"Behold, I build an house to the name of YaHuWaH my God, to dedicate it to him, and to burn before him sweet incense, and for the continual shewbread, and for the burnt offerings, morning and evening, on the sabbaths, and on the new moons, and on the solemn feasts of YaHuWaH our God. This is an ordinance for ever to Israel and the house which I build is great: for great is our God above all gods." II Chronicles 2:4,5 - Solomon 1015 B.C.

"If thou turn away thy foot from the sabbath, from doing thy pleasure on my holy day; and call the sabbath a delight, the holy of YaHuWaH, honourable; and shalt honour him, not doing thine own ways, nor finding thine own pleasure, nor speaking thine own words: Then shalt thou delight thyself in YaHuWaH; and I will cause thee to ride upon the high places of the earth, and feed thee with the heritage of Jacob thy father: for the mouth of YaHuWaH has spoken it." Isaiah 58:13,14 - YaHuWaH, through Isaiah 698 B.C.

"YaHuWaH was an enemy: he hath swallowed up Israel, he hath swallowed up all her palaces: he hath destroyed his strong holds, and hath increased in the daughter of Judah mourning and lamentation. And he hath violently taken away his tabernacle, as if it were a garden: he hath destroyed his places of the assembly: YaHuWaH hath caused the solemn feasts and sabbaths to be forgotten in Zion, and hath despised in the indignation of his anger the king and the priest." Lamentations 2:5,6 - Jeremiah 588 B.C.

"There is a conspiracy of her prophets in the midst thereof, like a roaring lion ravening the prey; they have devoured souls, they have taken the treasure and precious things; they have made her many widows in the midst thereof. Her priests have violated my law, and have profaned mine holy things: they have put no difference between the holy and profane, neither have they showed difference between the unclean and the clean, and have hid their eyes from my sabbaths, and I am profaned among them." Ezekial 22:25,26 593 B.C.

"The thing that has been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun." Ecclesiastes 1:9 - Solomon 977 B.C.

PSALMS 68:4

THE MIGRATIONS OF THE TWELVE TRIBES OF ISRAEL (THE CAUCASIANS)

Though we are supposed to be living in an enlightened world, (and in many ways we are), when it comes to understanding who or where the 12 Tribes of Israel are in the world today, we find only a limited amount of information. Much of it is conjecture. We pray that the following information, along with the Migration Map on the other side, will be helpful in shedding more light and understanding on this most important and timely subject.

We will endeavor to show that the 12 Tribes of Israel in the world today are none other than the peoples which comprise the Anglo-Saxon, Celtic, Germanic, Scandinavian and kindred peoples. Since they are scattered throughout the world, it is difficult to have an accurate estimate of how many Israelites there are living at this time. There are some who estimate that there are between four and five hundred million. The promise which the Lord, our God, made some 3800 years ago to Abraham, Isaac and Isaac's sons (the Sax-sons) as recorded in the book of Genesis, has come to pass. (God reiterated the promise specifically to Jacob, who was given the name "Israel").

The first time that Abraham was told that his progeny would be a blessing to all nations of the world, and would be a great host of people, is found in the 12th chapter of Genesis but, for this study, we will consider Chapter 22 where the Lord appears the second time to Abraham to repeat and confirm what we call today the "Abrahamic Covenant."

Let's consider verses 15 through 18 which state: *"And the angel of the Lord called unto Abraham out of heaven the second time and said, By myself have I sworn, saith the Lord, That in blessing I will bless thee, and in multiplying I will multiply thy seed as the stars of the heaven, and as the sand which is upon the sea shore; and in thy seed shall all the nations of the earth be blessed, because thou hast obeyed my voice."*

It is very evident that for many centuries the peoples which comprise Anglo-Saxondom have not only taken the gospel of Jesus Christ to practically every nation and people in the world, but they have also been a blessing in other ways to the "have-not" nations of the world. It is important to notice that the Lord reminds Abraham that the reason why his seed would be a blessing to the other nations was that they have obeyed God's voice and commandments in these last days. The only nations throughout the world today which have made the Holy Bible their

National Book of faith are the Anglo-Saxon, Germanic, Scandinavian and kindred peoples. The peoples of Japan, China, India, and Africa, etc., have their pagan Gods but, among the peoples of Anglo-Saxondom, you will always find the Bible and worship of Jesus Christ, just as the Bible states that Israel would do.

Most Christians are aware that the Israelites were carried into captivity but many know little about the details. A short synopsis of this story is found in II Kings 18. There we read of this deportation of Israel and, a few years later, most of Judah. In approximately 730 B.C., Shalmaneser (King of Assyria) invaded Israel and we read in verses 11 and 12: *"And the King of Assyria did carry away Israel unto Assyria, and put them in Halah and in Habor by the river of Gozan, and in the cities of the Medes, because they obeyed not the voice of the Lord their God, but transgressed his covenant . . ."*

In verse 13, we read where (seven years later), the Assyrian army came up against the remaining cities of Judah and took them. Only Jerusalem remained under King Hezekiah's control.

Eventually, the city of Jerusalem was also destroyed as the people continued to sin. In the year 596 B.C., or thereabouts, Nebuchadnezzar, King of Babylon, came and besieged Jerusalem, and took the inhabitants (approximately 22,000) into what we call the Babylonian Captivity.

This is a short history in a nutshell, so to speak, of Israel's deportation and subsequent captivity. However, the important thing that we need to remember is that, when the entire population of all 12 Tribes of Israel were taken captive by the armies of Assyria, they were placed in the area of the Caucasus Mountains to the north of their homeland. There they remained for approximately 100 years and became known as Caucasians. The name Caucasian has remained as part of their identity ever since that time. Most people have no idea whatsoever of the connection between the Caucasians and the Israelites of Bible history and prophecy.

In fact, the great majority of the peoples of Anglo-Saxondom today have little, if any, idea as to why they happen to be called "Caucasians". When a person seeks employment, it is not unusual to find the question asked as to whether they are of Caucasian

descent. Most people answer "yes" without thinking of the historic reason for this designation.

Secular history records that the 12 Tribes were never really lost but had just taken on different names. The map on the opposite side shows the different routes taken by the Israelites when they left the area of the Caucasus mountains and migrated over into Europe during the subsequent years. They were not known as "Israelites" during this trek westward, but by the various names as shown on the map. Later, as they settled in various parts of Europe, they took on the names by which we know the countries today. Collectively, we call them the "Western Christian nations". As the movement West continued, we find that a representative number of the 12 Tribes gathered here on this great North American Continent.

The prophets, Isaiah and Micah, prophesied that in the last days a great and mighty nation would arise. It would be a prosperous nation, and be called Jacob (Israel), and this great prosperous nation and its people would honor the Lord Jesus Christ. We are told that many nations would come there to be taught of our God. Today, millions of people from other cultures and races are seeking to migrate to American and Canada to have a share in our material blessings and the freedoms enjoyed here. Many who have already come have learned to know the Lord Jesus Christ as their Saviour.

Micah writes of this thrilling time when we are privileged to live in this great Kingdom nation. In Chapter Four, verses one and two, we read: *"And it shall come to pass . . . that the mountain (Kingdom) of the house of the Lord (the 12 Tribes of Israel . . . or Anglo-Saxondom) shall be established in the top (the head, the chief or the greatest) of the mountains (Kingdoms) and people shall flow into it. And many nations, or peoples, shall come and say, Come, let us go up to the mountain of the Lord, and to the house of Jacob; and he shall teach us of his ways."*

The prophet Hosea also prophesies about the future restoration of Israel, which has now been fulfilled for the most part. We read of this in Hosea 1:10. *"Yet the number of the children of Israel shall be as the sand of the sea, which cannot be measured nor numbered; and it shall come to pass that, in the place where it was said unto them, Ye are not my people, (we are called Gentiles) there it shall be said unto them, Ye are the sons of the living God" (Christians).*

May the Lord help us to realize that the Caucasian Race (the peoples which comprise Anglo-Saxondom) are being judged by Almighty God because we have sinned against Him in not keeping His laws. The prophet Isaiah, speaking to the nations of Israel, states in Chapter 42, verse 24: *"Who gave Jacob for a spoil, and Israel to the robbers? Did not the Lord, He against whom we have sinned? For they would not walk in His ways, neither were they obedient unto His laws".* Isaiah was speaking of our time, and referring to Jacob-Israel's descendants (as we have mentioned . . . the peoples of Anglo-Saxondom). Today, America is being robbed and spoiled, because we have forsaken the laws of our Lord Jesus Christ.

