ROUTINE

# Love Your Skin the PURE Way.

Are you tired of struggling with stubborn acne and blemishes? Do you wish for a more transparent, smoother, and healthier-looking complexion? Pure Bio-Clear, is the ultimate skincare routine designed to combat acne and promote clear, radiant skin in 10 days.

With our ten-step routine, including our powerful cleanser, toner, spot treatment, moisturizing treatment, masque, and shampoo and conditioner infused with Australian Eucalyptus and Tea Tree, you'll be able to banish breakouts and achieve your dream skin. Our gentle yet effective formulas work to unclog pores, reduce inflammation, and regulate oil production, leaving your skin feeling refreshed, balanced, and rejuvenated.

The pure bio-clear cleanser is an evidence-based and scientifically formulated skincare product that can help reduce acne and promote healthy skin. It is an excellent option for those who are looking for a gentle yet powerful cleanser that experts in the field of dermatology have developed.

The pure bio-clear cleanser has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that our 10-step routine can significantly reduce acne and improve the overall health of the skin.

## JUSTINE BAKER

Edmonton, Alberta, Canada.

*My skin appeared acne free smoother, more even-toned and had a healthy glow. Pure McCoy Skin Care worked wonders, giving my skin the needed boost. In my daily routine, I was delighted to witness remarkable improvements in my skin. The texture became noticeably smoother, creating a more even-toned complexion.*

# Love Your Skin the PURE Way.

Are you tired of struggling with stubborn acne and blemishes? Do you wish for a more transparent, smoother, and healthier-looking complexion? Pure Bio-Clear, is the ultimate skincare routine designed to combat acne and promote clear, radiant skin in 10 days.

With our ten-step routine, including our powerful cleanser, toner, spot treatment, moisturizing treatment, masque, and shampoo and conditioner infused with Australian Eucalyptus and Tea Tree, you'll be able to banish breakouts and achieve your dream skin. Our gentle yet effective formulas work to unclog pores, reduce inflammation, and regulate oil production, leaving your skin feeling refreshed, balanced, and rejuvenated.

Another essential ingredient in Pure Bio-Clear is organic tea tree oil. Tea tree oil has antimicrobial properties, making it an effective ingredient for fighting acne and other skin infections. It also helps to soothe inflammation and redness, reducing the appearance of blemishes and promoting a more transparent, even complexion.

Our products are made with organic and natural ingredients, including Australian Tea Tree oil and Eucalyptus oil, known for their antibacterial and anti-inflammatory properties. Our Pure Bio-Clear cleanser gently removes dirt, oil, and makeup without stripping your skin of its natural oils, while our toner balances your skin's pH levels and preps it for the rest of the routine.

Pure Bio-Clear contains organic lavender oil known for its calming and soothing properties. Lavender oil helps reduce stress and anxiety, making it an excellent ingredient for people prone to breakouts caused by stress. It also has antiseptic and anti-inflammatory properties, which can help to soothe irritated skin and reduce redness. Combining these natural and organic ingredients makes Pure Bio-Clear a gentle yet effective cleansing product promoting healthy, clear skin.

Our anti-blemish spot treatment targets stubborn blemishes and prevents future breakouts, while our anti-blemish moisturizing treatment provides the hydration your skin needs without clogging your pores. The Pure Bio-Clear masque detoxifies and exfoliates your skin, while our moisturizer protects it from environmental stressors.

Pure Bio-Clear skincare routine works so well due to the combination of high-quality, natural ingredients specifically chosen for their ability to combat acne and promote clear, healthy skin. The cleanser, toner, spot treatment, moisturizer, masque, and hair care products are all formulated with potent botanical extracts such as Australian tea tree oil, eucalyptus oil, and chamomile extract. These ingredients have been proven to have antibacterial, antifungal, and anti-inflammatory properties that help to reduce acne-causing bacteria, soothe irritated skin, and regulate sebum production.

Pure Bio-Clear skincare routine is designed to work together in a comprehensive system. Each step builds upon the previous one to create a compelling and consistent approach to acne treatment. By incorporating the eight-step routine into your daily skincare regimen, you can effectively address all the factors contributing to acne development, including excess oil production, bacteria, inflammation, and clogged pores.

Pure Bio-Clear skincare products are formulated without harsh chemicals such as sulphates, parabens, and artificial fragrances that irritate the skin and worsen acne. Instead, the products are made with gentle natural and organic ingredients, making them suitable for all skin types, including sensitive and acne-prone skin. This gentle yet effective approach makes the Pure Bio-Clear skincare routine successful in achieving clear, healthy skin.

Dermatologists recommend the 10-step scientifically proven acne straightforward skin routine because each step addresses specific aspects of acne-prone skin. Cleansing helps to remove dirt, oil, and makeup, which can clog pores and contribute to breakouts. Exfoliation helps to remove dead skin cells and unclog pores, allowing other acne-fighting products to penetrate more deeply. Toners help to balance the skin's pH and remove any remaining impurities. Acne-fighting treatments like benzoyl peroxide or salicylic acid can help to target and reduce acne breakouts. In contrast, serums with antioxidants and other beneficial ingredients can help to calm inflammation and promote healing. Finally, moisturizers help to keep the skin hydrated and prevent over-drying, which can exacerbate acne.

Dermatologists recommend the 10-step acne-clear skin routine is scientifically proven to improve acne-prone skin. Each step is backed by research and has been proven to improve acne-prone skin. Some may be tempted to skip or use harsher products; following a carefully designed prevents further skin damage to the skin and promotes faster healing. Overall, this routine is designed to be gentle and can be tailored to meet individual skin types and concerns.

# How Does Pure Acne Bio-Clear Work?

Pure Acne Bio-Clear skincare routine works well because it addresses the root causes of acne and blemishes. The products in the Pure Bio-Clear line are formulated with natural and effective ingredients such as tea tree oil, eucalyptus oil, and salicylic acid that work together to unclog pores, reduce inflammation, and control oil production. This powerful combination helps prevent new blemishes while treating existing ones, resulting in more precise and healthier-looking skin.

Pure Acne Bio-Clear skincare routine works so well in its comprehensive ten-step approach. This routine includes all the essential steps for a complete skincare regimen, from cleansing and toning to moisturizing and spot treating. This routine ensures your skin receives the necessary care to stay healthy and clear.

Pure Acne Bio-Clear skincare routine is designed to improve your skin's appearance and make you feel good about yourself. The products in this skincare line are formulated with natural and organic ingredients such as tea tree oil, eucalyptus oil, and aloe vera to nourish and soothe your skin. When you use these products as directed, you can expect to feel refreshed, rejuvenated, and confident in your skin.

Pure Acne Bio-Clear skincare line is designed to target acne-prone and blemished skin. By using the ten-step routine consistently, you can expect to see a reduction in the appearance of acne and blemishes and an improvement in your skin's overall texture and tone. This can help boost your self-confidence and make you feel more comfortable in your skin.

In addition to the physical benefits, using the Pure Bio-Clear skincare routine can also make you feel good mentally. Taking the time to care for your skin can be a form of self-care and self-love, and the act of pampering yourself with these high-quality products can leave you feeling relaxed, rejuvenated, and ready to take on the day.

Lastly, the Pure Bio-Clear skincare routine is suitable for all skin types and is gentle enough to be used daily without causing irritation or dryness. The products are free of harsh chemicals and are made with natural and organic ingredients, making them safe and effective for even the most sensitive skin. Overall, the effectiveness of the Pure Bio-Clear skincare routine lies in its science-backed formulation, comprehensive approach, and gentle yet powerful ingredients.

Dermatologists recommend the 10-step scientifically proven acne straightforward skin routine because it provides a holistic approach to treating acne-prone skin. Each performance step is designed to address specific issues contributing to the development of acne, such as excess oil production, clogged pores, inflammation, and bacterial overgrowth. The routine includes cleansing, exfoliating, toning, treating, and moisturizing steps, which work together to help prevent the development of new breakouts, reduce the severity of existing acne, and promote faster healing. By following this routine consistently, individuals can help to achieve clearer, healthier-looking skin and improve their overall self-confidence.

The benefits of the 10-step, scientifically proven acne straightforward skin routine include improved skin texture, reduced inflammation, and a reduction in the appearance of acne scars. The routine can help prevent new breakouts and reduce the severity of existing acne, resulting in a more even skin tone and a smoother complexion. Using exfoliants and acne-fighting treatments can also help reduce inflammation and promote faster healing of acne lesions. Additionally, by following this routine consistently, individuals

can help to reduce the appearance of acne scars over time, resulting in a more even, smooth skin surface. Overall, the 10-step Acne straightforward skin routine is a comprehensive and practical approach to treating acne-prone skin, providing benefits for those who struggle with acne.

## ADAM WATKINS

Edmonton, Alberta, Canada.

