Cabinet Construction Premier Series

DRAWER HARDWARE

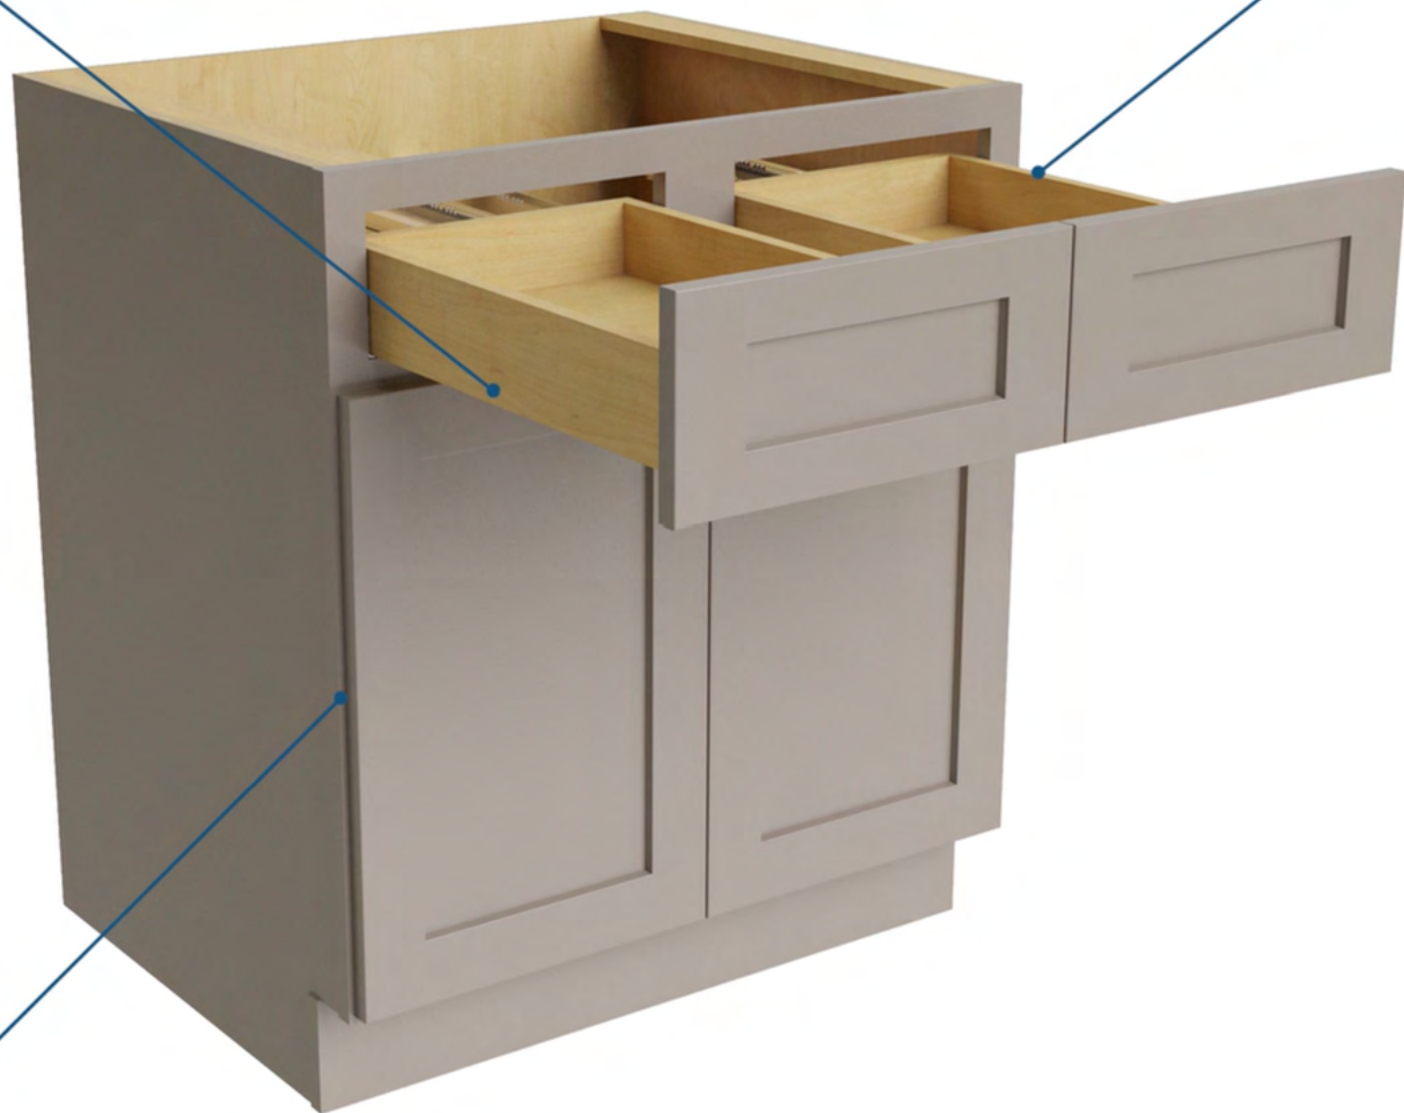

Full extension, undermount soft-close drawer glides comes standard on all Premier lines.

DRAWER BOX

$\frac{5}{8}$ " solid wood, dovetail construction provides a craftsman finish.

FRAME

Constructed using a solid wood face frame and a $\frac{1}{2}$ " plywood box with interlocking joints that provide exceptional strength.

Cabinet Construction Premier Series

INTERIOR

Natural interior with $\frac{3}{4}$ " adjustable plywood shelves that resist warping.

DOOR HARDWARE

6-way adjustable, soft-close hinges prevent slamming.

BOTTOM

A reinforced bottom panel and a 3.75" toe kick provide a solid foundation that will not break or warp.