The only answer to America's many problems is for us to turn to the Lord our God, and obey His righteous laws as they relate to society. In II Chronicles 7:14 we read: *"IF MY PEOPLE, WHO ARE CALLED BY MY NAME, SHALL HUMBLE THEMSELVES, AND PRAY, AND SEEK MY FACE, AND TURN FROM THEIR WICKED WAYS, THEN WILL I HEAR FROM HEAVEN, AND WILL FORGIVE THEIR SIN, AND WILL HEAL THEIR LAND".*

May the Lord Jesus Christ help us to awaken to our Divine Destiny and Birthright, so that we may be up and about doing the will of the Lord here upon the earth.

The Scriptural Month

The month, spoken of in scripture, is not the same as the month on our “modern” calendar. Our “modern” calendar is called the Gregorian calendar and is named after the Catholic Pope Gregory XIII. The month in the Bible always has the new moon as the beginning of the month, or day one of that month. With the new moon as day one, that is also a Sabbath day, although a special type of Sabbath, the new moon Sabbath. Then there are six working days, and then another Sabbath. Keeping the ratio of six workdays and then a Sabbath, this makes the 8th day of the month the next Sabbath, or first quarter Sabbath. Then six more days of work brings us to the 15th day of the month, or the full moon Sabbath. Onward in like manner and we get a Sabbath on the 22nd, and the 29th, at which time we must determine if we are in a 29 day month or a 30 day month. Ezekiel 46:1 delineates three types of days in the Hebrew calendar: new moons, Sabbaths, and working days. From this scripture and others (Amos 8:5) we can determine that the new moon is not a working day, and henceforth it falls into the category of a Sabbath. In short, the Biblical month has nothing to do with the Gregorian calendar month. The Biblical month, or the Hebrew month, if you will, always has the new moon as day one of that month. By extension we know that the 15th day of the month is always the full moon. Again, the most important parameter to define the Biblical month is that it always has the new moon as day one of that month.

When is the Sabbath?

Remember the Sabbath day and keep it holy. There are two aspects of this Commandment: 1) What does “keep it holy” mean, and 2) when is the Sabbath? For now let us agree that ‘holy’ means to do no commerce on the Sabbath day, and let us focus on the latter part of the premise- when is the Sabbath day? Tradition tells us Sunday, or others say Saturday, but are these correct? Nowhere in the Bible does the name of our days of the week appear. Nowhere does the Bible say that Sunday, Saturday, or any named day of the week is the Sabbath. Have we been deceived out of keeping Sabbath by not even knowing when it really is? The short way to say it is thusly: The real Sabbath days in the Bible are on the phases of the moon. That’s right- the phases of the moon are the true Sabbath days in scripture. New moon, first quarter, full moon, third quarter, and fourth quarter are the days of rest of YaHuWah’s chosen people, the Hebrews. Also included in this contract (Ezekiel 20:12-20) are the descendants of the Hebrews forever, which includes you. Can you see how we have had the knowledge of the true Sabbath days stolen from us by a false calendar? Daniel 7:25. The main key to determining the true Sabbath days is the following piece of knowledge- the scriptural month has the new moon day as day one of its month every month. With the new moon as the first Sabbath day of every month, and six workdays between each Sabbath day, this yields the formula for Sabbath every month. Days 1, 8, 15, 22, and 29 are Sabbath days. So, do you know when the true Sabbath days are? Every new moon, every first quarter, every full moon, every third quarter, and every fourth quarter are Sabbath days. Days 1, 8, 15, 22, and 29 are the Sabbaths of YaHuWaH every month. Praise YaHuWaH!

First Crescent

Amos 8:5 asks “... when will the new moon be gone, that we may sell corn?” Yasharal knew that they could not do commerce on Sabbath days, so this is a witness to the new moon also being a Sabbath day. The appearance of the 1st crescent indicates that the next day is the new moon day, or the 1st day of the month. Another strong witness to the new moon being the first day of the month is found in 1 Samuel 20:24-27, where it clearly states that the morrow after the new moon is the 2nd day of the month. Watching for the 1st crescent is complicated by the moons nearness to the sun and weather conditions. Look up for your redemption draweth nigh.

Pentacost (Centicost)

The details of the count to Pentacost (Feast of Weeks) begins with correctly identifying the day of the wave sheaf. In Leviticus 23:10, 11 Moses, by the command of YaHuWaH, told Israel to bring a first fruit sheaf to the priest on the day that they left Egypt. We know this to be the 15th day of the first month, because the Passover happened on the 14th day. In verse 11, the priest is to wave the sheaf on the morrow after the Sabbath. Since the 15th is the Sabbath, this wave sheaf day is the 16th day of the first month. This day begins the 7 Sabbaths count of the verse 15. On the morrow after the 7th Sabbath (verse 16), begin numbering 50 days and then have the Feast of Pentacost. Pentacost is not 50 days from Passover, but closer to 100 days after Passover. Pentacost is either always or usually on the New Moon of the 5th month.

First Crescent

To determine the Rash ChaDash (New Moon), or the 1st day of the Hebrew month, one must seek to observe the 1st crescent of the lunar cycle. When the little Sliver - 1st crescent- appears after 2 or 3 dark days of the moon, that indicates that the next day is the Rash ChaDash, or New Moon, or the 1st day of the Hebrew month. The conjunction times are noted in this calendar, and the crescent will be visible at between 26-30 hours after the point of conjunction. It takes that many hours for the sliver to move enough away from the setting sun to be visible. These conjunction times are gleaned from ye olde Farmers Almanac. Once day one of the month is determined, this sets the monthly pattern for the Sabbaths. The 1st, 8th, 15th, 22nd and 29th days of each Hebrew month are Sabbaths.

First Day of The Month

The key to the Hebrew Calendar is determining the first day of the month. This key not only proves the first day of the month, it also destroys the notion of a continuing seven day Sabbath cycle, uninterrupted from creation. This "theology" believes that the spring equinox is the first day of the Hebrew year. There is no scripture anywhere to verify this claim, but there is scripture to prove that the new moon is the first day of the Hebrew Calendar year. I Samuel 20:24-27 clearly states that the morrow after the new moon is the second day of the month (King James Version). The year starts with the month of Abib, and since each month starts with a new moon, the year starts with the new moon of Abib, which is the first new moon after the spring equinox.

*Proverbs 18:10

Who are the Hebrews?

In Genesis 1, YaHuWaH created the Heavens and the Earth, and all that is therein, including man. However, in the 2nd chapter, verse 5, He states that 'there was not a man to til the ground', so YaHuWaH formed Adam out of the dust of the ground. This is different from the creation of men in Genesis 1. Genesis 1 man was created, Genesis 2 man, Adam, was formed. So, Adamic man is the stock wherefrom YaHuWaH chose His people. This seedline goes down through Noah, stays alive in Shem (the father of Semetic peoples) and continues to Eber in Genesis 10:25, and this is where the name Hebrew comes from- the descendants of Eber. So, who are the Hebrews, or more to the point, who are the Hebrews today? Follow the lineage in chapter 11, and it comes to Abraham, Isaac, and Jacob, whose name was changes by YaHuWaH to Israel (Genesis 35:10). So now we know that the Israelites are Hebrews. If we jump ahead to the captivities of Babylon and Assyria circa 743 B.C. it is revealed that most of Israel returned not to the homeland (Ezra, Nehemiah) after the captivity, but instead journeyed north through the Caucasus Mountians into Europe, and by this migration became known as Caucasians. So, who are the Hebrews today? They are almost exclusively represented in the Caucasian race who founded the nations of Europe, and by extension most all of Western Civilization as we know it today. Now the question that no one knows the answer to: when will the Hebrews reclaim their history, their God, and their Sabbath days?

