# BED COLLECTIONS

A bed is a piece of furniture which is used as a place to sleep, rest, and relax. Most modern beds consist of a soft, cushioned mattress on a bed frame, the mattress resting either on a solid base, often wood slats, or a sprung base.

# TV STAND COLLECTIONS

These devices heat up during use, and sufficient airflow helps avoid overheating. Your TV stand is also a good place to store movies and games, accessories and even throw blankets and toys.
