At 2380 Capital, we invest with a long-term perspective in India, a market characterized by favourable structural shifts and deep entrepreneurial talent. We partner with small and medium businesses, providing capital and strategic support to sharpen their market positioning and build organizational capacity for sustained growth. Our approach is disciplined, collaborative, and grounded in building lasting value for both our investee companies and our investors.

** As recognized by the Government of India; Located at District Katni in India's central state of Madhya Pradesh near the city of Jabalpur*