Crescent vs. Astronomical New Moon

In the first century A.D. the day of the New Moon was clearly determined by eyewitness observation. When two witnesses had seen the New Moon in the west (just after sunset), that day -- beginning with that sunset -- would be declared the New Moon day. The New Moon was declared when the new crescent was first seen in the west after the conjunction. The Jewish **Talmud** is very clear on this point.

Unfortunately, many people have been led astray by an inaccurate understanding of the term "New Moon." Modern astronomers adopted this term -- which had *always* referred to the first visible sliver -- and used it to refer to the *conjunction* when the moon passes between the earth and the sun. This is the time when the moon is not visible. The astronomers soon realized that the inaccurate use of the term "New Moon" to refer to the conjunction would lead to confusion. To be more accurate, scientists now distinguish between the "Astronomical New Moon" and the "Crescent New Moon." As used by the astronomers, the "Astronomical New Moon" means the conjunction. In contrast, the "Crescent New Moon" means the first visible sliver. The **Random House Dictionary of the English Language** (Unabridged Edition) defines the New Moon as: "The moon either when in conjunction with the sun or soon after being either invisible [Astronomical New Moon] or [Crescent New Moon] only as a slender crescent."

Here are a number of reasons why we should use the first faint visible crescent rather than the invisible astronomical lunar conjunction:

- 1). The ancient Hebrews had no almanacs or telescopes to figure out when the lunar conjunction would occur -- they had no choice but to use the visible crescent.
- 2). The Hebrew words *yerach* and *lebanah*, translated "moon," are never used to describe the first day of the month. ONLY the Hebrew word *hodesh* is translated "new moon." In **Gesenius' Hebrew/Chaldee Lexicon** we find that the term *hodesh* (#2320) comes from #2318 and means to be new, or TO POLISH WITH A SWORD. In other words, it appears as a SCIMITAR or CURVED SWORD. It definitely is not invisible!
- 3). The historical precedent is VISIBLE crescents. Notice what **Hasting's Dictionary of the Bible** says -- "There was no fixed calendar till the fourth century... and the New Moon was declared from ACTUAL OBSERVATION. The EYE- WITNESSES were carefully examined on the 30th day of each month... if no witnesses were available, then the following day was New Moon" (article, "New Moon," p.522). The **Jewish Encyclopedia** states:
"The Sanhedrin was assembled in the courtyard ("bet ya'azek") of Jerusalem on the 30th of each month from morning to evening, waiting for the reports of those appointed to OBSERVE the new moon" (article "New Moon," p. 243. See also **Mishnah** R.H.i.7, ii. 5-7; **Sanh.** 102). The article **History of the Calendar** says, "The history of the Jewish calendar may be divided into three periods -- the biblical, the talmudic, and the post-talmudic. The first rested purely on the OBSERVATION of the sun and moon, the second on OBSERVATION and reckoning, the third entirely on reckoning."
As the **Encyclopedia Judaica** notes --
"Originally, the New Moon was not fixed by astronomical calculators, but was solemnly proclaimed after witnesses had testified to the REAPPEARANCE of the crescent of the moon. On the 30th of each month, the members of the high court (Sanhedrin) assembled in a courtyard in Jerusalem, named Beit Ya'azek, where they waited to receive the testimony of two reliable WITNESSES; they then sanctified the New Moon. If the Moon's crescent was not seen on the 30th day, the new moon was automatically celebrated on the 31st day" (article, "New Moon," p.1039).

We know that Ezra the priest (Ezra 7:11-12) and Nehemiah both used the Babylonian names for the months of the calendar (Nehemiah 1:1, 2:1, 6:15). Since they had just come from Babylon, it stands to reason that they were actually using the Babylonian Calendar which used VISIBLE crescents -- NOT conjunctions. And YEHOVAH God was with them (Ezra 5:1-2; 7:27-28).

The 13th Month

Because the Sabbaths and feast days of YaHuWaH are fixed according to the lunar cycle, we must now reckon with an apparent discrepancy. The Hebrew months have either 29 or 30 days in them, and twelve of these months add up to 354 days. The solar year- from equinox to equinox is closer to 365 days, so what happens to the difference? On the way to the answer, we must beg another question- when is the first month of the Hebrew calendar, or when does the Hebrew year begin? We know that every month begins with a new moon, so the first month of the year is no different, hence the first day of the Hebrew year is a new moon but which one? In 1 Samuel 1:20, the phrase "time was come" cross-references to the Hebrew word *tequphah* #8622. This is the main clue and a reference to the spring equinox. So, the first month of the Hebrew year is the first new moon after the spring equinox. So again, why a 13th month? Because the lunar year is shorter than the solar year, each succeeding year will start eleven days earlier than the last, and after not too very long, all of YaHuWaH's feasts will be out of season, that is Passover will soon be in February, so to prevent this, and to keep the feasts in their proper seasons, a 13th month is acknowledge about every third year, or more precisely, seven years in nineteen. I say acknowledged because that is all one has to do is properly acknowledge it. No 'adding' of this 13th month is necessary, it just takes care of itself if you account for two facts- one, all Hebrew months begin with a new moon, and two, the Hebrew year begins with the first new moon after the spring equinox. The 13th month is an important element in the Hebrew calendar.

Ezekiel's 13th month

A calendar based on the moon and the sun requires a 13th month approximately every three years. A 13th month is proven from scripture in the inspired book of the prophet Ezekiel. In Ezekiel 1:1-2 we are told that Ezekiel received a vision from YaHuWaH on the fifth day of the fourth month, in the fifth year of King Jehoiachin's captivity. In Ezekiel 2:7, YaHuWaH again speaks unto Ezekiel telling him to warn Israel concerning their treachery against YaHuWaH. Then in Ezekiel 3:15, we find that Ezekiel dwelt by the river Chebar for seven days bringing us to the eleventh day of the fourth month, in the fifth year of King Jehoiachin's captivity.

Now, in Ezekiel 4:1-11 he is given instructions by YaHuWaH to lay on his left side 390 days and when he accomplishes this he is to then lay on his right side 40 days equaling a total of 430 days. The next reference in Ezekiel is found in chapter 8:1 where we see that Ezekiel was sitting in his house in the sixth year (of King Jehoiachin's captivity) on the fifth day of the sixth month. This shows that Ezekiel had finished his instructions given in chapter 4 because he was sitting in his house not lying on either his left or right side. If Ezekiel was using a strictly solar calendar he could not have possibly obeyed YaHuWaH's instructions by the time reference given in Ezekiel 8:1. From the eleventh day of the fourth month, in the fifth year of Jehoiachin (Ezekiel 1:1-2; 2:7; 3:15) to the fifth day of the sixth month in the sixth year of Jehoiachin (Ezekiel 8:1) is only 413 days on a strictly solar calendar, (seventeen days short). If Ezekiel used a strictly solar calendar he disobeyed YaHuWaH. However, had this particular year been one consisting of 13 months (lunar-solar year) Ezekiel obeyed his instructions from YaHuWaH, plain and simple.

