible.

Cairns Safer Streets will be guided by updates and information provided by Queensland Health. You will be notified of any changes in further updates.

Social Distancing and Crowds: Currently restrictions have been applied to non-essential outdoor gatherings of 500 or more people and indoor gatherings of 100 people must be cancelled from Wednesday the 18th of March 2020.

These directions are all about supporting a national effort to contain and slow the spread of COVID-19. All members of the community play a vital role in this effort and I ask for your continued support in this containment effort.

Participants in our programs must not attend any structured activities indoors or outdoors if they are unwell.

In response to COVID-19, we ask all members of the community to pay extra attention to health and hygiene measures employed at home. Particular attention should be drawn to use of soap and, if soap is not available, hand sanitiser.