*The most remarkable change was the healthy glow that radiated from my skin, giving it a vibrant and youthful appearance. My new routine effectively addressed my skin concerns and pimples and helped me achieve desired results. My complexion looked noticeably smoother, more balanced in tone, and had a healthy glow.*

# 1 Step Pure Acne bio-clear cleanser:

Pure Acne Bio-Clear cleanser is a skincare product that contains natural ingredients that may help to clear up acne. The cleanser contains Australian Tea Tree and Eucalyptus essential oils and other natural ingredients that work together to cleanse and soothe the skin, reduce inflammation, and fight acne-causing bacteria.

One of the ways that Pure Acne Bio-Clear cleanser helps to clear up acne is by deeply cleansing the skin. The cleanser contains natural exfoliants that help remove dead skin cells and unclog pores, preventing the buildup of oil and bacteria that can cause acne breakouts. By removing impurities from the skin, the cleanser can help to keep the pores clear and prevent the formation of new acne.

In addition to its cleansing properties, Pure bio-clear cleanser contains Tea Tree and Eucalyptus essential oils, which have anti-inflammatory and antibacterial properties. These properties can help reduce the redness and inflammation associated with acne and kill the bacteria contributing to acne breakouts. The cleanser can help heal existing acne and prevent new breakouts by reducing inflammation and killing bacteria.

Pure Acne Bio-Clear cleanser may be a helpful addition to a skincare routine for those who struggle with acne. Its natural ingredients work together to deeply cleanse the skin, reduce inflammation, and fight bacteria, helping to clear up existing acne and prevent new breakouts from forming.

Pure Acne Bio-Clear cleanser by Pure McCoy is a natural skincare product that cleans and purifies the skin. The cleanser contains a blend of Arctic plant extracts and other natural ingredients that promote a clear and healthy complexion. The purity of this cleanser is reflected in its clean and simple ingredient list that is free from harsh chemicals, parabens, and synthetic fragrances. It is also cruelty-free and vegan-friendly, making it an excellent choice for conscious consumers looking for pure and natural skincare products.

The formulation is gentle and suitable for all skin types, including sensitive skin. The purity of the ingredients ensures that it effectively removes dirt, oil, and impurities from the skin without stripping it of its natural oils or causing any irritation. It also helps to promote a balanced and even skin tone, leaving the skin feeling refreshed and revitalized.

## PURE BIO-CLEAR CLEANSER offers several benefits for the skin, including:

**Deep cleansing:** The active ingredients in Pure bio-clear cleanser, such as salicylic acid, glycolic acid, and benzoyl peroxide, penetrate deep into the pores to remove impurities, excess oil, and dead skin cells that can cause acne and breakouts.

**Prevents acne:** Regular use of Pure bio-clear cleanser can help prevent acne breakouts by keeping the pores clean and reducing inflammation.

**Improving skin texture:** Pure bio-clear cleanser exfoliating properties help smooth and refine the skin's surface, leaving it brighter and more youthful.

**Reduces the appearance of pores:** By removing excess oil and debris, Pure bio-clear cleanser can help reduce the appearance of enlarged pores.

**Soothes and nourishes the skin:** Pure bio-clear cleanser may contain natural extracts, vitamins, and antioxidants that help soothe and nourish the skin, leaving it feeling soft and hydrated.

The pure bio-clear cleanser is an effective and beneficial skincare product for those with oily or acne-prone skin, as well as anyone looking to improve the texture and appearance of their skin.

Dermatologists have formulated a pure bio-clear cleanser, a skincare product to reduce acne effectively. The cleanser contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of Pure bio-clear cleanser is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The cleanser contains salicylic acid, a beta hydroxy acid (BHA) that exfoliates the skin, unclogs pores, and reduces inflammation. Salicylic acid is a well-known acne-fighting ingredient that has been extensively studied and proven effective.

In addition to salicylic acid, Pure bio-clear cleanser also contains other ingredients such as niacinamide, a form of vitamin B3, which helps to reduce the appearance of pores, even out skin tone, and improve the overall texture of the skin. The cleanser also includes tea tree oil, which has antibacterial properties that can help to kill the bacteria that cause acne.

The pure bio-clear cleanser has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the cleanser can significantly reduce acne and improve the overall health of the skin.

The pure bio-clear cleanser is an evidence-based and scientifically formulated skincare product that can help reduce acne and promote healthy skin. It is an excellent option for those who are looking for a gentle yet powerful cleanser that experts in the field of dermatology have developed.

**DIRECTIONS:** Wet your face with warm water to open up your pores. Squeeze a small amount of the cleanser onto your fingertips or a cleansing brush. Gently massage the cleanser onto your face using circular motions, covering your entire face. Rinse your face with warm water to remove the cleanser. Pat your face dry with a clean towel. It's important to note that everyone's skin is different, so it's best to start using the cleanser once daily and see how your skin reacts. If your skin tolerates it well, gradually use it twice daily. Also, follow up with a moisturizer to keep your skin hydrated.

**INGREDIENTS:** (100% Naturally Derived /98% Organic) Ingredients: Potassium Cocoate (Organic Coconut Oil derived), Potassium Sunflowerseedate (Organic Sunflower Seed Oil derived), Aqua (Deionized Water), Hamamelis Virginiana (Witch Hazel) Extract, Lavandula Augustifolia Water (Lavender Hydrosol), Glycerin (Kosher Vegetable Glycerin), Cyamopsis Tetragonoloba (Guar) Gum Salix Alba (Organic Willow Bark/ Salicylic Acid) Extract, Aloe Barbadensis Leaf Juice (Organic Aloe), Potassium Castorate (Organic Castor Oil derived), Rosmarinus Officinalis Leaf (Organic Rosemary ) Extract, Citric Acid, Sodium Ascorbyl Phosphate (Vitamin C), Dimethyl sulfone (MSM), Juniperus Communis (Organic Juniper) Extract, Capsicum Annuum (Organic Cayenne) Extract, Eugenia Caryophyllata (Clove Essential) Oil, Panthenol (Vitamin B5), Phenoxyethanol, Ethylhexylglycerin.

### ALISON GORVANA

Edmonton, Alberta, Canada.

*After incorporating Pure McCoy Skin Care products into my routine, I witnessed a remarkable transformation in my skin. It became noticeably clear and less irritated, exhibiting a more even tone and a radiant, healthy glow. I couldn't help but notice how much softer and even-toned it had become. Not only that but my complexion was also blessed with a radiant, healthy glow.*

# Pure Acne bio-clear toner:

Pure Acne Bio-Clear toner is a skincare product to help clear up acne-prone skin. The toner contains natural ingredients, including Australian Tea Tree and Eucalyptus essential oils, that work together to cleanse the skin, reduce inflammation, and fight bacteria that can contribute to acne breakouts.

One of the ways that Pure bio-clear toner can help to clear up acne is by removing excess oil from the skin. The toner contains natural astringents that can help tighten the pores and reduce oil production, which can contribute to acne breakouts. By removing excess oil from the skin, the toner can help to prevent the buildup of oil and bacteria that can cause acne.

In addition to its oil-controlling properties, Pure bio-clear toner contains Tea Tree and Eucalyptus essential oils, which have anti-inflammatory and antibacterial properties. These properties can help to reduce the redness and inflammation associated with acne and kill the bacteria contributing to acne breakouts. The toner can help heal existing acne and prevent new breakouts by reducing inflammation and killing bacteria.

Pure bio-clear toner may be a helpful addition to a skincare routine for those who struggle with acne. Its natural ingredients work together to control oil production, reduce inflammation, and fight bacteria, helping to clear up existing acne and prevent new breakouts from forming.

Pure bio-clear toner by Pure McCoy is a natural skincare product that balances and clarifies skin. The toner contains a blend of Arctic plant extracts and other natural ingredients that promote a clear and healthy complexion.

The purity of this toner is reflected in its clean and simple ingredient list that is free from harsh chemicals, parabens, and synthetic fragrances. It is also cruelty-free and vegan-friendly, making it an excellent choice for conscious consumers looking for pure and natural skincare products

The formulation is gentle and suitable for all skin types, including sensitive skin. The purity of the ingredients ensures that it effectively removes any residual dirt, oil, and impurities from the skin after cleansing without drying out or irritating the skin. It also helps to balance the skin's pH levels, minimize the appearance of pores, and promote a healthy and radiant complexion.

Using a face toner as part of your skincare routine can provide several benefits for the skin. **Some of the benefits of using a toner include:**

**Helps to balance the skin's pH level:** After cleansing, the skin's pH level can become unbalanced, leading to dryness or irritation. A toner can help restore the skin's natural pH balance, improving overall health.

**Provides a more profound cleanse:** Even after washing, there can be leftover traces of dirt, oil, and makeup on the skin. A toner can help to remove any remaining impurities and provide a deeper cleanse.

**Reduces the appearance of pores:** Some toners contain ingredients that can help tighten the pores, making them less noticeable and reducing the appearance of blackheads and blemishes.

**Enhances absorption of skincare products:** By preparing the skin and removing any remaining impurities, a toner can help other skincare products, such as serums and moisturizers, to absorb more effectively into the skin.