Keep in mind that Ezekiel 4:9-10 shows that Ezekiel was told to make enough bread to last him the entire 430 days. I have given the solar only people the best possible scenario available, taking for granted that Ezekiel made all this bread in one day, i.e. the eleventh day of the fourth month. If we factor in the making of twenty shekels of bread (Ezekiel 4:9-10) for each day on his side, this even further destroys the notion of the strictly solar calendar, because the time span would decrease for the solar only people. Furthermore, when you recognize the obvious fact that scriptural months are lunar, and that the new year is determined by the spring equinox it is a necessity that a 13th month be added approximately every third year. If this is not done the festivals will be eleven days shorter every "strictly-solar year" that goes by, placing the festivals out of their seasons. This is exactly what happens with the Muslim calendar, which ignores the 13th month. Their festivals travel throughout all seasons of the year.

There you have it friends, a 13th month located in Scripture. Neither Scripture, nor the math lies. Do the math, read the evidence. When a man or woman is honestly mistaken and hears the truth, they will either quit being mistaken, or they will cease to be honest.

The Psalms & The SHaBaTH's

These Psalms, found in the Original Bible Scriptures, indicating that King DauWD (David) may have written songs specifically for the lunar Sabbaths before the children of Israel went into Babylonian captivity. Other songs bringing to mind the Sabbath days were not attributed to him, so we may not know what time period they may have been written.

Psalm 93: -For the Day before-the-ShaBaTH; when the land had-been-settled;
(we read this psalm every weekly Preparation day.)

Psalm 92: -A-Psalm, a-song for the-Day of-the ShaBaTH.
(we read this psalm every weekly ShaBaTH day.)

Psalm 24: -A-Psalm, a-song for the-sons of-QuaRaCH; for-the Second SHaBaTH.*
*- This evidently was to be sung on the second SHaBaTH of each month.
(We read this Psalm on the third SHaBaTH of the lunar month- full moon phase)

Psalm 38: -A-Psalm of DauWD; for a-call-to remembrance on-the SHaBaTH.
(we read this Psalm on the third Shabath of the lunar month- 3rd quarter phase.)

Psalm 94: -A-Psalm of DauWD for-the fourth SHaBaTH.
(We read this Psalm on the fourth SHaBaTH of the lunar month- last sliver or dark moon.)

These Psalms were transcribed by DauWD Ray from Ancient Greek Septuagint manuscripts, with Ancient Hebrew notes, and are available at:

The Old Path

When the leaves leave the trees
And the sun warms the breeze
Is when Yah does with ease
Anything He would please

Makes the old to be new
He creates Him in you
It is that He will do
If your heart still is true

He spoke into being
The world with the Word
He talks to us daily
Friend have you heard?

Then again in the spring
When the birds take to wing
They all say as they sing
Yahuwah is our King

No more men on the throne
He has let it be known
That our hearts He will own
And all else overthrown

We have Him inside us
It is not our choice
He wants your communion
Do you hear His voice?

The Perils Of Pork

The Food Laws are listed in Leviticus Chpt. 11 and Deuteronomy Chpt. 14 - the clean and the unclean. 'Pork' is expressly forbidden in the scriptures. Why? Let us look into the matter.

First of all, most people, even as adults, tend to act like children when someone or something says that they are not to do something. The adult or child will react and say “Give me a reason, not just because you say so or the Scripture says so.” And also “If you can’t give me a good reason then why should I stop doing what I am doing?”

All right, then, here is some of the “Say So” from the Scriptures, as the **Word** of the Creator **YaHuWaH**., which is a superior “Say So” beyond your parents, brethren or friends.

We will start with the proper transcription from the Septuagint of Leviticus Chapter 11 as follows:

11:7 **And the swine*, because this-one has-divided hooves, and the-hooves are-cloven-hoofed, but-that this-one does-not-bring-up-for chewing-the-cud, this-one is-unclean for-you-all.**

11:8 **You-all-shall-not-eat from their flesh, and you-all-shall-not-touch their carcasses, these-are unclean for-you-all.**

Now let us define “swine” which is noted in the asterisk above:

* - The Greek 5300 ũς meanng swine, this is aka hogs, pigs, sows, wild boar, domestic pig, peccary, truffle hogs, pot bellied pig, miniature pigs, barbirisa (Deer pig), and bush pig. Anything of the Family Suidae, and the Subfamily suinae, and the Genus Sus.

A second major Scripture is basically a reiteration of Leviticus Chapter 11 verses 7 -

8; it is from the proper transcription from the Septuagint of Deuteronomy 14:8 as follows:

14:8 **And the swine*, because this-one has-divided hooves, and the-hooves are-cloven-hoofed, but-that this-one does-not-bring-up-for chewing-the-cud, this-one is-unclean for-you-all; you-all-shall-not-eat from their flesh, and you-all-shall-not-touch their carcasses.”**

Now let us again define “swine” which is noted in the asterisk above:

* - The Greek 5300 ũς meanng swine, this is aka hogs, pigs, sows, wild boar, domestic pig, peccary, truffle hogs, pot bellied pig, miniature pigs, barbirisa (Deer pig), and bush pig. Anything of the Family Suidae, and the Subfamily suinae, and the Genus Sus.

A third major Scripture deals with the most sure fire way to break your end of the BaRiYTH CHaDaSHaH (New Covenant), if so be that you are in BaRiYTH CHaDaSHaH particulars with **YaHuWSHuWăH**, it is in MiYKiY’YaH (Micah) Chapter 7, from the proper transcription from the Septuagint as follows:

7:11 The-Day you-smear-a-hog’s-carcass-on* a-baking-brick; that Day is your blotting-out, and you-shall-have-rejected your observance-of-the THauWRaH in that Day.**

Now let us define “you-smear-a-hog’s-carcass-on”, and “a-baking-brick” which is noted in the asterisks above:

* - The Greek ἀλοιφή meaning anything for smearing. Here specifically from *Liddell and Scott* Page 72, the 19th word, “anything with which one can smear or anoint; especially hog’s lard, grease, either in carcase.” Carcase is the British spelling of carcass.

** - The Greek πλίνθος meaning a brick. Here specifically a brick placed on coals used in the baking or cooking of a hog/pig.

Now let us look at the medical side of ‘The Perils Of Pork,’ as the biological reasons of “Why” not to eat pork.

Firstly, most people are clueless that swine, pig, pork, bacon and ham, and most “Spam,” are all the same thing “Pork.”

Secondly pork meat is full of many parasites that are transmissible to both ADaMkind and humans. The ‘*Taenia solium* (pork tapeworm)’ is the most common and one of the most dangerous. These Tape worms lay eggs in the gut and they proceed throughout the body making cysts in the muscles and organs and more dangerously, cysts in the brain. At some point in time you will get seizures if you have consumed enough pork, it is not a matter of if but when. Because there is no modern pork producing factory that is able to get the eggs and cysts out of the meat, of any of the pork parasites, even though it may say USDA approved!

A short list of other dangerous pork parasites is as follow:

Trichinella spiralis - Also known as the pork worm.

Toxoplasma gondii - This parasitic protozoan.

Leptospira - A bacterial agent that causes leptospirosis.

Yersinia enterocolitica - A pathogen associated with pork that can cause yersiniosis.

Now for the Second “Why,” let us medically look at pork fat. Pork fat is very similar to the kind of fat in ADaMkind and humans. As such the body does not process it rightly as its enantiomers are similar but not easily dealt with by the most common ADaMkind and human fat metabolism pathways. So what the body does with it is simply to lay pork fat aside in unused deposits. This is why pork eaters start to look like pork as “Porkers” because they are, in a sense becoming what they ate, with jowls about the neck and bloated bellies and fatty arms and legs, which is not because of other junk food. Junk food is another topic for another time. With a trained eye, then, when in public, one will be able to tell the pork eaters from the non-pork eaters. This author did have human anatomy class and the embalmed fat of the pork eaters was a crunchy pinkish-orange, whereas the rest of the body fat was still soft and white-ish. This pinkish-orange fat is an example of clogging blood vessels and then, their subsequent calcification, which is how the body walls of foreign materials.

