Workshop Description: Behind every successful studio is a treasure trove of tried-and-true tricks, breakthrough moments, and indispensable resources. This month, we invite you to pull up a chair for "A Few of My Favorite Things," an interactive roundtable discussion designed by teachers, for teachers. Whether it's a game that finally made rhythm click, a favorite method book series, or a piece of studio policy advice that saved your sanity, we want to hear about it! Bring your favorite teaching tips, success stories, and pedagogical wins to share with the group, and prepare to walk away with a fresh notebook full of inspiration from your local colleagues.