**Hydrates and refreshes the skin:** Some toners contain ingredients such as hyaluronic acid or aloe vera, which can help to hydrate and rejuvenate the skin, leaving it feeling soft and supple.

Using a face toner as part of your skincare routine can help improve your skin's health and appearance. However, choosing a toner appropriate for your skin tone and using it as directed to avoid over-drying or stinging the skin is necessary.

Pure bio-clear toner is a skincare product formulated by dermatologists to reduce acne effectively. The toner contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of Pure bio-clear toner is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The toner contains salicylic acid, a beta hydroxy acid (BHA) that exfoliates the skin, unclogs pores, and reduces inflammation. Salicylic acid is a well-known acne-fighting ingredient that has been extensively studied and proven effective.

In addition to salicylic acid, Pure bio-clear toner also contains other ingredients, such as witch hazel, which has astringent properties that can help to tighten pores and reduce inflammation. The toner also includes tea tree oil, which has antibacterial properties that can help to kill the bacteria that cause acne.

The formula of Pure bio-clear toner has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the toner can significantly reduce acne and improve the overall health of the skin.

Pure bio-clear toner is an evidence-based and scientifically formulated skincare product that can help to reduce acne and promote healthy skin. It is an excellent option for those who are looking for a gentle yet powerful toner that experts in the field of dermatology have developed.

**DIRECTIONS:** Start by cleansing your face with a gentle cleanser and pat your skin dry with a clean towel. Shake the toner bottle to ensure that the product is well-mixed. Apply a small amount of toner to a cotton pad or ball. You can apply the toner directly onto your fingertips and gently pat it on your skin. Sweep the cotton pad or fingertips across your face, avoiding the eye area. Allow the toner to dry completely before applying any other skincare products. Follow with a serum and moisturizer to lock in the benefits of the toner. Use the toner twice daily, in the morning and before bed.

It's important to note that the directions for using a toner can vary depending on the specific product and the manufacturer's recommendations. Always refer to the instructions on the product label and follow any detailed directions provided by your dermatologist or skincare professional. Additionally, it's recommended to patch-test any new skincare product before incorporating it into your daily routine.

**INGREDIENTS:** (99% Natural/55% Organic) Ingredients: Hamamelis Virginiana (Witch Hazel), Aqua (Deionized Water), Lavandula Augustifolia (Organic Lavender Distillate), Sodium Ascorbyl Phosphate (Vitamin C), Dimethyl Sulfone (MSM), Salix Alba Bark Extract (Organic Willow Bark), Juniperus Communis Fruit Extract (Organic Juniper), Eugenia Caryophyllus Bud Oil (Clove), Capsicum Annuum Extract (Organic Cayenne), Panthenol (Vitamin B5), Caprylyl Glucoside, Potassium Sorbate, Sodium Benzoate.

## LAURA HAMILTON

Edmonton, Alberta, Canada.

*MY SKIN HAS RADICALLY TRANSFORMED since I started using Pure McCoy Skin Care. It has become excellent, clearing up beautifully and radiating a vibrant, healthy glow. I experienced a remarkable improvement in my skin after two weeks. It cleared my complexion and imparted a radiant, healthy glow, leaving my skin excellent.*

# Pure Acne Bio-Clear anti-blemish spot treatment:

Pure bio-clear anti-blemish spot treatment is a skincare product formulated to help clear up acne and blemishes. The spot treatment contains natural ingredients, including Australian Tea Tree and Eucalyptus essential oils, that work together to fight acne-causing bacteria, reduce inflammation, and promote healing. One of the ways that Pure bio-clear anti-blemish spot treatment helps to clear up acne is by targeting individual blemishes. The spot treatment contains a concentrated formula for individual pimples and blemishes. The natural ingredients in the treatment reduce inflammation and kill bacteria that can cause acne, helping to heal existing scars and prevent new ones from forming.

In addition to its spot-treating properties, Pure bio-clear anti-blemish spot treatment also contains natural astringents that can help tighten the pores and reduce oil production, contributing to acne breakouts. By removing excess oil from the skin, the spot treatment can help to prevent the buildup of oil and bacteria that can cause acne.

Pure bio-clear anti-blemish spot treatment may be a helpful addition to a skincare routine for those who struggle with acne. Its concentrated formula targets individual blemishes, reduces inflammation, and fights bacteria, helping to clear up existing acne and prevent new breakouts from forming. Pure bio-clear anti-blemish spot treatment by Pure McCoy is a natural skincare product that targets and treats blemishes and acne-prone skin. The spot treatment contains a blend of Arctic plant extracts and other natural ingredients that work together to soothe, reduce inflammation, and promote healthy skin.

The purity of this spot treatment is reflected in its clean and simple ingredient list that is free from harsh chemicals, parabens, and synthetic fragrances. It is also cruelty-free and vegan-friendly, making it an excellent choice for conscious consumers looking for pure and natural skincare products. The formulation is gentle and suitable for all skin types, including sensitive skin. The purity of the ingredients ensures that it effectively targets blemishes and acne without causing irritation or drying out the skin. It helps to reduce the appearance of redness and inflammation, promotes healing, and prevents further breakouts.

It's important to note that anti-blemish spot treatments can effectively reduce the appearance of individual pimples or blemishes. Still, they may only be suitable for use over the face. Additionally, some spot treatments can dry or irritate the skin, so using them as directed is essential and avoiding over-applying the product. Suppose you have sensitive skin or are unsure how to treat your acne. In that case, it's always a good idea to consult a dermatologist or skincare professional for personalized advice.

Using an anti-blemish spot treatment can provide several benefits for the skin. **Some of the benefits of using a spot treatment include:**

**Targets specific blemishes:** Anti-blemish spot treatments target individual pimples or acne blemishes, allowing you to treat problem areas without affecting the rest of your skin.

**Reduces inflammation:** Many spot treatments contain ingredients that can help to reduce inflammation associated with acne breakouts, which can help to reduce the redness and swelling of pimples.

**Unclogs pores:** Active ingredients such as salicylic acid or benzoyl peroxide can help to unclog pores and remove excess oil, dirt, and dead skin cells, which can help to prevent future breakouts.

**Helps prevent scarring:** Spot treatments can help prevent scarring and hyperpigmentation resulting from acne breakouts by treating pimples and blemishes in their early stages.

**Convenient and easy to use:** Spot treatments are often small and portable, making them easy to use on the go or as part of your daily skincare routine.

Pure bio-clear anti-blemish spot treatment is a skincare product formulated by dermatologists to reduce acne effectively. The spot treatment contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of Pure bio-clear anti-blemish spot treatment is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The spot treatment contains benzoyl peroxide, a powerful acne-fighting ingredient that kills the bacteria that cause acne, reducing inflammation and helping to prevent future breakouts.

In addition to benzoyl peroxide, Pure bio-clear anti-blemish spot treatment also contains other ingredients such as salicylic acid, which helps to exfoliate the skin and unclog pores, and glycolic acid, which helps to improve the overall texture and tone of the skin. The spot treatment also includes niacinamide, a form of vitamin B3, which helps reduce the appearance of pores and improve the skin's overall health.

Pure bio-clear anti-blemish spot treatment formula has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the spot treatment can significantly reduce acne and improve the overall health of the skin.

Pure bio-clear anti-blemish spot treatment is an evidence-based and scientifically formulated skincare product that can help reduce acne and promote healthy skin. It is an excellent option for those looking for a powerful spot treatment that experts in dermatology have developed.

**DIRECTIONS:** Cleanse your face thoroughly with a gentle cleanser and pat dry. Apply a small amount of the Arctic Anti-Blemish Spot Treatment directly onto the affected area(s). Gently massage the product into the skin until it is fully absorbed. Allow the product to dry completely before applying any additional skincare products. Use once daily, preferably in the evening before bed. If irritation occurs, discontinue use and consult a healthcare professional. Store the product in a cool, dry place, away from direct sunlight.

**INGREDIENTS:** (98% Naturally Derived/72% Organic) Ingredients: Aqua (Deionized Water), Hamamelis Virginiana Water (Witch Hazel), Salix Alba Bark Extract (Organic Willow Bark), Colloidal Silver, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Aloe Barbadensis Leaf Juice (Organic Aloe), Caryophyllus Bud Oil (Clove Essential Oil), Equisetum Arvense Extract (Horsetail) Extract, Organic Taraxacum Officinale Extract (Dandelion Extract), Organic Centella Asiatica Extract (Gotu Kola), Geranium Maculatum Extract (Wild Geranium), Phenoxyethanol Ethylhexylglycerin.

# Pure Acne bio-clear anti-blemish moisturizing treatment:

Pure bio-clear anti-blemish moisturizing treatment is a skincare product designed to help clear up acne and blemishes while providing skin hydration. The moisturizing treatment contains natural ingredients, including Australian Tea Tree and Eucalyptus essential oils, that work together to fight acne-causing bacteria, reduce inflammation, and promote healing.