Now for the Third “Why,” let us medically look at pork biologically. Without getting into a boring biochemical lecture, here is the thumbnail version. Once an ADaMkind man or human has eaten pork, then their immune system will be compromised for a minimum of four hours up to an approximate maximum of eight hours. So during this time if you come across someone with a virus, cold or bacterial infection, you have no immunity to it, and so then, you have a very high chance of them giving you their contagion.

The warning to and for ADaMkind to not eat ‘Pork’ and other unclean things is an act of Love (Agape or AHaBaH) by YaHuWaH. ‘Love’ is an action verb in Hebrew and the Father, YaHuWaH does not desire to see His people sickly from parasites. However, many churchianites are told that this part of the “Law” and the rest of the Old Testament is just useless ‘legalism’ and a bunch more do’s and don’ts, for they follow along with the Fake, so called Apostle Paul. The Torah never changed, and neither did YaHuWaH and His ever Living Word, YaHuWSHuWăH; hence, the dietary part of it is the Love shown by YaHuWaH to His people YaSHaRAL (KJV Israel). YaSHaRAL, means and includes, all ADaMkind people who are upright with ALuHiYM, because they are in BaRiYTH CHaDaSHaH particulars with YaHuWaH through YaHuWSHuWăH. And so then, the Torah dietary instructions are perpetual statutes to all of ADaMkind who have become joined to YaSHaRAL through YaHuWSHuWăH. Those keeping the Torah shall live by it, physically and spiritually! Whereas the fake Apostle Paul says it is the law of sin and death – NOT! Most churchianites are totally unaware that if there was no Septuagint that they would have only 34 out of 334 direct verse quotes in the New Testament from the Old Testament Septuagint, but also that there would be no New Testament at all, if not for the Septuagint. So those who have become grafted into YaSHaRAL through the BaRiYTH CHaDaSHaH particulars with YaHuWaH through YaHuWSHuWăH, must needs keep the Commandments, and eternal statutes since they are now part of the true YaSHaRAL. Because YaHuWSHuWăH, as MaLaKiY’TSaDaK (Melchizedek) and KaHaN GaDauWL (High Priest) in the transposition of the KaHaNaH from LauWiY (Levi) to Himself, as He chose and consented (Jonah 2:10 LXX) to fulfill the Sacrifices, and to keep the Sacrifices on the books; which He fulfilled, but not to change any of the Torah. Besides YaHuWSHuWăH, is the One Who wrote the Torah with His-Own finger on the stone tablets, and in Whose Image and Likeness ADaMkind was created in (Genesis 1:26 – 17 LXX). So then as such, He is our nearest Kinsman-Redeemer, to His Kindred of ADaMkind.

All those ADaMkind who are in BaRiYTH CHaDaSHaH particulars with YaHuWaH through YaHuWSHuWăH: they need to understand that they were bought with the highest “Bride-Price” ever, His-Own Blood. So then we are to know and understand that it is not “my body my choice,” but “His body (bride) His choice!” And so then, by extension “His created body (ADaMkind) of Kindred, His Choice!” So-then, by extension, again, in this World the girls and boys belong to the father and it is “his body his choice;” and for the women now in Wedlock, it is also the same with their husband, “his body his choice.” This by extension, yet again, also includes you pregnant women carrying an ADaMkind-man’s child, therefore it is not her child because the women are owned, it is his child; so yet again it is “his body his choice.”

So then, all of you all who are in BaRiYTH CHaDaSHaH particulars with YaHuWaH through YaHuWSHuWăH; are you still so bold or rebellious to still want to eat pork? For now you do know Who owns You, and now, why it is so important now to keep the dietary parts of the Torah, and also now, you know “The Perils Of Pork.”

The Perils of Profane Foods

Catfish: the fish tapeworm - A parasite called *Diphyllbothrium latum*; and also Catfish can also carry other helminth parasites, such as *Orientocercium siluri*, *Crowcrocoecum skrjabini*, and *Bothriocephalus gowkongensis*.

Shrimp: Microphallid trematodes, Can cause harmful infections in people who eat undercooked shrimp. *Hysterothylacium*, type MB, a juvenile nematode that can cause harmful infections in people who eat undercooked shrimp. *Vibrio*, A bacteria that normally lives on shrimp and can cause conditions such as gastritis, cholera, and infections. *Anisakis*, a nematode infection associated with seafood consumption. Symptoms include a tingling sensation in the mouth or throat, vomiting, or the inability to take the worm out of the mouth. **Crabs:** *Paragonimus*, a parasitic lung fluke that causes paragonimiasis, an infection that can affect the lungs, skin, brain, and other organs.

Vibrio cholerae (VC), a bacterium that can infect crabs in fresh and brackish water environments. Symptoms of cholera include severe diarrhea and vomiting, and dehydration.

Lobsters: Nematodes, Larval nematodes can be found in the gills or intestines of lobsters. *Vibrio cholerae* (VC), a bacterium that can infect crabs in fresh and brackish water environments. Symptoms of cholera include severe diarrhea and vomiting, and dehydration.

Norovirus or hepatitis: These viruses can be carried by lobsters if they are exposed to sewage polluted waters. *Salmonella*: This bacteria can contaminate lobsters by food handlers.

Clams and Mussels: carry a virus that can give you Leukemia, as they are a detritus filter. *Giardia* and *Cryptosporidium*, these parasites have been detected in mussels and oysters, and can be removed by the bivalves from contaminated water. *Toxoplasma*, this parasite has been detected in mussels and oysters.

Hepatitis A virus (HAV), this virus can survive in seawater for up to 10 months, and can be transmitted to humans through the consumption of mussels.

Norovirus (NoV), this virus can persist in shellfish tissue for months, and can cause outbreaks of acute gastroenteritis. **Oysters:** carry Hepatitis A, B, C and E, and can give you Hepatitis, as they are a detritus filter. *Vibrio cholerae* (VC), a bacterium that can infect crabs in fresh and brackish water environments. Symptoms of cholera include severe diarrhea and vomiting, and dehydration.

Norovirus (NoV), this virus can persist in shellfish tissue for months, and can cause outbreaks of acute gastroenteritis. *Giardia* and *Cryptosporidium*, these parasites have been detected in mussels and oysters, and can be removed by the bivalves from contaminated water. *MSX*, a disease caused by the single-celled protozoan parasite, *Haplosporidium nelsoni*.

Squid: *Anisakis*, a nematode infection associated with seafood consumption. Symptoms include a tingling sensation in the mouth or throat, vomiting, or the inability to take the worm out of the mouth.

Diphyllbothrium: a tapeworm that can grow to be 15 meters long and live for many years in the host's intestine. **Octopus:** *Anisakis*, a nematode infection associated with seafood consumption. Symptoms include a tingling sensation in the mouth or throat, vomiting, or the inability to take the worm out of the mouth.

Violating the food laws brings a double curse. Adamkind is cursed in his body by ingesting unclean foods, and the rivers are polluted because the natural filters - shrimp, crab, oysters, etc. - have been removed.

JUNE SOLSTICE.

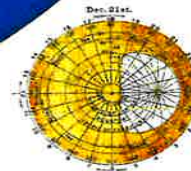

IN the figures June and December, the white represents the Sun's position in his respective months, at Noon. This shows daylight inside the Arctic Circle for 24 hours. From June east, the Sun moves round the Tropic in a spiral circle, widening every day, until it reaches its destiny on the southern or outer Solstice, on December east.

The upper portion of this scale shows the relations that English or Land miles bear to Nautical or Sea miles, sometimes called Geographical. The lower half shows distances and degrees of the Sun, as measured by his line. By having a straightedge across the scale, it shows the relation of all the divisions.

DECEMBER SOLSTICE.

