BLINDS

Al Jasim Project & Services

Easy & Elegant

INTERNAL SHADES

We design and manufacture every major style of blinds which include Roller Blinds, Venetian Blinds, Wooden Blinds, Venetian Blinds, Vertical Blinds, Roman Blinds, and Zebra Blinds. These are available in both motorised and manual versions.

ROLLER BLINDS

Easy & Elegant
One of the most preferred blinds for both commercial and residential spaces. Our manufacturing process does not involve the use of adhesives or sewing to produce clean and professionally finished blinds.

VENETIAN BLINDS

Custom crafted Venetian Blinds, in a variety of exciting colours, are engineered with durability to give a dependable and longer trouble-free performance. Our raw materials and motors are imported from the USA and Europe.

SMART SOLUTIONS

Unique solutions, blending technology, innovation, quality, and design. Automation and control systems for awnings, blinds, curtains and skylight now with integrated management through smart intuitive interfaces: practical, functional and elegant solutions for the ideal way to live in every space.

VERTICAL BLINDS

They are truly advanced in quality and are available in luxurious fabrics: cotton and polyester, fibreglass and vinyl.

WOOD FLOORING COLLECTION

EUROPEAN MADE COLLECTION

UPGRADE TO THE NEW
GENERATION DESIGN OF FLOORING

Why Wood Floors Is The Best Choice For You?

Wood Floors comes with a warm wooden finish that gives your home a serene, inviting look.

The natural wood design gives the floor a very earthy look. Plus the specially engineered surface protection technology makes the floor sturdy, resistant to scratches, stains and water spills and lends it durability.

Add to this the ease of installation and you've got a winner in your hand. Did you know you also have the option of moving an entire floor from one room to another with the blink of an eye.

SURFACE TEXTURE

Smoothtouch
Velvety impression and an extremely fine texture. Very regular surfaces and elegant lacquer finishes.

Mineral
Lends stone, metal, concrete, as well as wood reproductions its authentic look.

Natural Pore
Like solid wood. Authentic woodgrains or rough sawn presentation can hardly be distinguished from nature.

Deepskin
Very deep, rustic surfaces. The texture is mainly linear.

Omnipore
Reproduces wood textures in an elegantly natural manner and highlights the characteristics of different types of wood.
