

THE UNIVERSAL BODY OF CHRIST CHURCH OF THE REDEEMED  
*The Flow of Material Prosperity Involves a Constant Act of Giving*

## SOWING IS REAPING/SEEDING IS HARVESTING

*“He which soweth sparingly shall reap also sparingly, etc. Giving is not a sacrifice, but rather a sowing. As the farmer gives his seed to the earth, and then reaps as he has sown, so giving is a sowing.”*

2 CORINTHIANS 9:6

## IT'S CYCLICAL

### WHAT IS THE PURPOSE OF A SEED?

1

A seed's purpose is to reproduce after its kind, ensuring that the species continue to exist.

2

A seed is living. Although seeds are dormant (resting) their cells are still alive and performing typical cellular functions.

3

A seed reproduces after its kind as a multiplier, producing a harvest and more seeds, (*a corn seed produces corn, a watermelon seed produces a watermelon, money produces money*)

4

A seed grows under the appropriate circumstances.

*“Give, and it shall be given to you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye give to others, it shall be measured to you again.”*