ON December east, the Sun moves round the Tropic of Cancer, and during the day lights up the southern portion of the Earth from the Arctic Circle to some portion of Antarctica. There is no "sunlight" beyond the south, but unknown regions of ice. On the 21st of December, the Sun commences his northward journey again, returning to his starting place, and thus completes his season.

What do the Scriptures Say?

Is the earth a ball spinning through space, or is it on a firm, fixed foundation?

1 Chronicles 16:30

"Fear before him, all the earth: the world also shall be stable, that it be not moved."

Psalms 93:1

"The Lord reigneth, he is clothed with majesty: the Lord is clothed with strength, wherewith he hath girded himself: the world also is stablished, that it cannot be moved."

Psalms 96:10

"Say among the heathen that the Lord reigneth: the world also shall be established that it shall not be moved: he shall judge the people righteously."

Psalms 102:25

"Of old hast thou laid the foundation of the earth: and the heavens are the work of thy hands"

Psalms 104:5

"... who laid the foundations of the earth, that it should not be removed forever."

Isaiah 48:13

"Mine hand also hath laid the foundation of the earth, and my right hand hath spanned the heavens; when I call unto them, they stand up together."

Joshua's Long Day

Joshua 10: 12-13

12 "Then spoke Joshua to YaHuWah in the day when YaHuWah delivered up the Amorites before the children of Yasharal, Sun, stand thou still upon Gibeon; and thou Moon, in the valley of Ajalon. 13 And the sun stood still, and the moon stayed...."

Notice that Joshua did not command the earth to stop moving, but rather that the Sun and Moon should stop.
According to this passage, which is in motion -- the sun or the earth?

The plane of the earth

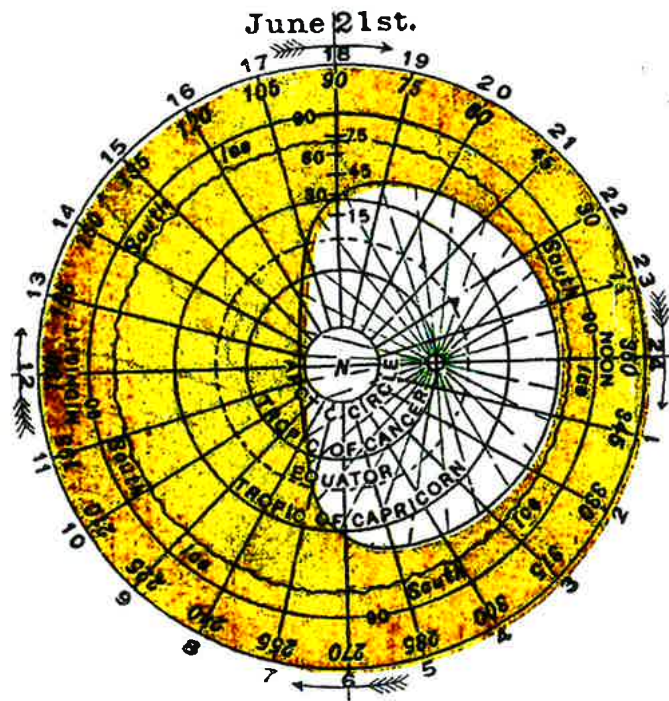

The nature of the creation is possibly described as a record album with a clear bowl over it. The bowl represents the firmament. The center of the record album is the north pole, and the south "pole" is not a pole at all, but the outer edge of the album. The Sun and Moon are under the firmament with the planets and stars above. The

height of the firmament is possibly as low as fifty miles above the surface at the north pole with the sun and moon traveling in their courses as low as thirty five miles above the earth. The sun is near enough to the surface to only illuminate an area approximately 9,000 miles in diameter. If you were to hold a small flashlight near the the surface of the album, this would illuminate that small area of light under the flashlight with it being dark on the other side of the album. The perimeter, where the firmament meets the earth, is a vast region of ice. That is, the "ends of the earth" is a wall of ice. The sun and moon move in circles above the plane of the earth. The sky is moving - the Earth is not

Any observer of the night sky will quickly acknowledge that the sky - the firmament - is moving. All the heavenly bodies are in constant motion except one - the North pole Star Polaris, at the end of the little dipper handle. The Firmament is not moving, but is fixed to the earth beyond the ice wall. The sky above the firmament consists of the stars and planets in water. This is why the sky is blue - Genesis 7:11. The stars are spinning on the axis of the North Star completing it's rotation every 24 hours. Think of the energy and power required to do this. Only the Father YaHuWaH is capable of this, and He should be continually praised for the awesomeness of His creation. Science has become a religion, and the perpetuation of their ideas about the mechanics of the "universe" is blasphemy.

INTRODUCTION

THE DERIVATION OF THE GREAT NAME OF THE FATHER

So to properly derive the Great Name of **YaHuWaH**, I will give you this in the English conjugational equivalents. The reason for this is to not confuse the grammatical issues with all of the esoteric Modern Aramaic/Hebrew rules and terms for conjugation; this serves the Khazarian/Edomites by their confusing the issue with terms that only 'they can understand' in grammar, but also their corrupted version of the Scripture, so as to maintain their Political/Religious control. For they only want to limit your perception of the Scriptures through their Rabbinical interpretive filter.

First you need the masculine singular form of the SHauWRaSH (Modern Hebrew as Shoresh, H8330 Child-root) of H1961 HaYaH (אֶחָד), meaning "to-be" or "to-exist." In the third person singular **masculine** it is YaHiY (יָחַד), meaning "He-exists." Therefore **He** is masculine and not feminine. The next Child root you will need is H1942 which is HuWaH (חָוָה); which the Strong's will incorrectly tell you, that it means 'calamity' or 'destruction:' this was done with the intent of slandering the Name of the **Father, YaHuWaH**. In Ancient Hebrew, and Paleo Hebrew, this means "to-breathe" as the Huwah "ח" inspiration, the uWaH "י" is a Glottal-Stop, and the final Huwah "ה" is expiration. In the Modern Aramaic/Hebrew this would be He-Waw-He. So in the Great Name, HuWaH (חָוָה) is used as an infinitive, meaning "to-breathe."

So let's put these two together; YaHiY + HuWaH = **YaHhuWaH** (יָחַדְחָוָה), with a refractory 'Double-H' sound because one child root ends in a Huwah "ח" and the second child root begins in a Huwah "ח"; and the final YaD "ד" is lost in this contraction of combining child roots to make a compound word in Ancient Hebrew. However this is going to produce a masculine compound word. So we now have "יָחַדְחָוָה", **YaHuWaH** in English, and it means "**He-Who-Exists and-Breathes**." This is exactly what **YaHuWaH** did to ADaM in the Garden, when **He** 'Created' him from nothing. First **He** formed (H3335 YaTSaR 'צָרַף', Gen 2:7) ADaM with **His** own hands from the 'Elements' that **He** had to create from nothing אֶרֶץ (BaRA H1254, Gen 1:27) to "Form" ADaM. But at this stage ADaM exists but is not alive. It is not until **YaHuWaH** gives ADaM **His** personal breath that ADaM is now breathing and alive. Without the RuWaCH QuaDaSH, there is no breath and there is no Water (Gen 1:2 LXX) and there is no Life (Greek 2222 ζοε, Hebrew H2416 חַיִּים). Zoe is always 'Capitalized' in these texts as "Life," because it is a higher form of Life (Greek 2222 ζοε), than that kind of life of all the other created beings (the Greek 2198 ζῶω), from which we get our modern term zoo.

The Modern Aramaic/Hebrew is unable to make this distinction; so again the Septuagint is more accurate. Hence then, without **His** breath there is no "Life," and there would be no **Word** to have made anything of **His** creation. The RuWaCH brought the water (Gen 1:2 (LXX)). The Masoretic text does not say anything, in this verse, except that the RuWaCH 'it-fluttered' or 'it-hovered,' but what did it do?