One of the ways that Pure bio-clear anti-blemish moisturizing treatment helps to clear up acne is by providing hydration to the skin. When the skin is dehydrated, it can produce more oil, leading to clogged pores and acne breakouts. The moisturizing treatment helps keep the skin hydrated, which can help reduce oil production and prevent the buildup of bacteria that can cause acne.

In addition to its hydrating properties, Pure bio-clear anti-blemish moisturizing treatment also contains natural ingredients that help to fight acne. The medicine contains Tea Tree and Eucalyptus essential oils, which have antibacterial properties that can help to kill the bacteria that cause acne. These natural ingredients also reduce inflammation and promote healing, which can help clear up existing acne and prevent new breakouts from forming.

Pure bio-clear anti-blemish moisturizing treatment may be a helpful addition to a skincare routine for those who struggle with acne. Its hydrating properties help to prevent the buildup of oil and bacteria that can cause acne. At the same time, its natural ingredients fight acne-causing bacteria and reduce inflammation, helping to clear up existing acne and prevent new breakouts from forming.

Anti-blemish moisturizing treatments are skincare products that moisturize the skin and target blemishes and acne breakouts. These treatments often contain active ingredients such as salicylic acid, tea tree oil, or benzoyl peroxide, which can help unclog pores and kill acne-causing bacteria while providing hydration to the skin.

Using an anti-blemish moisturizing treatment can **provide several benefits for the skin, including:**

**Moisturizes the skin:** Moisturizing treatments can help hydrate the skin and prevent dryness, which can be especially important when using acne-fighting ingredients that can dry or irritate the skin.

**Target blemishes:** Active ingredients such as salicylic acid or benzoyl peroxide can help unclog pores and kill acne-causing bacteria, which can help reduce acne's frequency and severity breakouts.

**Reduces inflammation:** Many anti-blemish moisturizing treatments contain ingredients that can help to reduce inflammation associated with acne breakouts, which can help to reduce the redness and swelling of pimples.

**Helps prevent scarring:** By treating pimples and blemishes in their early stages, anti-blemish moisturizing treatments can help prevent scarring and hyperpigmentation resulting from acne breakouts.

**Provides all-in-one treatment:** Anti-blemish moisturizing treatments can be convenient and time-saving for those looking to moisturize their skin and target acne breakouts in one step.

Pure bio-clear anti-blemish moisturizing treatment is a skincare product formulated by dermatologists to reduce acne effectively. The moisturizing treatment contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of Pure bio-clear anti-blemish moisturizing treatment is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The moisturizing treatment contains salicylic acid, a beta hydroxy acid (BHA) that exfoliates the skin, unclogs pores, and reduces inflammation. Salicylic acid is a well-known acne-fighting ingredient that has been extensively studied and proven effective.

In addition to salicylic acid, Pure bio-clear anti-blemish moisturizing treatment also contains other ingredients such as niacinamide, a form of vitamin B3, which helps to reduce the appearance of pores, even out skin tone, and improve the overall texture of the skin. The moisturizing treatment also includes hyaluronic acid, which helps to hydrate and plump the skin, and ceramides, which help to strengthen the skin's barrier function.

The formula of Pure bio-clear anti-blemish moisturizing treatment has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the moisturizing treatment can significantly reduce acne and improve the overall health of the skin.

Pure bio-clear anti-blemish moisturizing treatment is an evidence-based and scientifically formulated skincare product that can help to reduce acne effectively and promote healthy skin. It is an excellent option for those who are looking for a moisturizing treatment that has been developed by experts in the field of dermatology and is suitable for acne-prone skin.

**DIRECTIONS:** Cleanse your skin: Before applying an anti-blemish treatment, it's essential to cleanse your skin thoroughly to remove any dirt, oil, or makeup clogging your pores. Apply the treatment: Depending on the product, you may apply the treatment all over your face or only on specific areas with blemishes or acne. Be sure to follow the instructions on the product packaging for how much to use and how often to apply it. Allow the treatment to absorb: Depending on the product, you may need to allow the medicine to absorb into your skin for a few minutes before applying other skincare products. Follow with a moisturizer: Some anti-blemish treatments can dry the skin, so following up with a moisturizer is essential to keep your skin hydrated.

**INGREDIENTS:** (99% Naturally Derived/74% Organic) Ingredients: Aqua (Deionized Water), Simmondsia Chinensis Seed Oil (Organic Jojoba Oil), Aloe Barbardensis Leaf Juice (Organic Aloe), Amyris Balsamifera Bark Oil, Copalifera Species Resin Oils, Dipterocarpus Turbinatus Balsam Oil, Santalum Album Oil, Santalum Spicata Wood Oil, Melissa Officinalis Seed Oil (Melissa Essential Oil), Pelargonium Graveolens Flower Oil (Geranium Essential Oil), Avena Sativa Seed Extract (Organic Oat Seed), Curcuma Longa Rhizome Extract (Organic Turmeric), Echinacea Purpurea Extract (Organic Echinacea), Glycyrrhiza Glabra Root Extract (Organic Licorice), Hydrastis Canadensis Extract (Organic Goldenseal), Lavandula Angustifolia Extract (Lavender), Propolis Extract, Salvia Officinalis Leaf Extract (Sage), Symphytum Officinale Leaf Extract (Organic Comfrey), Thymus Vulgaris Flower/Leaf Extract (Thyme), Centella Asiatica Extract (Organic Gotu Kola), Equisetum Arvense Extract (Horsetail), Geranium Maculatum Extract (Wild Geranium), Taraxacum Officinale Extract (Organic Dandelion), Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Sodium Hydroxide, Phenoxyethanol, Ethylhexylglycerin.

## CHRIS DRYSDALE

Calgary, Alberta, Canada.

*My skin has become smoother, boasting a more even tone and a radiant, healthy glow. It has become visibly smoother, displaying a more even tone and an enchanting, radiant glow that speaks of its newfound health and vitality. The routine skin care performed wonders for my skin, providing it with the much-needed boost it craved.*

# Pure Acne Bio-Clear Antioxidant bio-clear mask:

Pure Antioxidant bio-clear mask is a skincare product to help clear up acne and blemishes. The masque contains natural ingredients, including Australian Tea Tree and Eucalyptus essential oils, that work together to fight acne-causing bacteria, reduce inflammation, and promote healing.

One of the ways that the Pure Antioxidant bio-clear mask helps to clear up acne is by drawing out impurities from the skin. The mask contains natural clays, such as kaolin and bentonite, known for absorbing excess oil and impurities from the skin. By removing these impurities, the mask can help to prevent the buildup of oil and bacteria that can cause acne.

In addition to its purifying properties, the Pure Antioxidant bio-clear mask contains natural ingredients that help fight acne. The mask contains Tea Tree and Eucalyptus essential oils, which have antibacterial properties that can help to kill the bacteria that cause acne. These natural ingredients also reduce inflammation and promote healing, which can help clear up existing acne and prevent new breakouts from forming.

**TA Pure Antioxidant bio-clear mask** may be a helpful addition to a skincare routine for those who struggle with acne. Its purifying properties help to remove impurities and prevent the buildup of oil and bacteria. At the same time, its natural ingredients fight acne-causing bacteria and reduce inflammation, helping to clear up existing acne and prevent new breakouts from forming.

**Pure Antioxidant bio-clear mask** is marketed as a natural and organic skincare product free from harsh chemicals, artificial fragrances, and synthetic preservatives. It is formulated with natural ingredients such as Kaolin clay, which helps to draw out impurities from the skin, and Nordic Pine Bark extract, which provides antioxidant benefits to help protect and nourish the skin.

Pure McCoy is vegan, cruelty-free, gluten-free and contains no sulphates, parabens, or phthalates. The purity of the Bio-Clear Mask by Pure McCoy is high, emphasizing natural and organic ingredients and the absence of harsh chemicals.

**Pure Antioxidant bio-clear mask** can provide several benefits for the skin, including:

**Clarifying the skin:** The kaolin clay in the mask can help to absorb excess oil and impurities from the skin, which can help to purify and detoxify the skin.

**Unclogging pores:** The salicylic acid and glycolic acid in the masque can help unclog pores and remove dead skin cells, which can help prevent breakouts and improve the skin's overall texture.

**Brightening the skin:** By removing dead skin cells and impurities, the Pure Antioxidant bio-clear mask can help to leave the skin looking brighter and more even.

Pure Antioxidant bio-clear mask can be an effective weekly treatment for those with oily or acne-prone skin who want to clarify and detoxify their skin. However, as with any skincare product, it's essential to patch-test the masque on a small skin area first to ensure that you don't have any adverse reactions. Additionally, be sure to follow the instructions on the product packaging for how often to use the masque and how long to leave it on.

Pure bio-clear mask treatment is a skincare product formulated by dermatologists to reduce acne effectively. The mask treatment contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of the Pure bio-clear mask treatment is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The mask treatment contains kaolin clay, which helps to absorb excess oil and impurities from the skin, unclog pores, and reduce inflammation. Kaolin clay is a well-known acne-fighting ingredient that has been extensively studied and proven effective.

