

Scott Roberts has been in music ministry for the majority of his life. He has traveled with several different groups and bands, even playing for a Branson Show, winning Keyboard Player of the Year for 2021.

**“He uses music, laughter, and testimony to encourage struggling believers and tell those who may not know Jesus about Him.”**

Scott was born with a brittle bone disease called Osteo Genesis Imperfecta.

The disease causes the bones to break easily. Throughout his childhood, he had hundreds of broken bones.

Though statistics say that this should worsen with age, since the age of 12 years old, when Scott received Jesus as his Savior, he hasn't had another broken bone.

He began learning to play piano by ear at six years old. Music became a friend to Scott and has allowed him to travel across the country, ministering to people from every walk of life.

It's Scott's desire to continue in the ministry that he believes God has called him to and tell everyone he can about the love of Jesus Christ.

Lori Anne Roberts is a speaker and encourager. She draws from her life situations and experiences to minister to people who may be experiencing a time of brokenness.

Though Lori Anne has faced many different forms of abuse through her life, she has found God's Word to be true that “All Things Work Together For Good To Them That Love God, To Them Who Are Called According To His Purpose.” Rom. 8:28

**“Along with the many jobs that she does for ‘Even You Ministries’, one of her greatest joys is speaking at Women's Conferences.”**

Lori's Conference “Broken Enough” will be held in several cities this year and minister to girls and women who feel “not enough”. She strives to relay the message that “you are enough, God loves you so much He thought you were worth dying for.”

Two books will be released in the coming months that Lori is writing, a biography and a devotional.