So ADaM now, is in **His** image and likeness. ADaM now exists and breathes as a kind of **Himself** as a diminutive form of ALuHiYM (Psalm 82:6 - 7, John 10:34 - 36), or in short a spiritual/physical **Kindred**. ADaM is a compound word of AL (אֵל, for ALuHiYM H430) plus DaM (דָּם, H1818 Dam) meaning blood. So ADaM in **His** image and likeness is living **Kindred** in the flesh as "the blood of **AL**." So to put it together again "**He-Who-Exists and-Breathes**" caused ADaM to exist and breathe in the image and likeness of **His Word, ALuHiYM**. See the Septuagint Genesis 1:26 - 27 and 2:7. Hence then, ADaMkind is the diminutive of **ALuHiYM**, as ALuHiYM. For if we were not created as **Kindred**, then in no way could we ever walk the Courts of **YaHuWaH ALuHiYM**.

As for the Great Name, it is **YaHuWaH**. There are no Nikud in either the Ancient Hebrew or Paleo Hebrew. They have been added in the Modern Aramaic/Hebrew (Fake Hebrew). So if ADaM had had no breath and simply existed as a lump of earth, then without breath, there is no Life. Without breath, there are no words, and no **Words** of Life, and so then, without breath there is no point in existing, or existence at all.

INTRODUCTION

THE DERIVATION OF THE GREAT NAME OF THE SON

Now then, the Name of the **Living Word**, of the only begotten **Son** of **YaHuWaH** is **YaHuWSHuWăH**. **YaHuWaH** has already been derived, so we only need to get to the point of the last part of the name of **YaHuWSHuWăH**. The child root of the last part of the Name is **𐤏𐤃𐤕** (H7775, SHuWăH) meaning a cry for help when the '𐤏' shepherd is present to help/succor the sheep. This comes from the child root **𐤏𐤕** (H7773, SHuWă) simply meaning 'to cry out,' but there is no one to hear. So when **YaHuWSHuWăH** refers to **Himself** as the Good Shepherd or Shepherd, **He** is referring to this play on words from these two child roots.

Joshua is the middle form of **YaHuWaH** as 'YaHuW' (H3068) + 'ShuWă' (7773) meaning the crying out to **YaHuWaH** as **YaHuW'SHuWă**; and this name is a foreshadowing of the **One Who** is to come, **YaHuWSHuWăH**. **YaHuW'SHuWă** (Joshua) is missing the final '𐤏' which is a part of the Name of **YaHuWaH**, because the **Father** will not share **His** Name or **His** KaBauWD with any other, nor **His** Name with any other. Also we have Exodus 23:20, "And behold, I-do-send-forth My Angel before your face, that He-may-guard you in the way, that He-may-bring you into the land which I-have-prepared for you.

21 Take-Heed to-yourself, and You-Hearken to-Him, and You-Do-Not-Refuse-Compliance to-Him, for not-in-any-way does-He-draw-back-from you, for My Name is upon Him!

The part about "...My Name is upon Him!" means that the Name of **His Father** is not only upon **Him** but upon **His** Name. So now, the middle form of 'YaHuW' (H3068) + 'SHuWăH' (H7775), this then yields **𐤏𐤃𐤕𐤕𐤕𐤕** (**YaHuWSHuWăH**); hence then, in Ancient Hebrew this means

"He-Who exists and breathes, Whose speech is attached to Him Behold." There are seven Ancient Hebrew letters in this name and each one represents a form of the **Living Water** brought by the breath of the RuWaCH QuaDaSH *(See Genesis 1:2). There are seven Letters representing the branches of the Candlestick (Menorah); Fear and Wisdom, Knowledge and Understanding, Council and Might, and the final and most important one 'Truth,' which is the central branch of the MaNaRaH (modern Hebrew/Aramaic Menorah) through which all other branches must pass. This of course refers to the 'Golden Candlestick' or lampstand which was in the Temple. This is seen in Revelation 1:12, "And I-did-turn-around to see the voice which was-speaking with me. And having turned-around, I-did-perceive seven golden lampstands, 13 And in the-midst of the seven lampstands One-like the-Son of-ADaMkind-man, having-been-clothed to-the-feet, and having-been-girded at the breasts with a-golden belt."

This is also referred to in the Septuagint in Ezekiel 1:13, "And in the-midst of-the living-beings was-the-appearance as-of coals burning-with fire, even-as the-sight of lamps having-been-formed-together-into-an-organized-whole in the-midst of-the living-beings, even-as the-Light of-the-fire; and from-out-of the-fire there-went-forth Lightnings."

So **YaHuWSHuWăH** is all seven forms of the Truth of the living breathed **Word** of **His Father**, **YaHuWaH**, which is breathed out by **His** RuWaCH QuaDaSH.

ANCIENT HEBREW

Ancient Hebrew and Early Paleo Hebrew have 24 letters and not merely 22. For everything in the Scriptures happens in 12's, 24's, or a multiple thereof as in 144; and not in 11's, 22's, or 121's. The Father's system of Earthly government concerning Day and Night, priests, tribes, elders, the Temple tent Layout, and the gates of the city are based on 12's and 24's. The Ancient Hebrew contains the two missing letters, which are the Ghayin "g" and the Tann "T". These two missing letters are not contained in parts of the Paleo-Hebrew and neither of them are contained in Modern Aramiac/Hebrew. However these two letters are seen in the Strong's numbers as follows: H5869 definition 2, and also seen in AHLB

INTRODUCTION

Strong's H5890, defining the "GH" sound and meaning; and also the Strong's number H8566 – 8567, defining the "Tann" as the "Ta" sound as the "T", which is the 'Covenant bow.' Since Strong was in bed with Schofield, both being Khazarian/Edomite Jews, they then perverted many definitions, then here is another classic example, see (See ADDENDUMS 5, 6, and 7)

The Ancient Hebrew started being replaced by Solomon, by rubbing shoulders with Hiram the Phoenician (2 Samuel 5:11, 1 Kings 5:1, 12, 9:27). Tyre is an ancient Phoenician city. During that time the Ancient Hebrew became the stick figure Paleo Hebrew and lost its pictographic nature and a lot of its prior Ancient Hebrew meaning. This was the beginning of the first alphabetic corruptions of the Ancient Hebrew.

Then Ezra, a priest and scribe (Ezra 7:6, 12), was a speedy re-writer (Neh 8:4 - 8) of the older forms of Hebrew into Aramaic because of the Babylonian captivity, so as to make sense to the people. For the people no longer understood Hebrew but only the "Lingua Franca of Babylon," which was Aramaic.

The Quattuordecim (XIV) was a conversion/translation of the Paleo-Hebrew Scriptures, and other older Hebrew manuscripts into Aramaic 'Square letter Hebrew' by 14 men starting circa 458

B.C., until the official unveiling by a public reading on New years day, Nisan 1, 445 B.C. (Neh 8:4 -8). The result was to have-been an almost perfect replica of the Paleo-Hebrew Scriptures into Aramaic/Hebrew, but it was not. There are notable and deliberate exceptions in this text, which is early prima-facia evidence of textual tampering. The seemingly minor anti-Samaritan changes in the text were to counter their claim that Mount Gerizim and not Jerusalem was [ALuHiYM's](#) QuaDaSH mountain. This textual tampering then, along with many more places was known, and Jeremiah spoke of the poison pen of the Scribes, see Jeremiah 8:8. Here are the names of the 14 translators of the Quattuordecim: Ezra, Mattithiah, Shema, Anaiyah, Uriah, Hilkiah, Maaseiah, Pedaiah, Mishael, Malchiah, Hashum, Hashbadana, Zechariah, Meshullam (KJV Neh 8:4). So this became the second generation of alphabetic corruption. These are the KJV pronunciation corruptions of the names, here and elsewhere.