In addition to kaolin clay, Pure bio-clear mask treatment also contains other ingredients such as salicylic acid, which helps to exfoliate the skin and unclog pores, and niacinamide, a form of vitamin B3, which helps to reduce the appearance of pores and improve the overall texture of the skin. The mask treatment also includes aloe vera, which helps to soothe and hydrate the skin.

The formula of Pure bio-clear mask treatment has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the mask treatment can significantly reduce acne and improve the overall health of the skin.

Pure bio-clear mask treatment is an evidence-based and scientifically formulated skincare product that can help reduce acne and promote healthy skin. It is an excellent option for those who are looking for a mask treatment that has been developed by experts in the field of dermatology and is suitable for acne-prone skin.

**DIRECTIONS:** Cleanse your face: Start by cleansing your face thoroughly and patting it dry with a clean towel. Apply a thin layer of the masque: Using your fingertips, apply a thin layer of Pure bio-clear masque to your face, avoiding the eye area. Use a brush to apply the masque more evenly. Leave on for 10-15 minutes: Allow the masque to dry on your skin for 10-15 minutes or until it feels firm and tight. Rinse off: Use warm water and a clean washcloth to rinse off the masque gently. Be sure to remove all traces of the masque from your skin. Moisturize: After rinsing off the masque, apply your favourite moisturizer to your face to help hydrate and nourish your skin.

**INGREDIENTS:** (98% natural/42% organic) Ingredients: Aqua (Deionized Water), Aloe Barbadensis Leaf Juice (Organic Aloe), Kaolin, Helianthus Annuus (Organic Sunflower) Oil, Glycerol Stearate, Glycerin (Kosher Vegetable), Ethylhexyl Palmitate, Organic Cocos Nucifera Oil (Coconut Oil), Cetyl Alcohol, Theobroma Cacao (Cocoa Seed) Butter, Beeswax (Organic Beeswax), Potassium Stearate, Bentonite, Salix Alba (Wildcrafted Willow Bark) Extract, Vitis Vinifera Seed Oil (Grapeseed Oil), Simmondsia Chinensis (Organic Jojoba) Oil, Calophyllum Tacamahaca (Tamanu) Oil, Dimethyl Sulfone (MSM), Squalane, Sodium Ascorbyl Phosphate (Vitamin C), Glycolic Acid, Panthenol (Vitamin B5), Eugenia Caryophyllus (Clove Bud) Oil, Mahonia Aquifolium Root (Oregon Grape) Extract, Juniperus Communis Fruit (Wildcrafted Juniper) Extract, Rosa Canina Seed, Extract Hamamelis Virginiana (Witch Hazel) Extract, Capsicum Annuum (Organic Cayenne) Extract, Camellia Sinensis Leaf (Green Tea) Extract, Saccharum Officinarum (Sugar Cane) Extract, Citrus Limon Fruit (Lemon) Extract, Eucalyptus Globulus Leaf Oil (Eucalyptus Essential Oil), Citrus Aurantium Dulcis Fruit (Orange) Extract, Citrus Limon Peel Extract (Lemon), Pyrus Malus Fruit (Apple) Extract, Ubiquinone (Coenzyme Q10), Dipeptide Diaminobutyroyl Benzylamide Diacetate (Peptides), Cymbopogon Schoenanthus (Lemongrass) Oil, Acetyl Hexapeptide-1, Tocopherol Acetate (Antioxidant), Glycyrrhiza Glabra (Organic Licorice) Extract, Isopropyl Palmitate, Lactic Acid, Cetearyl Alcohol, Stearyl Alcohol, Sodium Carbomer, Cetearyl Glucoside, Sodium Hydroxide, Xanthan Gum, Potassium Sorbate, Sodium Benzoate, Tetrasodium Glutamate Diacetate, Ascorbic Acid, Butylene Glycol, Lecithin, Lonicera Caprifolium Flower Extract, Lonicera Japonica Flower Extract, Lysolecithin, Phytic Acid, Pullulan, Sclerotium Gum, Phenoxyethanol, Ethylhexylglycerin.

# Pure Acne Bio-Clear moisturizer:

Pure bio-clear moisturizer is a skincare product designed to help clear acne and blemishes while providing skin hydration. The moisturizer contains natural ingredients, including Australian Tea Tree and Eucalyptus essential oils, that work together to fight acne-causing bacteria, reduce inflammation, and promote healing.

One of the ways that Pure bio-clear moisturizer helps to clear up acne is by providing hydration to the skin. When the skin is dehydrated, it can produce more oil, leading to clogged pores and acne breakouts. The moisturizer helps to keep the skin hydrated, which can help to reduce the production of oil and prevent the buildup of bacteria that can cause acne. In addition to its hydrating properties, Pure bio-clear moisturizer contains natural ingredients that help fight acne. The moisturizer contains Tea Tree and Eucalyptus essential oils, which have antibacterial properties that can help to kill the bacteria that cause acne. These natural ingredients also reduce inflammation and promote healing, which can help clear up existing acne and prevent new breakouts from forming.

Overall, Pure bio-clear moisturizer may be a helpful addition to a skincare routine for those who struggle with acne. Its hydrating properties help to prevent the buildup of oil and bacteria that can cause acne. At the same time, its natural ingredients fight acne-causing bacteria and reduce inflammation, helping to clear up existing acne and prevent new breakouts from forming.

Bio-Clear Moisturizer is a lightweight, non-greasy, fast-absorbing formula containing natural, organic, and sustainably sourced ingredients. The product is free from harsh chemicals such as parabens, sulphates, and phthalates and is formulated to balance and hydrate the skin while reducing the appearance of fine lines and wrinkles.

The moisturizer contains Arctic botanicals known for their antioxidant and anti-inflammatory properties. These ingredients help to soothe and protect the skin while reducing the appearance of blemishes and improving skin texture. The moisturizer also contains niacinamide, a form of vitamin B3 that helps strengthen the skin barrier and improve hydration.

**Hydrating the skin:** The moisturizer contains various hydrating ingredients that can help soothe and hydrate the skin, leaving it feeling soft and supple.

**Targeting blemishes:** The salicylic acid, glycolic acid, and tea tree oil in the moisturizer can help to target flaws and other imperfections, leaving the skin looking more apparent and more even.

**Improving skin texture:** The exfoliating agents in the moisturizer can help remove dead skin cells and unclog pores, which can help improve the skin's overall surface.

Pure bio-clear moisturizer can be an effective skincare product for those with oily or acne-prone skin who want to hydrate and nourish their skin while targeting blemishes and other imperfections. However, as with any skincare product, it's essential to patch-test the moisturizer on a small skin area first to ensure that you don't have any adverse reactions.

Pure bio-clear moisturizer treatment is a skincare product formulated by dermatologists to reduce acne effectively. The moisturizer treatment contains ingredients backed by scientific evidence to help fight acne and promote healthy skin.

The formula of Pure bio-clear moisturizer treatment is designed to be gentle on the skin yet powerful enough to target the root causes of acne. The moisturizer treatment contains benzoyl peroxide, a powerful acne-fighting ingredient that kills the bacteria that cause acne. Benzoyl peroxide is a well-known acne-fighting ingredient that has been extensively studied and proven effective.

In addition to benzoyl peroxide, Pure bio-clear moisturizer treatment also contains other ingredients such as niacinamide, a form of vitamin B3, which helps to reduce the appearance of pores and improve the overall texture of the skin. The moisturizer treatment also includes ceramides, which help to strengthen the skin's barrier function, and hyaluronic acid, which helps to hydrate and plump the skin.

The formula of Pure bio-clear moisturizer treatment has been developed through a rigorous scientific process, with dermatologists carefully selecting and testing each ingredient for its effectiveness and safety. Clinical studies have shown that the moisturizer treatment can significantly reduce acne and improve the overall health of the skin.

Pure bio-clear moisturizer treatment is an evidence-based and scientifically formulated skincare product that can help reduce acne and promote healthy skin. It is an excellent option for those who are looking for a moisturizer treatment that has been developed by experts in the field of dermatology and is suitable for acne-prone skin.

**DIRECTIONS:** Cleanse your face: Start by cleansing your face thoroughly and patting it dry with a clean towel. Apply the moisturizer: Using your fingertips, apply a small amount of Pure bio-clear moisturizer to your face and neck, using gentle circular motions to massage it into your skin. Use twice a day: The moisturizer can be used twice daily, in the morning and at night, for best results. Avoid the eye area: Avoid applying the moisturizer to the eye area, as it may irritate. Use as directed: Be sure to follow the specific instructions on the product packaging for best results. Depending on their skin type and the severity of their blemishes, some people may need to use the moisturizer more or less frequently.

**INGREDIENTS:** (97% Naturally Derived/52% Organic) Ingredients: Aqua (Water), Organic Aloe Barbadensis Leaf Juice (Aloe), Sodium Stearate, Glycerin (Kosher Vegetable), Organic Cocos Nucifera (Coconut Oil), Tocopherol Acetate (Vitamin E), Prunus Armeniaca (Apricot Kernel Oil), Dimethyl Sulfone (MSM), Organic Salix Alba (Willow Bark), Sodium Ascorbyl Phosphate (Vitamin C), Eugenia Caryophyllata (Clove Essential Oil), Organic Lavandula Augustifolia (Lavender Distillate), Juniperus Communis (Juniper Extract), Organic Capsicum annum var. Aannuum (Cayenne Extract), Equisetum Arvense Extract (Horsetail), Taraxacum Officinale Root Extract (Organic Dandelion), Centella Asiatica Extract (Organic Gotu Kola), Geranium Maculatum Extract (Wild Geranium), Panthenol (Vitamin B5), Cetyl Alcohol, Phenoxyethanol, Ethylhexylglycerin.

# Pure Acne Bio-Clear shampoo with Eucalyptus Australian:

Pure bio-clear shampoo with Australian eucalyptus contains natural eucalyptus oil, which has antibacterial and anti-inflammatory properties that may help reduce acne on the scalp and hairline. These properties can help to kill the bacteria that can contribute to acne breakouts and reduce inflammation in the affected area.

After using shampoo with eucalyptus oil, some people may experience a refreshing and cooling sensation on their scalp. The shampoo can help to deeply cleanse the scalp, removing excess oil, dirt, and buildup that can contribute to acne breakouts. In addition to its potential acne-fighting benefits, eucalyptus oil can promote healthy hair growth and improve the overall health of the scalp. It may help soothe irritation and promote healthy circulation, supporting hair growth.

The beautiful feeling after using Pure bio-clear shampoo Australian eucalyptus for acne control may be cleanliness, freshness, and rejuvenation. Regular use may reduce scalp acne and promote a healthy and balanced scalp.

Australian Eucalyptus oil has natural antibacterial and anti-inflammatory properties that make it potentially beneficial for treating acne. Here are some ways that Australian Eucalyptus oil can help with acne:

**Antibacterial properties:** Australian Eucalyptus oil contains compounds that have been shown to have antibacterial properties, which can help to kill the bacteria that can contribute to acne breakouts.

**Anti-inflammatory properties:** Eucalyptus oil can help reduce inflammation in the skin, reducing redness and swelling associated with acne.

**Deep cleansing:** The astringent properties of eucalyptus oil can help to deeply cleanse the skin and remove excess oil, dirt, and impurities that can clog pores and contribute to acne breakouts. Improved skin barrier function:

Eucalyptus oil may help to strengthen the skin's natural barrier function, which can help to prevent further breakouts and protect the skin from environmental stressors.

The antibacterial and anti-inflammatory properties of Australian Eucalyptus oil make it a potentially effective natural remedy for treating acne.

Pure bio-clear shampoo with Australian Eucalyptus treatment is a hair care product designed to cleanse the hair and scalp while promoting healthy growth. Although it is not intended to treat acne, dermatologists have developed many evidence-based formulas proven to reduce acne effectively.

These formulas typically contain ingredients such as salicylic acid, benzoyl peroxide, niacinamide, retinoids, and alpha-hydroxy acids, which have been extensively studied and proven effective in treating acne. Dermatologists use these ingredients in topical treatments, such as cleansers, toners, spot treatments, and moisturizers, to help prevent and treat acne.

Dermatologists also consider the individual's skin type, the severity of acne, and any other underlying skin conditions when developing a personalized treatment plan for their patients. In addition to topical treatments, they may also recommend lifestyle changes, such as a healthy diet, stress management techniques, and regular exercise, to help improve overall skin health and reduce acne.

Although Pure bio-clear shampoo with Australian Eucalyptus treatment is not directly related to acne treatment, it can be used as part of an overall skin and hair care routine recommended by a dermatologist to help improve the overall health of the scalp and hair. The eucalyptus oil in the shampoo may also have some antimicrobial properties that can help prevent scalp infections and promote a healthy scalp environment.

**DIRECTIONS:** Wet your hair thoroughly with warm water. Apply a small amount of shampoo to your scalp and hair. Massage the shampoo into your scalp and hair, working in a lather. Rinse your hair thoroughly with warm water.

**INGREDIENTS:** Water (Aqua), Infusion of Lavandula Officinalis (Organic Lavender) Water and Rosmarinus Officinalis (Organic Rosemary) Water, Equisetum Arvense (Organic Horsetail Plant) Extract, Urtica Dioica (Organic Nettle) Leaf Extract, Salvia Officinalis (Organic Sage), Panax Ginseng (Organic Korean Ginseng) Extract, Calendula Officinalis (Organic Calendula) Extract, Olea Europaea (Organic Olive) Oil, Camellia Oleifera (Organic Camellia) Leaf Extract, Hypericum Perforatum (St. John's Wort) Oil, Laminaria Digitata (Seaweed) Extract, Decyl Polyglucose (Natural Surfactant), Coco Glucoside, Cocamidopropyl Betaine (Surfactant), Xanthan Gum, Vegetable Glycerin, Cannabis Sativa (Organic Hemp) Seed Oil, Panthenol (ProVitamin B5), Hydrolyzed Rice Protein, Sodium PCA, Sodium Lactate, Silk Amino Acids (Arginine, Aspartic Acid, Glycine, Alanine, Serine, Valine, Isoleucine, Proline, Threonine, Histidine, Phenylalanine), Citric Acid, Benzyl Alcohol, Salicylic Acid, Glycerin, Sorbic Acid.

## AMANDA ANDERSON

Edmonton, Alberta, Canada.

*I cannot stress enough what my new routine has had on my complexion. It has truly been a game-changer, giving me the confidence to go makeup-free and embrace my natural beauty. Not only has it effectively cleared my skin, but it has also improved its overall texture and luminosity.*

pure mccoy

# Pure Acne Bio-Clear conditioner Australian tea tree:

Pure bio-clear conditioner Australian tea tree contains natural tea tree oil, which has antibacterial and antifungal properties that may help reduce acne on the scalp and hairline. These properties can help to kill the bacteria and fungi that can contribute to acne breakouts and reduce inflammation in the affected area. After using a conditioner with tea tree oil, some people may experience a soothing and refreshing sensation on their scalp. The conditioner can help to deeply moisturize and nourish the scalp, which can help to reduce dryness and irritation that can contribute to acne breakouts.

In addition to its potential acne-fighting benefits, tea tree oil can promote healthy hair growth and improve the overall health of the scalp. It may help soothe irritation and promote healthy circulation, supporting hair growth.

The beautiful feeling after using Pure bio-clear conditioner Australian tea tree for acne control may be softness, smoothness, and hydration. Regular use may reduce scalp acne and promote a healthy and balanced scalp.

Australian Tea Tree oil has natural antibacterial and anti-inflammatory properties that make it potentially beneficial for treating acne. **Here are some ways that Australian Tea Tree oil can help with acne:**

**Antibacterial properties:** Tea Tree oil contains compounds that have been shown to have antibacterial properties, which can help to kill the bacteria that can contribute to acne breakouts.

**Anti-inflammatory properties:** Tea Tree oil can help reduce inflammation in the skin, reducing redness and swelling associated with acne.

**Deep cleansing:** The astringent properties of Tea Tree oil can help to deeply cleanse the skin and remove excess oil, dirt, and impurities that can clog pores and contribute to acne breakouts.

**Improved skin barrier function:** Tea Tree oil may help to strengthen the skin's natural barrier function, which can help to prevent further breakouts and protect the skin from environmental stressors.

**Mild and non-irritating:** Tea Tree oil is generally considered safe and gentle for most people and is less likely to cause skin irritation than other acne treatments.

Australian Tea Tree oil's antibacterial and anti-inflammatory properties make it a potentially effective natural remedy for acne.

Pure bio-clear conditioner with Australian Tea Tree and Eucalyptus treatment is a hair care product designed to condition and nourish the hair while promoting a healthy scalp. While it is not explicitly designed to treat acne, dermatologists have developed many evidence-based formulas proven to reduce acne effectively.

These formulas often contain salicylic acid, benzoyl peroxide, niacinamide, retinoids, and alpha-hydroxy acids that effectively treat acne. Dermatologists use these ingredients in topical treatments, such as cleansers, toners, spot treatments, and moisturizers, to help prevent and treat acne.

Regarding hair care, dermatologists may recommend a conditioner like Pure Bio-clear with Australian Tea Tree and Australian Eucalyptus treatment as part of an overall hair care routine to help promote a healthy scalp. Tea tree oil is known for its antimicrobial properties and may help to prevent scalp infections, while eucalyptus oil can help to soothe the scalp and reduce inflammation.

In addition to using hair care products like Pure bio-clear conditioner, dermatologists may also recommend lifestyle changes to help reduce acne. These can include a healthy diet, stress management techniques, regular exercise, and avoiding certain hair care products that can contribute to acne breakouts.