However, the 'Chaldee', 'Phoenician', 'Aramaic' and 'Old Syriac' alphabets are all the same 22 letter alphabet, thanks mainly to the Phoenician traders. So the Hebrews in the Babylonian captivity learned the "Lingua-Franca of Babylon," which was Aramaic, where we get our Modern day Aramaic/Hebrew square letter text of so-called Hebrew. And then also, the post-captivity Hebrews had taken up the usage of the trade language of the Phoenician traders, and because of that they had lost the understanding and usage of the QuaDaSH Language of Ancient Hebrew. This is one of the reasons that Pharisees were astonished over [YaHuWSHuWāH](#) in John 7:5, "Then the Jews were-wondering, saying, "How does this-one know writings, not having-learnt? In order to 'know writings,' one has to be familiar with the letters of the various forms of Hebrew and Aramaic, and in the BaRiYTH CHaDaSHaH (New Testament), the Greek. After all [YaHuWSHuWāH](#) was and is the Living Word, so of course he knew writings.

So to conclude, the Hebrews gave up the QuaDaSH language in favor of a trade language. So then, 'Chaldee,' 'Phoenician,' 'Aramaic,' and 'Old Syriac' are all the same trade language and alphabet, but not Hebrew, especially not Ancient Hebrew. These four languages are based on 11's, 22's, and 121's, this is based off the Kabbalah and its 'SPELLing Magic.'

So then, why would we want to rely on a profane language, which all of our Modern 'Old Testament' Bibles are composed from, and based on, which is the 'Modern Aramaic/Hebrew;'' rather than use the QuaDaSH things that only the "Ancient Hebrew" language can provide? However, the Ancient Hebrew texts have been preserved by their Transcription into the Greek of the Septuagint; which can be cross-referenced back to the Ancient Hebrew. And also, it is especially important to know such things as the Great Name of [YaHuWaH](#), and [His](#) only begotten [Son](#), [YaHuWSHuWāH](#)!

Rejected Knowledge

The following are some items of knowledge that are rejected by many of YaHuWaH's people.

1. The true identity of Israel- The caucasians are the true descendents of Israel- i.e. Adamkind
2. The true Sabbaths are determined by the phases of the moon.
3. The clean and the unclean foods- Leviticus Chpt. 11 and Deuteronomy Chpt. 14 - No pork or catfish.
4. The true nature of the creation - the earth is flat, not a globe.
5. The big one-the true name of the Father YaHuWaH.

Hosea 4:6

King James Version

“My people are destroyed for lack of knowledge: because thou has rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.”

HauWSHä'YaH *(Hosea) 4:6

Because you did-reject recognition* of-Me, I-also shall-reject
you, to-not being-a KaHaN to-Me. And you-did-forget-the-

In YAHUWAH We Trust (recite daily)

91:1a A-song of-praise of DauWD.
1b The-one dwelling in the-Help-of* the-Most-High, shall-lodge** under the-Covering of-the **ALuHiYM** of-the Heaven.
2 He-shall-say to-**YaHuWaH**, You are my **Protector**, and my Refuge; my **ALuHiYM**, and I-shall-expect upon **Him**. 3 Because **He**-shall-rescue me from-out-of the-snare of-huntsman, and from troublous words.
4 With the-broad-of-**His**-back **He**-shall-overshadow you, and under **His** wings you-shall-expect. **He**-shall-encircle you with **His** Truth as-a-shield.
5 You-shall-not-be-afraid from the-nocturnal fearful-thing; nor-from the-missile* flying *by*-Day.
6 Nor-from the-deeds going-through in the-Darkness; nor-from a-chance-event; and the-demon* at-midDay.
7 A-thousand shall-fall away-from your side, and a-myrriad* away-from your right-hand; but it-shall-not-come-near unto you.
8 Only with your eyes shall-you-observe, and you-shall-see the-recompense of-those-given-over-to-sinne.
9 Because **You**, **YaHuWaH**, are my **Expectation**; because-I-have-set You, the-Most-High, as-a-refuge.
10 Evil shall-not-approach unto you, and no scourge* shall-come-near in your tent,

“Repent ye, and believe the gospel”

Repent of what? Repent of believing lies. **I am** the way, the truth, and the life, and no man comes to the **Father** but through **Me**. The truth about what? The truth about everything. II Thessalonians 2:10-12.
And believing the gospel? Do we have an accurate scripture to believe? The transcriptions of the Septuagint Greek are the closest renderings of the original languages and meanings that are available. May **YaHuWaH** and **His** true scriptures be embraced by all of Adamkind.

11 Because **He**-does-command **His** angels concerning you, to-watch-you-closely in all of your ways.
12 They-shall-lift-you-up upon *their*-hands, lest-at-anytime you-may-dash your foot against a-stone.
13 You-shall-tread upon the-asp and the-king-cobra*, and you-shall-trample-underfoot the-young-lion and the Dragon.

14 “**I**-shall-rescue him because he-did-expect upon Me;
I-shall-protect him because he-did-know **My** Name.
15 **He**-shall-call-out unto **Me**, and **I**-shall-hearken to-him; **I-Am** with him in affliction; **I**-shall-rescue him and make-him-KaBauWD.
16 **I**-shall-satisfy him with-length of Days, and **I**-shall-show him My **Deliverer***.”

91st Brigade

WW1 soldiers of the 91st Brigade agreed to recite the 91st Psalm--the ‘Soldier’s Psalm’-- daily.

The 91st Brigade was engaged in three of the bloodiest battles of WW1; Chateau Thierry, Belle Wood, and the Argonne.

While other units similarly engaged had up to 90% casualties; the 91st BRIGADE DID NOT SUFFER A SINGLE COMBAT RELATED CASUALTY!

Covenant Particulars

Are you in Covenant with YaHuWaH? The promises and protections outlined in Psalm 91 are not automatically for everyone. King David was in covenant, so these declarations were in effect for him. So, how does one become 'in covenant' with YaHuWaH? Here are the main particulars:

- 1) Only Adam kind can attain a covenant relationship with YaHuWaH. Deuteronomy 7:6
- 2) Circumcision is required, and most in our day achieved this at birth. Ezekiel 44: 7-9
- 3) Baptized - Immersed in the true names of the Father and the Son - YaHuWaH and YaHuWSHuWaH.
- 4) Sabbath and Feast keeping - no commerce on the true sabbath days. Ezekiel 20: 12-20
- 5) A heart that is right with YaHuWaH. Ezekiel 36:26

In conclusion; being ADaMKind is not our choice for it is the Sovereign decision of [YaHuWaH](#), and [His](#) great BrRaKaH (blessing) to any of us ADaMKind that we were even born as ADaMKind.

However, Circumcision, Baptism, Sabbath-Keeping, and knowing where and in what realm one lives in, are choices made by ADaMKind. If an ADaMKind one had made right choices and is walking rightly before [YaHuWaH](#), then his requital is a BaRaKah. If an ADaMKind-one had made wrong choices and is not walking rightly before [YaHuWaH](#), then his requital is a correction or punishment. For all ADaMKind has a proper form for function, decorum, and protocol before [YaHuWaH](#). We were given a sovereign will to make choices for or against [Him](#) and [His](#) Ways, but the consequences of our choices are made by [YaHuWaH](#). Each ADaMKind-one is to work out their own Deliverance with fear before [YaHuWaH](#), and will to maintain a right and upright heart before [Him](#); known between [Him](#) and [His](#) seedline progeny. In this whirlwind of information, in which we live in today, it is difficult to know where and how to apply one's self. The attaining of Covenant Particulars with the [Father YaHuWaH](#) is the path to individual and national Redemption: for in this we get [His](#) protection, and attention to and answer to our prayers, and also for us to be made KaBauWD! And last, but not least, for us to do the proper form for function, decorum, and protocol before [YaHuWaH](#), that we should be well-pleasing in [His](#) Sight, even as a satisfying living Sacrifice before [Him](#)!