Pure bio-clear conditioner with Australian Tea Tree and Eucalyptus treatment may not directly treat acne. It can be used as part of an overall skin and hair care routine recommended by a dermatologist to help improve the overall health of the scalp and hair, which can indirectly benefit the skin.

**DIRECTIONS:** After shampooing, apply a small amount of conditioner to your hair and scalp. Massage the conditioner into your hair and scalp, distributing it evenly. Leave the conditioner on your hair for 2-3 minutes. Rinse your hair thoroughly with warm water. Use the conditioner regularly as part of your hair care routine for best results. It's essential to follow the instructions on the product label and to perform a patch test before using any new hair care products, especially if you have sensitive skin or allergies.

**INGREDIENTS:** Water (Aqua), Panax Ginseng (Organic Korean Ginseng) Extract, Aloe Barbadensis (Organic Aloe Vera) Leaf Juice, Ginkgo Biloba (Organic Ginkgo) Leaf Extract, Salvia Officinalis (Organic Sage) Extract, Urtica Dioica (Organic Nettle) Leaf Extract, Stearyl Alcohol, Cetyl Alcohol, Glyceryl Stearate SE, Polyglyceryl-2 Dipolyhydroxystearate, Cetrimonium Chloride, Simmondsia Chinensis (Jojoba Oil), Cannabis Sativa (Organic Hemp) Seed Oil, Tocopherol (Vitamin E), Panthenol (ProVitamin B5), Hydrolyzed Rice Protein, Benzyl Alcohol, Salicylic Acid, Glycerin, and Sorbic Acid.

# 9 Step Pure Acne Bio-Clear 100% Silk Pillowcase:

Pure Mulibrey Silk pillowcase is a luxurious bedding accessory that has been touted to have skincare benefits. This pillowcase is made from 100% Mulberry silk, a soft and breathable material that is gentle on the skin. The silk fabric is hypoallergenic, non-absorbent, and less likely to irritate, making it an ideal choice for those prone to acne.

One of the ways that the Pure Mulberry Silk pillowcase helps to clear up acne is by reducing friction between the skin and the pillowcase. Unlike traditional cotton pillowcases, silk pillowcases have a smooth surface that creates less friction on the skin. This can help reduce skin irritation and inflammation, worsening acne breakouts. The soft texture of the silk pillowcase can also prevent the formation of acne scars, as it does not cause any further damage to the skin.

Another way that the Pure Mulberry Silk pillowcase also helps to clear up acne is by preventing the buildup of oil and bacteria on the skin. The silk fabric is less absorbent than cotton, meaning it does not trap as much fat and bacteria on the surface of the pillowcase. This can help prevent these impurities from transferring onto the skin, which can lead to acne breakouts. Additionally, the silk fabric's hypoallergenic properties can help reduce the risk of allergic reactions that can trigger acne breakouts.

Pure organic 100% Mulberry silk pillowcases offer numerous hair and skin health benefits. **Here are some of the main benefits:**

**Reduces Friction and Tangling:** Traditional cotton or polyester pillowcases can cause friction and tangling, leading to hair breakage, split ends, and hair loss. On the other hand, silk pillowcases have a smooth and soft texture that allows hair to glide over the surface, reducing friction and preventing tangling. This can help to keep hair looking healthy and shiny and to avoid damage.

**Prevents Wrinkles and Fine Lines:** Sleeping on a silk pillowcase can help to prevent wrinkles and fine lines from forming on the face. The smooth surface of the silk pillowcase doesn't tug or pull on the skin, which can cause premature aging. It also doesn't absorb moisture from the skin, helping to keep it hydrated and plump.

**Hypoallergenic:** Silk is naturally hypoallergenic, making it less likely to cause irritation or allergic reactions than other materials. This makes it an excellent choice for individuals with sensitive skin or allergies.

**Regulates Temperature:** Silk is a natural temperature regulator that keeps you cool in the summer and warm in the winter. This can help prevent overheating or excessive sweating, leading to acne breakouts or other skin issues.

**Absorbs Less Moisture:** Unlike cotton or other materials, silk pillowcases don't drink as much moisture from the skin. This can help to prevent the buildup of oil and bacteria on the skin, reducing the risk of acne breakouts or other skin irritations.

Pure organic 100% Mulberry silk pillowcases offer a range of benefits for hair and skin health. They are gentle, hypoallergenic, and can help to prevent damage, wrinkles, and other skin issues. By

incorporating silk pillowcases into their routine, individuals may notice a significant improvement in the health and appearance of their hair and skin.

Pure Mulibrey Silk pillowcase can be a beneficial addition to a skincare routine for those who struggle with acne. Its soft and gentle surface can reduce skin irritation and inflammation, while its non-absorbent properties can prevent the buildup of oil and bacteria on the skin. By incorporating this pillowcase into their bedtime routine, individuals may notice a reduction in acne breakouts and an overall improvement in their skin's appearance.

Dermatologists highly recommend using a 100% Mulberry Silk pillowcase as it provides numerous benefits to the skin. Silk is a natural protein that contains amino acids, which can help to promote collagen production, a key element in maintaining youthful-looking skin. Silk is also gentle on the skin, reducing friction and pulling on the delicate skin around the face and neck, which can cause wrinkles and fine lines over time. It also helps to prevent acne breakouts and other skin irritations by reducing the growth of bacteria and absorbing less moisture from the skin. Dermatologists also recommend silk pillowcases for people with sensitive skin as they are hypoallergenic and do not contain any harsh chemicals or synthetic fibres that can irritate.

Using a 100% Mulberry Silk pillowcase can also help to retain the skin's moisture levels, preventing dryness and flakiness. Unlike cotton, which can absorb moisture, silk helps regulate the skin's natural oils, preventing excessive dryness or oiliness. This can help reduce the appearance of pores and keep the skin fresh and healthy. Silk is also naturally breathable, allowing air to circulate, preventing overheating and reducing the risk of skin irritation. A 100% Mulberry Silk pillowcase is recommended for your skincare routine, providing numerous benefits for maintaining healthy, youthful-looking skin.

pure mccoy

# Pure Acne Bio-Clear 100% Pure Mulberry Silk eye mask:

Pure Mulberry Silk eye mask is a luxurious accessory known for its many skincare benefits. Made from 100% Mulberry silk, this eye mask is soft, smooth, and gentle on the delicate skin around the eyes. It can benefit individuals who struggle with acne in this area, as it can help reduce inflammation, prevent irritation, and improve overall skin health.

One way the Pure Mulberry Silk eye mask can help clear up acne is by reducing the appearance of under-eye circles and puffiness. These issues can often be exacerbated by acne breakouts, as the skin in this area is sensitive and prone to irritation. By applying a silk eye mask,

individuals can reduce inflammation and promote lymphatic drainage, which can help to reduce the appearance of under-eye circles and puffiness. This can also help to reduce the severity of acne breakouts in this area.

Another way the Pure Mulberry Silk eye mask can also help clear up acne is by promoting healthy skin hydration. The silk fabric is naturally moisture-wicking, which can help regulate the skin's moisture levels. This can prevent the skin from becoming too dry or too oily, which can both contribute to acne breakouts. By promoting healthy skin hydration, the silk eye mask can help prevent the buildup of oil and bacteria on the skin, leading to acne breakouts.

**Pure organic 100% Mulberry** silk eye masks offer several benefits that can help to improve sleep quality, reduce stress and tension around the eyes, and promote healthy skin. **Here are some of the main benefits:**

**Promotes Relaxation:** The smooth and soft texture of the Mulberry silk eye mask feels luxurious and relaxing on the skin, which can help to promote relaxation and reduce stress. This can help to improve sleep quality and relieve tension around the eyes.

**Blocks Out Light:** The Mulberry silk eye mask is designed to block out light, which can help to promote more profound, more restful sleep. By creating a dark environment, the eye mask can also help to regulate the body's production of melatonin, an essential hormone for sleep regulation.

**Reduces Puffiness:** The Mulberry silk eye mask can help to reduce puffiness and dark circles around the eyes. The silk's smooth texture can help reduce friction and prevent the delicate skin around the eyes from becoming irritated or inflamed.

**Hydrates Skin:** The natural properties of silk help to retain moisture, which can help to keep the delicate skin around the eyes hydrated and healthy. This can help prevent fine lines and wrinkles from forming and promote a youthful, radiant appearance.

**Hypoallergenic:** Pure organic 100% Mulberry silk is hypoallergenic, making it an ideal choice for individuals with sensitive skin or allergies. It is less likely to cause irritation or allergic reactions than other materials, which can help to prevent discomfort and inflammation around the eyes.

Pure organic 100% Mulberry silk eye masks offer a range of benefits for promoting relaxation, reducing tension and stress around the eyes, and promoting healthy, youthful-looking skin.

By incorporating a Mulberry silk eye mask into their bedtime routine, individuals may notice an improvement in their sleep quality and overall well-being.

Pure Mulberry Silk eye mask can be a beneficial addition to a skincare routine for individuals who struggle with acne around the eyes. Its soft and gentle surface can reduce inflammation and prevent irritation, while its moisture-wicking properties promote healthy skin hydration. By incorporating this eye mask into their daily routine, individuals may notice a reduction in acne breakouts and an overall improvement in the appearance of their skin.

Using a 100% Mulberry Silk Eye Sleep Mask can be highly beneficial for your skin routine, especially for the delicate skin around the eyes. Silk is a soft and gentle material that does not tug or pull at the skin, reducing the risk of wrinkles and fine lines around the eyes. It also helps to prevent dryness and puffiness around the eyes, as silk is naturally hypoallergenic and contains no synthetic fibres that can irritate. Silk also allows the skin to breathe, reducing the likelihood of skin irritation and redness. Dermatologists recommend using a 100% Mulberry Silk Eye Sleep Mask to promote healthier, more youthful-looking skin around the eyes.

Another benefit of using a 100% Mulberry Silk Eye Sleep Mask is that it can help improve your sleep quality. Silk is a breathable fabric that helps to regulate temperature, keeping you cool in the summer and warm in the winter. This can help you to fall asleep faster and stay asleep longer, promoting better overall health and well-being. Additionally, silk is naturally lightweight and comfortable, making it an ideal choice for those with trouble sleeping. By using a 100% Mulberry Silk Eye Sleep Mask, you can enjoy the benefits of a better quality of sleep and healthier, more youthful-looking skin around the eyes.

## JULIE PETTERSON

Calgary, Alberta, Canada.

*I wholeheartedly recommend Pure McCoy Skin Care if you seek a skincare line that can transform your skin and give you the clear, blemish-free complexion you desire. Suppose you are searching for a skincare line that can revolutionize your skin and grant you the clear, blemish-free face you've always longed for. In that case, I wholeheartedly and without hesitation recommend Pure McCoy Skin Care.*

pure mccoy

Pure McCoy Dermatologists have developed scientific and evidence-based formulas proven to reduce acne effectively. These formulas typically contain a combination of active ingredients that target the underlying causes of acne, such as excess oil production, inflammation, and bacterial overgrowth. One of the most common ingredients in acne-fighting formulas is salicylic acid. This beta-hydroxy acid helps to unclog pores and dissolve the oil and dead skin cells that can contribute to acne. Salicylic acid is also anti-inflammatory and can help to reduce redness and swelling.

Another ingredient often found in dermatologist-proven formulas for reducing acne is benzoyl peroxide. This antibacterial agent works by killing the bacteria that can cause acne and by helping to reduce inflammation. Benzoyl peroxide is also effective at unclogging pores and preventing new breakouts from forming.

Retinoids are another group of ingredients scientifically proven to reduce acne. These derivatives of vitamin A work by increasing cell turnover and preventing the buildup of dead skin cells that can clog pores. Retinoids also have anti-inflammatory properties, which can help to reduce redness and irritation associated with acne. However, retinoids can irritate the skin and should be used with caution under the guidance of a dermatologist.

Our Pure McCoy dermatologist-proven formulas for reducing acne are formulated with carefully selected ingredients that work synergistically to target the root causes of acne. These formulas are backed by scientific evidence and effectively improve the overall health and appearance of the skin, reduce the frequency and severity of breakouts, and prevent new acne from forming. It's essential to consult a dermatologist to determine the best treatment plan for your specific skin concerns and to ensure that you use safe and effective products for your skin type.

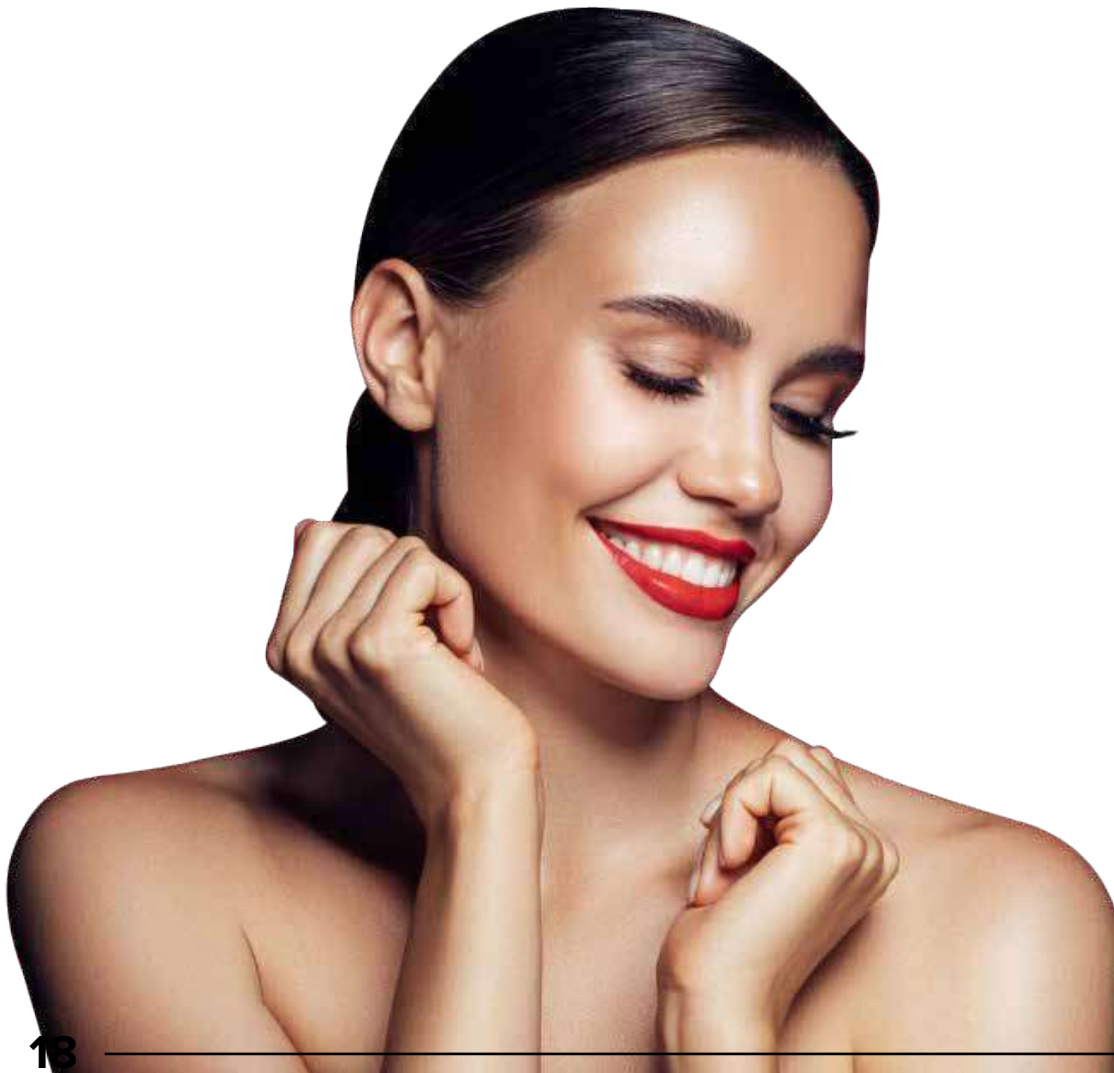

Our dermatologist-tested formulas for preventing acne typically contain a combination of active ingredients that work together to target the underlying causes of acne. Here are some common elements that are often found in acne-prevention formulas:

1. Salicylic acid: This ingredient is a beta-hydroxy acid (BHA) that unclogs pores by dissolving the oil and dead skin cells that can lead to acne.
2. Benzoyl peroxide: This ingredient is an antibacterial agent that kills the bacteria that can cause acne. It also helps to reduce inflammation and unclog pores.
3. Retinoids are vitamin A derivatives that help speed up skin cell turnover, preventing pores from becoming clogged. Retinoids also have anti-inflammatory properties, which can help to reduce acne.
4. Niacinamide: This is a form of vitamin B3 that helps to regulate sebum production and reduce inflammation. It also helps strengthen the skin barrier, making the skin more acne-resistant.
5. Tea tree oil: This natural oil has antibacterial properties that can help to kill the bacteria that can cause acne. It also has anti-inflammatory properties, which can reduce redness and swelling.
6. Azelaic acid: This ingredient is a dicarboxylic acid that unclogs pores and reduces inflammation. It also has antibacterial properties and can help to reduce hyperpigmentation.

When looking for an acne-prevention formula, it's essential to choose products that are non-comedogenic, which means they won't clog your pores. It's also good to consult a dermatologist to determine the best treatment plan for your skin type and concerns.

# Starter Kit

Pure Acne Bio-Clear offers a comprehensive 8-step routine to achieve radiant skin in 10 days. You can try out the sample kit and experience the benefits.
